### Striping, Pavement Markings, and Signage Maintenance

#### **CAPTION:**

Motion authorizing execution of a two-year service agreement with the option to extend two, one-year periods with Highway Barricades and Services, LLC of Corpus Christi, in the amount of \$1,500,000 with a potential amount of \$4,500,000 for striping, pavement markings, and signage maintenance for the Public Works Department, with FY 2025 funding of \$700,000 from the Street Maintenance Fund.

#### **SUMMARY:**

The purpose of this motion is to authorize a two-year service agreement with the option to extend two, one-year periods with Highway Barricades and Services, in the amount of \$1,500,000 with a potential amount of \$4,500,000 for striping, pavement marking, and signage maintenance for the Public Works Department.

#### **BACKGROUND AND FINDINGS:**

The Public Works Department is responsible for maintenance of striping, thermoplastic symbols and markings, and signage which are used to notify road users of regulations, provide warning and guidance of traffic operations. Typically, the reflectivity of striping and thermoplastic pavement markings last between 3-5 years and up to 7 years for signage. Factors such as weather, traffic patterns and construction activity can shorten the expected life expectancy. Initial work is summarized in Exhibit A and is prioritized to address striping and pavement markings on arterials and collectors where the reflectivity or striping has degraded.

### **PROCUREMENT DETAIL:**

The Finance and Procurement Department conducted a competitive Request for Bid process to obtain bids for a contract. One responsive, responsible bid was received from Highway Barricades and Services, LLC.

This company has previously completed projects in the Corpus Christi area as a contractor or subcontractor on various TxDOT and City projects. They are also highly utilized for installing traffic control services for special events held in the city. Highway Barricades and Services, LLC has crews dedicated to the Corpus Christi area and can mobilize and respond to barricading service requests on an as-needed basis, 24 hours a day, 365 days a year, including holidays and emergencies.

### **ALTERNATIVES:**

Without a service agreement the Public Works Department would not be able to suffice the demand city-wide of maintaining the striping, pavement markings, and signage city-wide.

### **FISCAL IMPACT:**

The fiscal impact to FY2025 is \$700,000, with funding available in the Streets Fund.

### **FUNDING DETAIL:**

Fund:	1041 Streets
Organization/Activity:	12320 Signs & Markings
Mission Element:	33 Streets
Project #:	None
Account:	530215 Maintenance & Repair-contracted

### **RECOMMENDATION:**

Staff recommends approval of this motion as presented.
