Background:

The subject property is a 4.37-acre undeveloped property within the Westside Area Development, located along the west side of Greenwood Drive, an “A1” Minor Arterial Road, and north of a drainage way. Its surroundings are characterized primarily by medium-density residential developments. A third of the property lies within a FEMA floodway.

To the north properties are zoned “RS-4.5” Single-Family 4.5 District and “RS-6” Single-Family 6 District with medium-density residential land uses. To the south, properties are zoned “RS-4.5” Single-Family 4.5 District, “RM-1” Multifamily District, and “CN-1” Neighborhood Commercial District. Land uses range to Agricultural and Medium-Density Residential. To the east, properties are zoned “CN-1” Neighborhood Commercial with Medium- and High-Density Residential uses. To the west, properties are zoned “RS-4.5” Single-Family 4.5 District with Medium-Density Residential land uses and vacant land.

The applicant is requesting a change of zoning to allow for the development of a storage yard, which will include two 10,000-square-foot pre-engineered metal buildings for equipment, tools, construction materials, and limited office space, along with designated outdoor storage areas for stockpiling, and a fuel tank. Refer to attached site plan.

The “IL” Light Industrial District is intended primarily for light manufacturing, fabricating, warehousing, and wholesale distributing, and permits certain public/civic uses and commercial uses, such as retail sales and service, restaurants, vehicle and equipment maintenance, medical facilities, social service uses, government facility uses, self-service storage uses, and major/minor utility uses.

Plan CC (City of Corpus Christi Comprehensive Plan) Consistency:

The proposed rezoning is inconsistent with the following Elements, Goals and Strategies for Decision Makers:

- Christi development patterns support efficient and cost-effective use of resources and a high quality of life.
 - Encourage the protection and enhancement of residential neighborhoods.
 - Encourage orderly growth of new residential, commercial, and industrial areas.
 - Promote a balanced mix of land uses to accommodate continuous growth and promote the proper location of land uses based on compatibility, locational needs, and characteristics of each use.
- Corpus Christi has well-designed neighborhoods and environments.
 - Encourage residential infill development on vacant lots within or adjacent to existing neighborhoods.

Westside ADP (Area Development Plan) and FLUM (Future Land Use Map) Consistency:

The proposed rezoning is inconsistent with the Area ADP and the FLUM designation of Medium-Density Residential.

Staff Analysis:

Staff reviewed the subject property's background information and the applicant's purpose for the rezoning request and conducted research into the property's land development history to include platting, zoning, existing surrounding land uses, and potential code violations. Staff compared the proposed zoning's consistency with the applicable elements of the comprehensive plan. As a result of the above analysis, staff notes the following:

- The proposed rezoning is inconsistent with the City of Corpus Christi Comprehensive Plan and future land use designation of medium-density residential.
- Staff considered the inconsistencies with the guiding documents, the combined effect of floodway prohibitions, elevation requirements, compensatory storage needs, and stormwater management obligations, due to the location of the property within both the regulatory floodway and FEMA Flood Zone AE and has recommended a special permit with conditions that address the operational characteristics of a warehouse with outdoor storage.
 - Those constraints increase the complexity of developing the property with uses permitted in the current zoning district, substantially affecting the feasibility of developing the site.

Staff Recommendation:

After evaluation of case materials provided and subsequent staff analysis including land development, surrounding uses and zoning, transportation and circulation, utilities, Comprehensive Plan consistency, and considering public input, staff recommends denial of the change of zoning from the "RS-6" Single-Family 6 District to the "IL" Light Industrial District, and, in lieu thereof, approval to the "CN-1/SP" Neighborhood Commercial District with a special Permit subject to the following conditions:

1. USE: The only use authorized by this Special Permit other than uses permitted in the base zoning district is a Warehouse and Freight Movement use, particularly a storage warehouse including office space, with aggregate storage per UDC (Unified Development Code) Section 5.3.2.I Stockpiling of Sand, Gravel, or Other Aggregate Materials, and a 2,000 gallon above ground fuel tank.

2. DEVELOPMENT STANDARDS: Development standards shall be per the attached site plan.

3. PARKING: Parking shall be per § 7.2 Off-Street Parking, Loading and Stacking of the UDC.

4. LANDSCAPING: Landscaping shall be per § 7.3 Landscaping of the UDC.

5. DUMPSTER: Refuse containers must be provided in a place accessible to collection vehicles and must be screened from street rights-of-way and views from adjacent residential properties. Screening must be composed of a solid or opaque material that matches or complements the building material. No dumpsters or refuse receptacles shall be located within 20 feet of any property line shared with a residential use.

6. BUFFER YARD: A type D buffer yard consisting of at least 20 feet and 20 points shall be installed, maintained, and remain in place along the property boundaries with residential districts or uses are adjacent.

7. LIGHTING: All lighting must be shielded and directed away from abutting residences and nearby streets. Cut-off shields are required for all lighting. No light projection is permitted beyond the property line.

9. SIGNAGE: One freestanding sign shall be allowed. The freestanding sign must be a monument sign, which shall not exceed 8 feet in height and 32 square feet in area.

10. NOISE: Noise regulations shall be subject to Section 31-3 of the Municipal Code.

11. HOURS OF OPERATION: Hours of operation shall be limited to 07:00 AM to 07:00 PM.

12. TIME LIMIT: Per the UDC, this Special Permit shall be deemed to have expired within 12

months of this ordinance unless a complete building permit application has been submitted, and the Special Permit shall expire if the allowed use is discontinued for more than six consecutive months.

13. OTHER REQUIREMENTS: The conditions of the special permit do not preclude compliance with other applicable UDC, Building, and Fire Code requirements.
