Why are you interested in serving on a City board, commission or committee?

I feel that I can make a difference in serving on the library committee. I have worked in many library settings and departments. I have worked in two different public libraries. Both libraries were in CT: one was for the town of Rocky Hill Public Library and the other was for the City of Manchester that had two libraries. I have many years of knowledge learned in the classroom and on the job. I continue to gain knowledge from colleagues, by reading professional journals, attending TLA (Texas Library Association) meetings and webinars, and attending League of Women Voters' events. I watch many different webinars to understand trends, technology, and issues.

I hold a Bachelor's Degree in Biochemistry with a minor in Biology and Women's studies and a Certificate in the History and Philosophy of Science. I sit on the boards of all 3 PTAs of the schools that my children attend as well as the Communities in Schools Board, the Women's and Men's Health Services Board and the Nueces County Medical Society Alliance.

If you applied for multiple boards, which boards are you most interested in serving on, in order of preference? (Limit to top three)

NA

Why are you interested in serving on a City board, commission or committee?

As an avid reader and mother of 5 young readers I frequent the library on a regular basis. The library provides so many amazing things in our community and I would like to help sustain and grow its influence and utility in our community especially as we are thrust more and more into a digital age. I believe my unique perspective having used libraries around the globe will be beneficial to the Corpus Christi Library Board.

Why are you interested in serving on a City board, commission or committee?

As a mother of six children, I understand the importance of educating the youth in our local community that we call home. If I am approved to be a member of our library board, I will advocate for policies that support all libraries in our community equally because all members of our community deserve the fulfillment and knowledge from literature and learning. I will support the implementation of new policies that encourage greater community and youth interest; while also showcasing expanded library resources. I believe greater emphasis could be placed to expand our youth's learning during the summer months when students are out of school. I believe our community and their children deserve a safe learning environment where they can continue their education while also maintaining an exciting and fun environment.

Rebecca L. Huerta
City Secretary
Corpus Christi, Texas

Re: Library Board
Advisory to the City Council
Corpus Christi, Texas

Hello Ms. Huerta ~

Thank you for the opportunity and your consideration to serve on the Library Board for advisory to the City Council.

I grew up without a TV. It was very embarrassing at the time. However, little did I know my thirst for reading, at a very young age, carved my life of creativity while traveling the world. (To this day, the very sound of a TV bothers me, and rightly so.)

I am retired from work, but not life. I currently write veteran's stories to preserve their family legacy. It is deeply rewarding to highlight the noblest human qualities, and help others appreciate the hard work and ingenuity that nurtured them. There is also so much to learn from the perseverance of those who were unjustly treated. Most of all, we can contemplate the unimaginable bravery and sacrifice of everyday Americans, war veteran or not.

Schools and libraries are places that inspire us and see life from other viewpoints. They also preserve worldwide places of historical and cultural significance. It is my desire to make room for more books about important people who were previously discounted because of their race, religion, gender or sexual orientation.

Reflecting on the past honestly, can lead to healing and connection. I am inspired to offer more complete stories that carefully preserve our past and enlighten us, so that we can build a better future together.

Sincerely,

Martha de Simon

Why are you interested in serving on a City board, commission or committee?

I have been a life long user/supporter of libraries. No matter where I lived, I have had and used a library card since I was five years old. I was active in the Friends of the Library in Cedar Hill, Texas during the years I lived there (2008-2015). Now that I am retired, I feel I should give back to the library to repay the many years of library enjoyment.

Masters degree in Elementary Education, Special Education, and bachelors in Music. Professional Certification in Administration. I have twelve years as a teacher and 24 years as a school Principal.

Why are you interested in serving on a City board, commission or committee?

I am retired and interested in helping the citizens of Corpus. The Library Board would be a good fit for me because I have taught younger children to read and reviewed books for children. Also, as Principal of a campus I have sat on numerous library committees on different campuses to help choose age-appropriate library books for school libraries.

Education, Professional and/or Community Activity (Present)

Degrees: B.A. in Mathematics and Psychology from Baylor University; M.B.A. from TAMUCC; Ed.D. from Texas Tech University I served as an administrator at Del Mar College for 33 years, and I was an AVP at Northern Kentucky University for six years. I retired from higher education administration in 2017. I am a member of the American Association of University Women (AAUW) and have been involved in the organization's community service activities. I assist with quarterly book sales at Neyland Library to raise funds for college scholarships and to provide donations to the Library. I have participated in community outreach activities at the YWCA that promote self-esteem and respect for disadvantaged pre-teen girls. I have created a website for the AAUW Corpus Christi Branch which helps increase the visibility of the organization and demonstrates to the local community the mission and purpose of the organization. In 2021, I assisted AAUW in establishing an endowed scholarship at TAMUCC with \$12,000 and a second endowed scholarship at Del Mar College with \$10,000. I am a member of the League for Women Voters, and I served on the committee that developed the display at the Nueces County Courthouse celebrating the 100th anniversary of women's right to vote in 2020. Lastly, I am a member of the Nueces County Genealogical Society which meets at La Retama Library.

Why are you interested in serving on a City board, commission or committee?

I am a strong supporter of education, having worked 40 years in higher education. Increased levels of literacy and education in our community will create a better educated workforce, which will lead to improved economic development for our region. Libraries are the backbone of a good educational system. All education levels, pre-k through graduate education, need the support of strong, community-based libraries, like the Corpus Christi Public Library. From special programs offered at the library that inspire young children to enjoy reading to the advanced resources needed by college students to complete their studies, the library serves a vital function for our community. As a frequent patron of the Corpus Christi Public Library, I am interested in helping to promote the Library's mission for all of our citizens, and I have the energy and skills to serve the board well.

Education, Professional and/or Community Activity (Present)

I graduated in 1988 from the University of Texas at Austin with a B.S in elementary education and a minor in special education. I have worked as a teacher for 7 years in various settings (including public and private schools) before getting married and starting a family. I have also volunteered in churches, and most recently, as a helper at a resale shop. I have also taken non-credit classes at Del Mar with my daughter.

If you applied for multiple boards, which boards are you most interested in serving on, in order of preference? (Limit to top three)

1. Library Board 2. Commission on Children and Youth

Why are you interested in serving on a City board, commission or committee?

I would like to offer this city ideas about enriching things that can be implemented for youth.

Why are you interested in serving on a City board, commission or committee?

I love Corpus Christi and I love public libraries. I have been an avid consumer of books since I learned how to read. Literacy is one of the most valuable skill sets that a child and any person can possess. Additionally, access to an abundant variety of free literature is crucial to maintaining a productive and thriving society. Thus, I would be honored to help continue and better the City's of Corpus Christi's Library operations and programs.

City Code Requirement - Residency

As a board, commission, or committee member, you will be asked to adhere to City Code of Ordinances, Section 2-65, which states that all members of City boards and commissions, including ad hoc committees, appointed by the City, must be residents of the city. A move outside the city limits of the city by any member shall constitute automatic resignation from the particular board or commission on which such member served.

I Agree

City Code Requirement - Attendance

As a board, commission, or committee member, you will be asked to adhere to City Code of Ordinances, Section 2-61, which provides that absences from more than 25% of regularly scheduled meetings during a term year on the part of any board, commission, or committee member shall result in an automatic termination. An absence shall be deemed unexcused unless excused by the board, commission or committee for good cause no later than its next meeting after the absence.

To Whom It May Concern:

I am writing to you because I would like to be considered for a nomination to the board of the Corpus Christi Public Library. I am a driven programming and communications professional, and I am building a career around my creativity and problem-solving. I'm also a faithful patron known to leave the library with books stacked up to my chin.

I believe in our libraries. Sometime in 2018, I attended a city council meeting in which someone stood up to comment that they thought we were wasting money on the library system-- it had been replaced by the internet. I hadn't planned to speak, but I had to hop up to the mic and say that I adamantly disagreed. I shared that libraries offer not only all types of books, but also other forms of media, internet access, research help, children's programming, and now, many creative community resources. But maybe most importantly, libraries offer a safe and comfortable place to be, without charge and without bias. They are a powerful force for good in our communities, and it would be an honor to be part of their work.

Looking forward,

Ellison Rhea
