

Commodores Bridge Approval

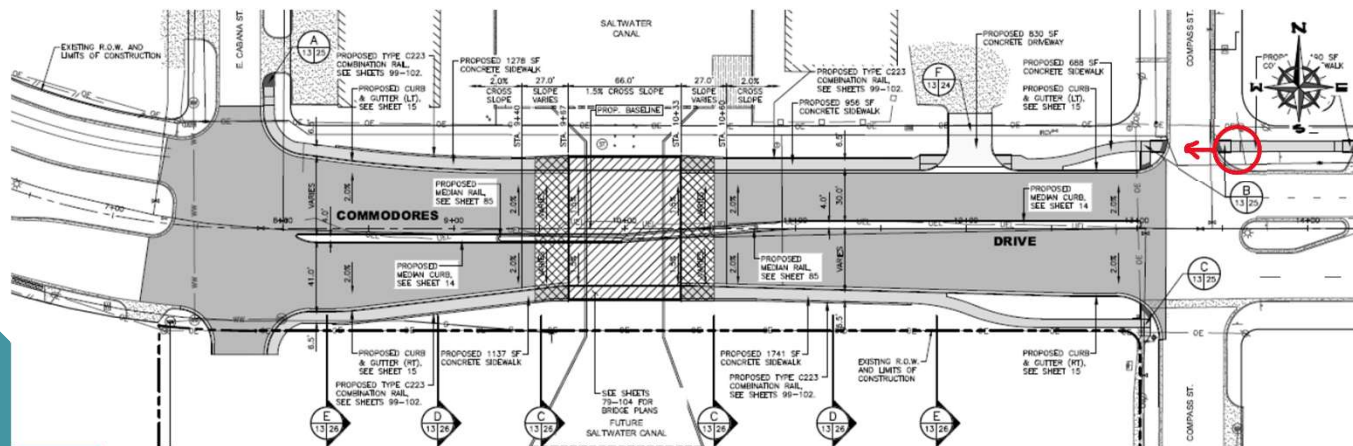

Background

- Not a City initiated project, but reviewed by DSD for TxDot and City Infrastructure Design Manual standards
- With no designated ADA route, one was created for the project limits making it now a compliant ADA route between Cabana and Compass along Commodores Drive
- Bridge and improvements are part of the Whitecap Preserve Development
- Designed and Constructed by Developer Team
- Includes Bridge, sidewalks, and water exchange navigable canal
- Currently under construction
