CAPTION:

Motion approving the Eighth Amendment to the TIRZ #3 Project & Financing Plan to add a reimbursement program for Technology, Innovation and Entrepreneurial Ecosystem Development.

PURPOSE:

The purpose of this item is to approve an amendment to the Project & Financing Plan for Tax Increment Reinvestment Zone #3.

BACKGROUND AND FINDINGS:

In 2008, the City of Corpus Christi created Tax Increment Reinvestment Zone #3 in the City's Downtown, adopting a draft Project & Financing Plan (Project Plan). The Project Plan is required by the State, must include all activities of a Tax Increment Reinvestment Zone and must be adopted by the municipality by ordinance.

In 2015, the TIRZ #3 Board and City Council approved an Amended Project Plan, which created programs and initiatives to facilitated type of development needed in the downtown. In 2016, a Second Amendment was made to expanded programming and services from the Downtown Management District; refined Incentive Programs; and enabled funds to be expended for public, cultural and/or historic properties within the Zone and extended Del Mar College's Participation. Five additional amendments have been made to broaden the scope of programs and initiatives.

This Eighth amendment adds the following to support technology, innovation and entrepreneurial ecosystem development in order to advance economic growth.

“Technology, Innovation, and Startup Ecosystem Development – TIRZ #3 contains over 3,000,000 square feet of office space that has maintained a high level of vacancy since the late 1980's. TIRZ #3 will support the development of an ecosystem where technology, innovation, startups, and entrepreneurs may launch new enterprises and contribute to the economic development of the downtown area. Specific projects may include Wi-Fi expansion, a co-working space, business incubation, and other ecosystem development tools, in partnership with the

DMD, CCREDC, Texas A&M University Corpus Christi, Del Mar College, and other innovation-oriented institutions.”
