#### **BACKGROUND AND FINDINGS:**

Per City Council Discussion on December 11, 2012, the following amendment is proposed:

Sec. 57-88. - Age of vehicle.

The certificate holder shall not allow a vehicle in his or her taxicab service to be more than six (6) years old at the time it is placed into service, nor more than ten (10) years old while it is maintained for service. The age of the vehicle shall be calculated from January 1 of the model year of the vehicle.

No vehicles which are more than ten (10) years old, as calculated above, may be used as taxicab vehicle.

Exception: No vehicles modified with specialized access equipment to service persons with disabilities which are more than fifteen (15) years old, as calculated above, may be used as taxicab vehicle. Vehicles modified with specialized access equipment to service persons with disabilities which are more than ten (10) years old must pass an annual physical and mechanical inspection at a location to be designated by the Taxi Inspector. Vehicles modified with specialized access equipment to service persons with disabilities which are more than ten (10) years must be approved by the Taxi Inspector.

The changes to the ordinance are detailed below:

**Fares:** A 10% rate increase per mile, adjustments to fuel surcharge rate bands, adjusted 'wait time' fees, increases in airport surcharge, additional credit card transaction fee and minimum fare rate added for outlining areas of city. These changes are in line with industry standards and needed for fuel and equipment cost increases. The last time the fares were adjusted by City Council action was 2006.

**Inspections:** Inspections reduced from 4 times annually to once annually and a \$15 inspection fee added, in line with industry standards.

**Fees:** Application fees for new companies raised from \$200 to \$250, limo application fees brought in line with taxi application fees, driver permit fees raised from \$40 every two years to \$50 and a 20% late fee added for late 'street user fees'. These fee adjustments represent our actual cost of processing each. Revenue increase to the General Fund \$6,500.

**Appeals:** Appeal hearings will be filed with and conducted by City Managers Designee instead of City Manager. Appeal hearings will be held within 15 business days instead of 5 days.

New drivers requesting permits will be required to have been a resident of Corpus Christi, Nueces County or one of the contiguous counties bordering Nueces County for a period of 3 months.
