**Wastewater Lot/Acreage Fee Exemption
by RVE, Inc., representative, for Kitty Hawk Development, Ltd., developer
Kitty Hawk Subdivision Unit II**

CAPTION:

Ordinance exempting Kitty Hawk Subdivision Unit II, a subdivision located south of South Staples Street (FM 2444) and east of County Road 41, from payment of the wastewater lot/acreage fees pursuant to Section 8.5.2.G.1. of the Unified Development Code; requiring the owner/developer to comply with the specified conditions.

PURPOSE:

The purpose of this item is to exempt the proposed subdivision from the required wastewater lot/acreage fees because public wastewater facilities will not be available within the next 15 years.

RECOMMENDATION:

Planning Commission and Staff Recommendation (October 23, 2013): Approval of the wastewater lot/acreage fee exemption for Kitty Hawk Subdivision Unit II subject to a Sanitary Sewer Connection Agreement.

BACKGROUND AND FINDINGS:

On behalf of the Kitty Hawk Development, Ltd., RVE, Inc. is requesting the City to waive the wastewater lot/acreage fees for Kitty Hawk Subdivision Unit II by providing an exemption for this area. The subject property is located south of the Oso Creek in an area known as the Laureles Corridor. Currently, this area does not currently have wastewater services available. A Master Plan was proposed for this area but was never adopted. In order to provide wastewater services to the subject property, it will require

construction of several wastewater lift stations and force mains to connect to the Greenwood Wastewater Treatment Facility. It is Staff's opinion that wastewater facilities will not be available within the next 15 years.

Section 8.5.2.G.1. of the Unified Development Code (UDC) outlines the exemption of payment of wastewater lot/acreage fees if the land for which the fees are required lies within an area exempted by City Council for the payment of such fees. Exempted areas are determined by City Council, and generally are those areas not likely to be served by City wastewater services within the next fifteen (15) years.

This section also provides that owners of property for which an acreage fee has been paid may receive a refund if, after 10 years, but not more than 20 years from the date of the filing of the plat, the owners of 50 percent of the property petition City Council for a hearing to determine whether the fees should be refunded. A refund may be made if City Council finds that, among other things, the property is not likely to receive services within another 5 years.

ALTERNATIVES:

1. Deny requested exemption and require payment of wastewater lot/acreage fees.

OTHER CONSIDERATIONS:

Not Applicable

CONFORMITY TO CITY POLICY:

There is no adopted wastewater master plan for the area south of Oso Creek.

EMERGENCY / NON-EMERGENCY:

Non-Emergency
