

Household Hazardous Waste Disposal Service Agreement

Council Presentation
March 21, 2023

Project Scope

Motion authorizing a three-year service agreement, with two one-year option periods, with Green Planet, Inc., of Royse City, Texas, to provide household hazardous waste disposal services for Solid Waste Services in an amount not to exceed \$495,543.75, and potential amount of \$825,906.25 if options are exercised, with FY 2023 funding of \$82,590.63 from the General Fund.

The Household Hazardous Waste Program was established in 1993. The program is a major collection effort where household hazardous materials are brought to the transfer station throughout the year and categorized, packaged, transported, and disposed of in accordance with all federal and state regulatory guidelines and reporting requirements. The contractor is responsible for furnishing all equipment, material, and labor to satisfactorily dispose of the material. Items disposed of include batteries, paints, aerosols, gas cylinders, pesticides, oils, light bulbs, and other hazardous materials.
