Aye: 4 - Council Member Barrera, Mayor Guajardo, Council Member Cantu and Council Member Scott

Nay: 4 - Council Member Vaughn, Council Member Hernandez, Council Member Campos and Council Member Roy

Absent: 1 - Council Member Paxson

Abstained: 0

N. EXECUTIVE SESSION: (ITEMS 22 - 25)

22. [25-1739](#) **Executive Session pursuant to Texas Gov't Code § 551.071** and Texas Disciplinary Rules of Professional Conduct Rule 1.05 to consult with attorneys concerning legal issues related to personnel matters and the City Manager and Texas Gov't Code § 551.074 (personnel matters) to deliberate the annual performance evaluation of a public officer or employee (including the City Manager).

This E-Session Item was discussed in executive session.

23. [25-1742](#) **Executive session pursuant to Texas Government Code § 551.071** and Texas Disciplinary Rules of Professional Conduct Rule 1.05 to consult with attorneys concerning legal issues related to rules and regulations of the state of Texas, EPA, TCEQ, TWDB, Texas Railroad Commission, Texas PUC, other regulatory entities, public utility agencies, seawater desalination, and potential contracts related to desalination and/or potable water, desalinated seawater, electric power generation, and the disposal of brine from said activities.

This E-Session Item was discussed in executive session.

24. [25-1716](#) **Executive session pursuant to Texas Government Code § 551.071** and Texas Disciplinary Rules of Professional Conduct Rule 1.05 to consult with attorneys concerning legal issues related to Type B Corporation Business Incentive Agreement(s) and related documents with Next Sports Company, LLC for Development of a Recreational Sports Complex.

This E-Session Item was discussed in executive session.

25. [25-1764](#) **Executive session pursuant to Texas Government Code § 551.071** and Texas Disciplinary Rules of Professional Conduct Rule 1.05 to consult with attorneys concerning legal issues related to rules and regulations of state of Texas, EPA, TCEQ, TWDB, Texas Railroad Commission, San Patricio County Groundwater Conservation District, and legal rights, property rights, and/or contracts related to purchase and/or sale of groundwater, including water rights in property accessing the Evangeline Aquifer in San Patricio County adjacent

and/or near US Highway 181, US Highway 77, US Highway 77 Business, Highway 89, and/or the Aransas River, and other sources, and **Texas Government Code § 551.072** to discuss and deliberate the purchase or value of the aforementioned rights to real property because deliberation in an open meeting would have a detrimental effect on the position of the governmental body in negotiations with a third person, including, but not limited to, potential consideration of authorization to enter agreement(s) for professionals for services related to these property rights, interlocal agreements and other agreements with government entities near the aforementioned property(ies) and/or the purchase of the property or property(ies) at and/or adjacent to locations (if any) described herein.

This E-Session Item was withdrawn.

A REPORT OF CRIMINAL ACTIVITY
(certified mail 9589 0710 5270 1204 8327 221)

City Manager Peter Zancini
P.O. Box 9277
Corpus Christi, TX 78469

THERE IS NO STATUTE OF LIMITATIONS CONCERNING THE FRAUD ON THE 57TH DISTRICT AND FEDERAL COURTS. THE STATUTE IS TOLLED CONCERNING THE CRIMINAL ACTIVITY DUE TO THE ONGOING RICO CRIMINAL CONSPIRACY.

You are named in documents detailing the ongoing Democrat RICO criminal coverup involving public, police and judicial corruption.

The stolen public funds are the central focus of the criminal coverup but the devastating impacts on the safety and well-being of our citizens is of paramount importance.

How many lives over the past two decades were altered or lost when the 911 system failed after city officials refused to repair the crippled system as all the money was stolen?

How many lives were altered or lost due to the forged SAPD warrant scheme?

How many lives were altered or lost due to courtroom perjury and fabricated evidence by the Texas Rangers, SAPD, DCSO, city / county attorneys, city/county witnesses and district attorney staff?

How many lives were altered due to the four years of illegal city meetings violating the Texas Open Meeting Act and the associated illegal contracts, grants, agreements, ordinances, etc.?

How many lives were altered or lost due to the media coverup and fake news lies?

How many lawsuits, civil / criminal cases, grants, fiscal contracts, ordinances, etc. must be reviewed?

Would YOU help SAPD Chief McManus and the City cover up the criminal acts of a pedophile SAPD officer if YOUR child or a child of a family member was the one molested?

MUNICIPAL BOND FRAUD - CITY OF SAN ANTONIO TX - 9/14/2024

The City of San Antonio, Texas has been violating the Securities Exchange Act and other many other laws for decades. Specifically, the City of San Antonio has for years made fraudulent material misrepresentations and omissions regarding its financial condition to municipal bond purchasers, underwriters, financial institutions and the public. The City of San Antonio represented itself as financially stable while maintaining an internal structure with adequate controls and procedures to ensure proper budgetary accounting ensuring the City's overall financial stability. However, representatives of the City of San Antonio were, at all relevant times, illegally spending up to \$5 million a year, falsely listing the expenditures as being telecommunications costs, illegally siphoning the funds from city/grant telecom budgets under the guise of a phone surcharge and hiding the fraud. These persons have been falsifying records, audits, reports, etc. since 1982 and have defamed internal controls especially Administrative Directive 6.12 that was created in 1982 providing a process to consolidate and pay monthly telephone bills and then bill each department for their fair share of the cost. They have committed the judicial crimes of aggravated perjury, subornation of perjury, fraud on the court, etc. in an effort to cover up the fraud. They defamed and banned whistleblowers in violation of the Constitution to silence reports of the criminal activity and participated in four years of meetings violating the Texas Open Meeting Act. In 2018, with proof of the long-term fraud in hand and with the fiscal cover-up in full swing, they started publishing years of official statements declaring that compliance was "impossible" and that controls were in place, redefining city assets. In reality, funding was at times used to support criminal schemes to funnel money outside of the City and also spent outside local government codes, open-bidding regulations, grants and bonds guidelines that by law set aside money for telecommunications and 911 support and a voter mandate passed in the form of an annual budget ordinance. Since 1982 auditors did not perform an audit of the "variable" telephone billing account and never attempted to learn how up to \$5 million a year was actually spent by applying generally accepted accounting principles and standards. Budget Director Peter Zancini admitted that he didn't understand the "variable" and didn't trust fiscal reports submitted by the IT Department but looked away instead of alerting auditors, halting the illegal activity, exposing the cover-up and taking the necessary steps to ensure the integrity of City fiscal records. He then helped defraud the court to conceal his years of incompetence and the theft of \$100 million. City officials ran off two honest auditors and have kept unethical, dishonest city auditor Kevin Barthold in place to conceal the fraud. Ultimately, rather than expose the fraud and hold the dishonest employees accountable City officials chose to ignore numerous reports of wrongdoing and embark on an illegal scheme to hide the criminal activity, violate the Texas Open Meetings Act and violate the law in the process. They keep dishonest deputy city attorney Deborah Klein and others on the public payroll. With each election cycle the criminal coverup continues. In 2015, the Dallas office of the SEC created case # FWRD 302016 but sadly did nothing despite additional submissions over the years. The liberal local media helps conceal the criminal activity. The RICO criminal coverup continues.

Nov 5, 2007 : \$157,160,000 CITY OF SAN ANTONIO, TEXAS AIRPORT SYSTEM REVENUE BONDS - contact with Sellers 2008

John Faddell, City of San Antonio. Plaintiff was employed as a Telecommunications Manager in the City's Information and Technology Services Department. Plaintiff was terminated in April 2006 for job performance. Plaintiff had previously filed complaints with the City's Municipal Integrity Unit alleging misuse of funds in the Department. He filed suit against the City under the Texas Whistleblower Act and seeks damages in excess of \$500,000. This suit is set for trial in March 2008.

They defamed and banned whistleblowers in violation of the Constitution to silence reports of the criminal activity and participated in four years of meetings violating the Texas Open Meeting Act. In 2008, with proof of the long-term fraud in hand and with the illegal cover-up in full swing they started publishing years of official statements declaring that complaints were "unfounded" and that controls were in place safeguarding city assets. In reality, funding was at times used to support criminal schemes to funnel money outside of the City and also spent outside local government codes, open-bidding regulations, grants and bonds guidelines that by law set aside money for telecommunications and E911 support and a voter mandate passed in the form of an annual budget ordinance. Since 1982 auditors did not perform an audit of the "variable" telephone billing account and never attempted to learn how up to \$ 5 million a year was actually spent by applying generally accepted accounting principles and standards. Budget Director Peter Zanoni admitted that he didn't understand the "variable" and didn't trust fiscal reports submitted by the IT Department but looked away instead of alerting auditors, halting the illegal activity, exposing the cover-up and taking the necessary steps to ensure the integrity of City fiscal records. He then helped defraud the court to conceal his years of incompetence and the theft of \$100 million. City officials ran off two honest auditors and have kept unethical, dishonest city auditor Kevin Barthold in place to conceal the fraud. Ultimately, rather than expose the fraud and hold the dishonest employees accountable City officials chose to ignore numerous reports of wrongdoing and embark on an illegal scheme to hide the criminal activity, violate the Texas Open Meetings Act and violate the law in the process. They keep dishonest deputy city attorney Deborah Klein and others on the public payroll. With each election cycle the criminal coverup continues. In 2013, the Dallas office of the SEC created case # FWRO 302036 but sadly did nothing despite additional submissions over the years. The liberal local media helps conceal the criminal activity. The RICO criminal coverup continues.

Nov 1, 2007 : \$157160,000 CITY OF SAN ANTONIO, TEXAS AIRPORT SYSTEM REVENUE BONDS - **correct info before 2008**

John Foddrill v. City of San Antonio. Plaintiff was employed as a Telecommunications Manager in the City's Information and Technology Services Department. Plaintiff was terminated in April 2006 for job performance. Plaintiff had previously filed complaints with the City's Municipal Integrity Unit alleging misuse of funds in the Department. He filed suit against the City under the Texas Whistleblower Act and seeks damages in excess of \$500,000. This case is set for trial in March 2008.

July 1, 2008 :

\$135,000,000 CITY OF SAN ANTONIO TEXAS HOTEL OCCUPANCY TAX BONDS SERIES 2008 - **false info after 2008**

"WHICH WERE UNFOUNDED" IS ADDED – THE CRIMINAL COVERUP / BOND FRAUD / SEC VIOLATIONS BEGINS

John Foddrill v. City of San Antonio. Plaintiff was employed as a Telecommunications Manager in the City's Information and Technology Services Department. Plaintiff was terminated in April 2006 for job performance. Plaintiff had previously filed complaints with the City's Municipal Integrity Unit alleging misuse of funds which were unfounded. He filed suit against the City under the Texas Whistleblower Act and seeks damages in excess of \$500,000. This case is set for trial on August 4, 2008.

Comment

Council members,

As you vote for the appointments on library board - I ask that you support Marilena Garza & Carolyn Koivula.

Both individuals are dedicated community members who value literacy, learning and public service. Both understand how important our libraries are - not just as places for books, but as community spaces for learning, access and connection.

Both individuals have diverse perspectives and have great relationships with others that will benefit the board and our city in their new role as they both work well with all kinds of people.

Their dedication will help strengthen library services for all residents of our city. I encourage your support for their appointments.

Thank you,

Before oral comments, people are reminded of other ways to communicate with elected officials. One of those is by email. The attached are my multiple attempts to contact Council member Scott regarding statements he made on a local radio show. The statements he made appeared to be false. I presented the simple math that I did and asked him if I made any errors. He never responded to any errors I had made or the math he did to back up the statements he made on the radio show. Because no response has been given, I can only assume any math he may have done didn't back up his statements. It is pretty sad when elected officials make false statements, obviously meant to influence the public. Should people assume Council member Scott is plain ignorant or plain dishonest? Without honesty, there can be no trust. The City needs to be transparent in all they do. The City and officials need to share the math or the modeling with the public. As always, have a nice day.

Subject: Fw: Eating \$230 million

Good day, Council member Scott,

It sounds like you have a new email address. I was told you are still getting all emails that were sent to your old email address as well. Please respond with your math to my below email.

Thank you,
John

Good morning, Council member Scott,

Just a quick follow up on my last email. I hadn't heard back from you yet. I just wanted to make sure you have received my email. I am still interested in seeing your math and how it compares to the math I did.

Thank you for your response,
John

Subject: Eating \$230 million

Good morning, Council member Scott,

I heard you on the radio, yesterday. I am wondering if you can please show me the math you did to come up with the City having to eat \$230 million dollars. I studied finance and accounting in college and I can't come to the same amount you did. So, please help me out and show me the errors in my calculations. Thank you.

Bonds sold- \$230 million (the number you stated)
I will use 4% interest in this example.
Annual interest payments due to bond holders- \$9.2 million
Bonds callable in 10 years. \$9.2 million times 10 = \$92 million (Caller Times reported it would be \$72.5 million)
\$50 million already spent (the number you stated)
\$230 million sold less \$50 million spent = \$180 million City retains
It is my understanding that the City can invest the money they haven't spent and earn a rate of return up to the return they are paying bond holders but not over

that. The low interest loan is not meant to be a profit center for the City.

\$180 invested in 10-year US Treasuries that are currently yielding 4% would provide \$7.2 million annually for a 10-year total of \$72 million.

In conclusion, At the end of 10 years, the whole principal is paid back \$230 million plus 10 years of interest \$92 million (\$72.5 million according to the Caller Times). This total is \$322 million.

The City retained the unspent \$180 million plus the interest income of \$72 million (simple interest, not compounded, if compounded this amount would be greater) that totals \$252 million.

City outflows at the end of the tenth year are \$322 million less retained money plus interest \$252 million = \$70 million. This is what the City eats according to my math.

Best regards,
John Weber
