<b>Construction Contract – Change Order No. 3 for Corpus Christi International Airport (CCIA) Airport Operations Area Perimeter Fence Replacement (Capital Improvement Program)</b>	
<b><u>Council Meeting Dates:</u></b> Action Item – May 22, 2018	<b><u>Item Being Considered:</u></b> Motion

### **RECOMMENDATION:**

Authorization to execute Change Order No. 3 with B. E. Beecroft Co. Inc. of Corpus Christi, Texas in the amount \$226,351.02 for the CCIA Airport Operations Area Perimeter Fence Replacement project.

### **SUMMARY:**

On October 18, 2016, City Council awarded the CCIA Airport Operations Area Perimeter Fence Replacement Project to B. E. Beecroft Co. Inc. This is a joint Federal Aviation Administration (FAA) / City project with a respective 90/10 percent construction cost share to replace approximately 9 miles of existing fence that was initially constructed in 1984. The project includes removal and replacement of existing perimeter fencing with high security fencing, new high-speed security gates and controls, concrete footings, wildlife barrier, driveways, fiber optics, electrical cables, and other miscellaneous improvements.

The original project included new digital surveillance cameras around the perimeter of the new fence and minor upgrades to the security system to incorporate the new features. This Change Order provides for additional upgrades to the CCIA server with additional security cameras upgrades and replacements within the airport terminal building. Approval of this item is time sensitive to allow adequate time for procurement and construction within the contract. The FAA approved this additional work and cost sharing.

### **PREVIOUS COUNCIL / BOARD ACTIONS:**

October 18, 2016 – Council awarded construction contract to B. E. Beecroft Co. Inc.
