

Packery Channel Restoration

Council Presentation
September 11, 2018

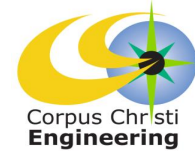

Project Vicinity

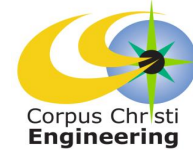

Project Scope

- Wave energy and storm surge from Hurricane Harvey caused damage to Packery Channel slope protection and adjacent appurtenances
- Field investigations and reviews of bathymetric surveys by HDR used to develop conceptual scope and cost estimates to restore Packery Channel and mitigate future damages
- City staff filed disaster recovery claims with FEMA
 - Requested funding for restoring the channel to pre-storm existing condition
 - Requested funding to mitigate damages from future storms
- This contract amendment authorizes design and preparation of construction bid documents for restoration and mitigation repairs
