

Office of the Governor, Homeland Security Division State & Local Cybersecurity Grant Program

Resolution Authorizing Submission of Application

Information Technology Services Department
Chief Information Officer, Peter Collins

February 11, 2025

Background Information

The State and Local Cybersecurity Grant Program (SLCGP) is funded through the U.S. Department of Homeland Security, Federal Emergency Management Agency and passed through the Office of the Governor, Homeland Security Division.

The funding is designed to assist the eligible state, local, and territorial (SLT) governments to manage and reduce systemic cyber risk, thus improving the security of critical infrastructure and improving the resilience of the services SLT governments provide their communities.

The City of Corpus Christi is requesting \$1,049,074.72 in funding with a required total cost share of \$262,268.69 .

Background Information

This grant will provide funding for:

The purchase training and equipment for the Information Technology Services Department, as seen below.
