City Code Requirement - As a board, commission, or committee member, you will be asked to adhere to: City Code of Ordinances, Section 2-65, which states that all members of City boards and commissions, including ad hoc committees, appointed by the City, must be residents of the city. A move outside the city limits of the city by any member shall constitute automatic resignation from the particular board or commission on which such member served. Also, City Code of Ordinances, Section 2-61, which provides that absences from more than 25% of regularly scheduled meetings during a term year on the part of any board, commission, or committee member shall result in an automatic termination. An absence shall be deemed unexcused unless excused by the board, commission or committee for good cause no later than its next meeting after the absence.

☒ I Agree

Consent for Release of Information - I understand that if any member of the public makes a request for information included in this application for appointment it must be disclosed under the Public Information Act. I also understand that it may not be legally possible to maintain the confidentiality of such information, and I hereby release the City of Corpus Christi, and its agents, employees and officers, from any and all liability whatsoever if the information must be released pursuant to the Public Information Act.

☒ I Agree

Oath - I swear that all of the statements included in my application and attached documents, if any, are true and correct.

☒ I Agree

Board-specific questions (if applicable)

Question applies to CORPUS CHRISTI REGIONAL TRANSPORTATION AUTHORITY.

Are you a qualified voter* residing in the Authority? (Note: Authority includes the following services areas: Nueces County and the municipalities, Bishop, Corpus Christi, Driscoll, Gregory, Banquete, Agua Dulce, San Patricio, Port Aransas and Robstown)

☒ Yes ☐ No

Question applies to CORPUS CHRISTI REGIONAL TRANSPORTATION AUTHORITY.

Are you transportation disadvantaged?

☒ Yes ☐ No

Question applies to multiple boards.

*Qualified elector/voter means a person who is 18 years of age or older; a United States Citizen; has not been determined by a final judgement of a court to be mentally incapacitated; has not been finally convicted of a felony or, if so convicted has fully discharged the person's sentence including incarceration, parole or supervision, or completed a period of probation ordered by an court; and a resident of this State.

- oversaw the student evaluations of instructors
- supported college economic and community development

Corpus Christi Army Depot

11/1980 - 8/1985

I worked in the Compressor Shop as an Aircraft Mechanic Helper. I worked on the T53, 755, and T63 engine compressors. I worked on the disassembly and assembly of the bearing pack housing. I made minor repairs of some compressor assemblies. I cleaned parts, reworked the wheel assemblies and the impellers used to assemble compressors. I Flow Test the T55, L11 and the L110 number 2 bearing packages. I overhauled the bearing pack housing. In overhauling the bearing packages, I used 3 types of micrometers for precision measuring. I also used Dial Indicators to measure the wear on the A700 and the A720 couplers. I used the Intro micrometer to measure A area of the rear diffuser. Outside and Depth Micrometers for the Bearing Housing and the Travel Micrometer to measure the wing spread on the compressor rotors. I inspected parts for damage after disassembly. Either I would RED TAG or turned it over to Quality Assurance Inspector for approval.

I worked in Rotating Electric Shop first as a Electrical Equipment Repairer Helper. I did disassembly, cleaning, repair, reassembly, and testing of electrical and mechanical equipment. The equipment mostly involved were motors, generators, external lights, inverters, actuators, fuel booster pumps.

I overhauled a wide range of aircraft electrical components of all aircrafts repaired at CCAD

I overhauled all aircraft line electrical components

I overhauled aircraft generators

I overhauled actuators

I overhauled fuel probes

I overhauled a variety of compressors

I overhauled compressor sections

I also worked with a variety of specialized tools used in the aircraft mechanic profession.

I frequently used a variety of aircraft mechanical air tools

I used torque wrenches in the overhaul process

Other measurement tools that I used were micrometers and calipers

I worked with Land Lights and Search Lights

I also worked with specialized weighing tool for compressor blades

To Whom It May Concern:

Mr. Donnie Contreras was employed at Coastal Bend College as a kinesiology instructor from August 1988 to May 2007. In this capacity, Donnie was responsible for teaching many different kinesiology courses while also directing the college's intramural program. Additionally, during his tenure Donnie was named as Department Chair of this division and he performed his duties to a remarkable degree of excellence.

In my earlier experience, I had the opportunity to interview and recommend Mr. Contreras for employment at Coastal Bend College. We worked very closely together until 2005 when I left Coastal Bend College for my current position at New Mexico Junior College. During our time together, I found Donnie to be a wonderful teacher and a great asset to our college. He maintained a tremendous rapport with his students and his student evaluations continually demonstrated a high level of excellence. Additionally, Donnie freely accepted additional responsibilities and performed these duties very well.

Mr. Contreras left Coastal Bend College due to a reduction in workforce brought about by budgetary shortfalls. In my opinion, Donnie will perform his responsibilities at your organization at a very high level of expertise and I highly recommend him for employment.

Sincerely,

John B. Gratton

Thomas B. Baynum, Ed.D.
President

(361) 358-2838

January 6, 2009

To Whom It May Concern:

RE: Donaciano Contreras

This letter concerns Donaciano Contreras. Mr. Contreras was previously employed with Coastal Bend College from August 1988 to May 2007. He served as a Kinesiology Instructor for many years. In this position, he was responsible for teaching and mentoring students on the aspects of Kinesiology and physical education. He also assumed many other duties and responsibilities, such as being the Kinesiology Department Chair and being involved in extramural sports, in particular coaching basketball.

Mr. Contreras' contract was non-renewed as part of a reduction in workforce due to budgetary constraints. At all times his evaluations were very good to excellent. During his employment, Mr. Contreras consistently demonstrated a willingness to work diligently on behalf of the College and an ability to function independently on complex tasks.

Coastal Bend College wishes Mr. Contreras success in his future endeavors. If your organization is seeking an individual with his qualifications and abilities, it should consider Mr. Contreras to fill such a position.

Sincerely,

A handwritten signature in black ink, appearing to read 'T. B. Baynum', with a long horizontal line extending to the right.

Dr. Thomas B. Baynum
President

Juan (Johnny) Moreno
Industrial Division Chairperson/
Welding Instructor

(361) 358-2838

To Whom it May Concern:

RE: Donaciano Contreras

This letter is in regard to Donaciano Contreras. Mr. Contreras was employed with Coastal Bend College from 1988 to 2007, I would like to express that Donaciano (Donnie) and I have been close friends since then. Donaciano was the Kinesiology Instructor for all these years. He was responsible for teaching, mentoring and advising majors on all facets of Kinesiology and physical education. As an instructor he had other responsibilities and duties, which included being the Department Chair for Kinesiology. He coached basketball and was involved in the scheduling and execution of the extramural sports, was very well liked by his peers and students.

Coastal Bend College had a budget shortfall a couple of years ago, in which Mr. Contreras' department was downsized, and unfortunately Mr. Contreras' contract was non-renewed. He always demonstrated professionalism, willingness to work countless hours for his department and helping other departments as well. While at Coastal Bend College he attended leadership and grant writing seminars to improve quality instruction and expansion of his department and of the college. He was involved with the Bee County Leadership council and numerous citywide youth sports organization.

I believe that your organization would benefit tremendously with Mr. Contreras' knowledge, abilities and qualifications. I highly recommend Mr. Contreras.

Sincerely,

A handwritten signature in black ink, appearing to read 'Juan Moreno'.

Flo East resume

11.16.2016

I wasn't born in Flour Bluff but that's ok. For 20 plus years I have served my 78418 community with LOVE and PRIDE. I started my community volunteering early on**PTA, PTSA, Chairperson of the Janet F. Harte library committee to help promote the city and school district partnership.

Co-Chairperson for the 1997-8.58 Million dollar bond.

Founder of the Coastal Cotillion-entering our 23rd year!

Founder of the Flour Bluff - Padre Island 4H- an organization that has helped secure thousands of dollars (one million) for our youth to pursue their future aspirations.

Member of the Parker Pool Patriots-To help revive and promote Parker Pool.

Founding donor for the Excellence in Education foundation.

Board member of the Parker Pool Patriots.

Leader of The Flour Bluff Business Association for 10 years.

- 1. Secured a large donation for the skate park @ Wranosky Park.
The only community skate park to date.***
- 2. Revived "Community Christmas" for all to enjoy and constructed the beautiful 40' community Christmas tree.***
- 3. Solicited school supplies "Supply Our Hornets" for campuses to offset cost for teachers having to provide supplies.***
- 4. Worked with city officials on numerous bond issues to make our community better.***
- 5. Founder of the Dolphins that helped secure funding for extras at the Janet F. Harte library.***
- 6. Founder of Flour Bluff News with Co-Founder Stephan Noack***
- 7. Nueces County Junior Livestock show board member for 6 years and I currently serve as the Public Relations Chairman.***

I proudly serve my community and I always will. We have made great strides in the past years and I want to keep the momentum going for all to enjoy. I have supported our city bond projects with great passion because I know they help us do the things that need to be done now, not later. I have come to love and appreciate our little park and I feel I would make a great Corpus Christi Park Board member.

Green space is valuable space and we just need to keep it "Growing Green".

Thank you for your consideration.

Respectfully,

Flo East

Ethics Commission 6 years this October terming out

Education, Professional and/or Community Activity (Present)

University of Houston Bachelors Degree, Real Estate Broker, Retired Certified Property Manager, Member of the Art Museum. Frequent Del Mar Events with my wife, Janet, who has taught English and ESOL there for 24 years. Frequent the Art Museum and local parks. As a commercial real estate lender and property manager I have done market studies in Dallas, Houston, San Antonio, Denver, Phoenix, Los Angeles, Atlanta, Macon, Jacksonville, Orlando, Tampa, St. Petersburg, Pensacola, and Ft. Walton Beach, in which I evaluated city's amenities and how they influenced property values. These studies made me acutely aware of the importance of public space and park and recreation facilities, and how they bear on a city's image for tourism and keeping and attracting good citizens and businesses. When evaluating Corpus Christi for a business relocation or start-up, a business will always consider the reaction of top talent to the prospect of living in the new location. The quality of public space is an important element. I have a unique perspective on that element due to the study of many cities over the span of my 40+ years in real estate lending and property management.

MAINTENANCE WORKER (This is a federal job)

Duties, Accomplishments and Related Skills:

Performing necessary preparatory work prior to floor finishing by stripping old finish, cleaning, scraping, filling holes, and sanding.

Mixing stains, sealers, and/or wood filler materials according to guidance from higher graded Painter or strict adherence to manufacturer's instructions.

Using common tools and equipment associated with painting (paintbrushes, rollers, scrapers, spray guns, wire brushes, putty knives, and sandpaper).

Preparing surfaces for painting by sanding, scraping, shipping, or wire brushing to gain adhesion. Plumbing. Knowledge of the installation and operation of various supply, disposal, and utility systems and equipment, such as water and gas systems fire sprinkler equipment, and water closets.

Carpentry. Knowledge of wood and wood substitute materials and construction techniques; skill in construction techniques and operation of general and precision carpentry and woodworking equipment to produce the requested finished product. Ability to interpret complex instructions, sketches, blueprints, and building codes.

Electrical. Ability to install and operate electrical fixtures, wiring, and controls and read and follow wiring diagrams. Skill in removing and replacing electrical fixtures and controls; making repairs; rearranging old or installing new outlets, relays, switches, and light fixtures; testing circuits; measuring, cutting, and bending wire and conduit to specified lengths and angles. Knowledge of mechanical theory and pneumatic and hydraulic principles to repair electro-mechanical devices.

Painting. Skill in accepted surface preparation and coating methods and techniques; matching, tinting, toning, blending and applying coating materials and agents. Ability to read and apply directions to mix, use and apply various materials, solvents, and precoating agents.

Plastering. Knowledge and skill in a variety of plastering methods and techniques, including construction and application of molded plaster cornices, plaster panels, and trim.

Pipefitting. Knowledge and ability to install and operate various high-pressure piping systems and equipment.

Air Conditioning. Knowledge of the principles and theories of the refrigeration cycle, temperature measurement, refrigerant properties. Skill in constructing, operating, and servicing a variety of domestic air conditioning units and systems, power sources, and cooling units.

Heating. Knowledge of combustion, heat transfer and circulation principles; fuel characteristics; heating surfaces, combustion chambers; basic pipefitting techniques and rigging setups; pneumatics, electricity, and basic electronics. Familiarity with the construction and operation of heating systems. Skill in determining condition of system parts and components; installing, aligning, adjusting, and repairing oil, gas, and coal burners, heating boiler components, and other burning mechanisms; performing routine maintenance.

aircraft overhaul trades helper (This is a federal job)

Duties, Accomplishments and Related Skills:

Work involves over thirty-five different configurations of rotor control components and over ten different configurations of rotor heads for Air Force, Navy and Army. Assembles complete helicopter rotor heads or rotor controls and related components. Performs final assembly of the entire end item, assembles subassemblies and components, or performs designated assembly by station on an assembly line.

Incorporates authorized modifications and completes adjustments and alignments to assure compliance with prescribed specifications for balance, fits, torque, pressure and/or stretch. Checks parts and items to be used prior to assembly to determine proper identify and assure serviceability. Reviews and researches historical record on finite life items and scraps those with high time. Prepares request for technical engineering call (TEC) for engineering deviation when appropriate. Certifies completion of work requirements on work documents, records any required measurement data, and completes required entries on historical documents. Troubleshoots and repairs malfunctioning items on the assembly line or flight line. Disassembles items designated for minor repair. Determines repair needed. Performs minor rework on parts or replaces parts required to restore item to serviceability. If extensive damage is discovered after disassembly takes appropriate action to assure proper authorization before additional work is accomplished. Requires a through knowledge of helicopter rotor heads or rotor controls and related components. Must be able to perform skilled assembly and alignments to achieve critical tolerances, measurements, and balance. Ability to use measuring instruments such as micrometers, calipers, dial indicator, gauges, and torque wrenches. Requires ability to use reference material to obtain information to complete assembly and repair processes properly and to assure compliance with specifications. Must be able to diagnose problems on components installed on the aircraft and in completing assembly. Ability to select and use proper hand and power tools, equipment, special tools and machinery, Receives work assignments from supervisor or work leader in the form of work orders, quality inspection reports, and verbal instructions. Employee determines proper work sequence, selects tool, equipment and parts, and completes required assembly, alignment, balance and/or repair to produce a serviceable end item. Technical information is available in technical orders and manual manufacturer specification, factory-engineering bulletins, and shop travelers. Verifies work of and provides guidance to lower grade mechanics and military. Assists quality inspectors, engineers, etc. in special investigations, studies, and audits. The supervisor or work leader is available for assistance with unusual problems. Completed work is

subject to quality inspection and spot check by supervisor to assure compliance with

Duties, Accomplishments and Related Skills:

Place, consolidate, and protect case-in-place concrete or masonry structures.

Position, join, align, and seal structural components, such as concrete wall sections and pipes.

Shovel cement and other materials into portable cement mixers; and mix, pour, and spread concrete.

Signal equipment operators to facilitate alignment, movement, and adjustment of machinery, equipment, and materials.

Smooth and finish freshly poured cement or concrete, using floats, trowels, screeds, or powered cement finishing tools.

Spray materials such as water, sand, steam, vinyl, paint, or stucco through hoses to clean, coat, or seal surfaces.

Tend machines that pump concrete, grout, cement, sand, plaster or stucco through spray-guns for application to ceilings and walls.

Tend pumps, compressors, and generators to provide power for tools, machinery, and equipment, or to heat and move materials such as asphalt.

Lubricate, clean, and repair machinery, equipment, and tools.

Operate, read, and maintain air monitoring and other sampling devices in confined and/or hazardous environments.

Apply caulking compounds by hand or using caulking guns.

Build and position forms for pouring concrete, and dismantle forms after use, using saws, hammers, nails, or bolts.

Clean and prepare construction sites to eliminate possible hazards.

Control traffic passing near, in, and around work zones.

Dig ditches or trenches, backfill excavations, and compact and level earth to grade specifications, using picks, shovels, pneumatic tampers, and rakes.

Erect and disassemble scaffolding, shoring, braces, traffic barricades, ramps, and other temporary structures.

Grind, scrape, sand, or polish surfaces such as concrete, marble, terrazzo, or wood flooring, using abrasive tools or machines.

Install sewer, water, and storm drain pipes, using pipe-laying machinery and laser guidance equipment.

Load, unload, and identify building materials, machinery, and tools, and distribute them to the appropriate locations, according to project plans and specifications.

Measure, mark, and record openings and distances to lay out areas where construction work will be performed.

Mix ingredients to create compounds for covering or cleaning surfaces.

Provide assistance to craft workers, such as carpenters, plasterers, and electricians

Raze buildings and salvage useful materials.

Read and interpret plans, instructions, and specifications to determine work activities.

Use computers and other input devices to control robotic pipe cutters and cleaners.

Identify, pack, and transport hazardous and/or radioactive materials.

United Wellhead Service

Robstown , TX United States

07/2002 - 11/2002

Salary: 6.50 USD Per Hour

Hours per week: 40

General Laborer

Duties, Accomplishments and Related Skills:

My duties included the preparation of well heads for re manufacturing. I disassembled well head parts and assemblies using various hand tools such as wrenches, screwdrivers, ratchets and sockets, sledge hammer and crow bar. I used steam and pressure washing equipment to clean the disassembled well heads of dirt, grease and grime. I regulated the steam controls to produce the required heat from the heating system. I manually washed lubrication or and cleaned well head parts in tanks of hot/cold cleaning solutions. I also hand cleaned parts with brushes and other hand held tools. I operated a sand blast machine to remove rust and paint. I assisted journeyman in the reassembly of the well heads. Measures, cuts and threads pipes using ruler, hacksaw, pipecutters, and threading machines

I have the skills and knowledge to operate industrial washers, utilizing steam pressure, degreaser solution, steam valve and required solvents to remove dirt, grease and/or paint from a variety of aircraft engine parts, assuring nicks, burrs, and rust pits are removed. Determines proper sequence of cleaning processes and time exposure of parts required to avoid possible damage to parts and meet required degree of cleanliness and removes radiator valves and inspects for defects and repacks valves overall acceptability. Also painting, storage or containerization checking items for obvious wear, cracks, nicks, burrs, or other surface defects; using equipment, solvents, brushes, buffers, scouring pads to clean or sand surfaces; replacing plugs, nuts, gaskets I have the ability to spray parts and equipment with cleaning solution, operating control valves on the steam pressure cleaner and on the degreasing machine to control the flow of steam and cleaning solution. I have previous experience in mixing chemicals and cleaners in solutions and charge pressure pots. I have also operated deburring, vibratory and ultrasonic cleaning machines, using specified media to clean the parts. I can manually wash and clean engine parts in tanks of hot or cold cleaning solutions. I also have the

skills and knowledge to hand clean parts with brushes and other hand tools. I can apply corrosion preventive compound by dipping parts in tanks or vats. I have also the ability to operate power driven wire or cloth brush cleaner. I can mix various cleaning and degreasing solutions such as caustic soda, carbon removing compounds, paint strippers and other cleaning compounds. I also operate bead blast machines using prescribed techniques and instructions when required.

I possess the knowledge of appropriate materials and cleaning agents to utilize in the cleaning process in accordance with types of metals and finish required. I am also knowledgeable of the operation of industrial washers and cleaning equipment.

Verification

City Code Requirement - As a board, commission, or committee member, you will be asked to adhere to: City Code of Ordinances, Section 2-65, which states that all members of City boards and commissions, including ad hoc committees, appointed by the City, must be residents of the city. A move outside the city limits of the city by any member shall constitute automatic resignation from the particular board or commission on which such member served. Also, City Code of Ordinances, Section 2-61, which provides that absences from more than 25% of regularly scheduled meetings during a term year on the part of any board, commission, or committee member shall result in an automatic termination. An absence shall be deemed unexcused unless excused by the board, commission or committee for good cause no later than its next meeting after the absence.

☒ I Agree

Consent for Release of Information - I understand that if any member of the public makes a request for information included in this application for appointment it must be disclosed under the Public Information Act. I also understand that it may not be legally possible to maintain the confidentiality of such information, and I hereby release the City of Corpus Christi, and its agents, employees and officers, from any and all liability whatsoever if the information must be released pursuant to the Public Information Act.

☒ I Agree

Oath - I swear that all of the statements included in my application and attached documents, if any, are true and correct.

☒ I Agree

Board-specific questions (if applicable)

Question applies to multiple boards.

*Qualified elector/voter means a person who is 18 years of age or older; a United States Citizen; has not been determined by a final judgement of a court to be mentally incapacitated; has not been finally convicted of a felony or, if so convicted has fully discharged the person's sentence including incarceration, parole or supervision, or completed a period of probation ordered by an court; and a resident of this State.
