Why are you interested in serving on a City board, commission or committee?

I would like to continue working in development of the Marina and Economic Development of the downtown area. Having served on the Marina Advisory Committee for 6 years as a member and a Chair I feel I would be in a unique position to help move forward and execute the upcoming Type A funding for the waterfront. I would like to insure that this time we get the word out and the other members of the Board understand the importance of the upcoming Type A proposal and that this time we all got it right. After being briefed on it yesterday by city staff I think we are all on the same sheet of music now and I believe I could help move it forward and execute it once approved by the voters. I have also had previous experience with this funding. When I was the Founding Director of the Coastal Bend Business Innovation Center we received funding from this board. This funding source is a great asset that requires knowledgeable board members to insure its success and insure its proper fiduciary accountability.

Why are you interested in serving on a City board, commission or committee?

I previously ran for mayor in 2018 and lost in a runoff election and have decided that gaining some relevant experience working with the city as a board member would give me an alternative way to give back. I would like to help move Corpus Christi forward by leveraging my business and engineering expertise in a way that represents and supports the tax-paying population of the city. The residents of Corpus Christi should feel that their tax dollars are used appropriately to help their city grow and I think my background could help support that.

Education, Professional and/or Community Activity (Present)

I have had the privilege of serving as a mortgage loan officer for the past 18 years, during which I've had the honor of helping over 5,000 families across Texas achieve their dream of homeownership. Throughout my career, I have remained deeply committed to providing personalized and dedicated service to my clients, guiding them through the often complex process of securing a mortgage and purchasing a home. Beyond my professional achievements, I am also very passionate about giving back to my community. Recently, I founded a nonprofit organization called The Pink Connection, which is dedicated to supporting local breast cancer patients. Through this initiative, we provide resources, assistance, and a sense of community for those fighting this challenging disease. In addition to my work with The Pink Connection, I have had the privilege of serving on the boards of several other nonprofit organizations. These experiences have deepened my understanding of community needs and have reinforced my commitment to making a positive impact in the lives of others. I am grateful for the opportunities to serve both in my professional capacity and as a community advocate, and I look forward to continuing this meaningful work for years to come.

Corpus Christi Downtown Management District Board

Current Corpus Christi Downtown Management District Board, Corpus Christi Sports Commission Board. Past Board Member of Corpus Christi Yacht Club. Owner Richline Technical Services-Information Technology Company specializing in support small and medium businesses' Computer and Network Support for over 20 years. College at Southwest Texas State (now Texas State at San Marcos)

Why are you interested in serving on a City board, commission or committee?

Honestly i tried to talk my way out of it, but given my ties to downtown and the good we've been trying to do there, I was asked to apply for this board. (Clearly understanding this board serves a larger area and my "loyalties" are not just tied to downtown, but rather to Corpus Christi as a whole....downtown just happens to be where most of my efforts have been centered.) Basically, as pedestrian as it sounds, I just want to make Corpus Christi a better place and this board seems where I'm being "called" to do that.
