Are you a registered voter?

☒ Yes ☐ No

Do you currently serve on any other City board, commission or committee at this time? If so, please list:

No.

Education, Professional and/or Community Activity (Present)

I currently serve on the Board of Directors for the Corpus Christi Young Lawyer Association. I previously served as a volunteer teacher for the Corpus Christi Literacy Council, teaching citizenship classes to lawful permanent residents (LPRs). I am not otherwise involved in any community organizations, but I intend to increase my involvement in the community in the coming months.

Why are you interested in serving on a City board, commission or committee?

I am interested in serving on a City board, commission, or committee simply because I want to take a more active hand in shaping this community in which I live. As an attorney, I not only have the privilege of being trained in the law, but I believe I am also charged with the obligation to use that training to help others. The boards and commissions for which I am applying are those on which I believe I can use my legal training to help the citizens of Corpus Christi most effectively and substantially, as those boards and commissions make the kinds of decisions where legal expertise in the decision making process is invaluable.

If you answer "Yes" to any of the questions above, please explain or ask to speak with the City's Legal Department.

There are times where the Nueces County District Attorney's Office is a party to lawsuits alongside the City. I am not aware of any such litigation currently pending; however, historically, there have been times where it has been brought to my attention that our office was being sued and the City is a part. Generally, when that occurs, the Nueces County County Attorney's Office represents our office (and thus I'm not actively "involved" in any such litigation; however, I would like to speak to the City's Legal Department to determine whether that constitutes a conflict.

This was a very last minute shoot that I couldn't refuse. When else can I invite Roger Creager to visit our family's barbeque place AND get to photograph him with his dad? I said yes immediately! We photographed Roger and his dad enjoying an ice cold beer and having a good ol' time. Then we got a few posed and natural / candid shots of the two of them against some 200 year old doors and a 60 year old hut with the Texas flag painted on the side.

Do you currently serve on any other City board, commission or committee at this time? If so, please list:

I do. I am on my second term in the Food Advisory Board in Corpus Christi. I chair the FAB in the second term. My term expires in the Spring 2019.

Education, Professional and/or Community Activity (Present)

I have a PhD in Technology Management, with a Master's degree in Business Administration. I have many years of industry experience. I have served as CASA of the Coastal Bend for 1.5 years and I am also member of the Food Advisory Board in Corpus Christi. Additionally I am the advisor of the Society of Manufacturing Engineers (SME) at Texas A&M Kingsville. I am currently under training to provide voluntary services to Purple Door (formerly known as women's shelter).

Why are you interested in serving on a City board, commission or committee?

I am very interested in Waste management and sustainability in general. I have been teaching courses in this area at Texas A&M University and I would like to be able to bring my expertise to good use. I like being participant in the community I live in. I have visited the CEFE Valenzuela landfill several times and Mr. Tony Benavides has been an excellent guide for my students. I would like to be active in changing the community's concept of trash as just that "trash" but see it as a means of future energy and land conservation. I believe we are a very wasteful society, and I think our community would benefit not just from efficient collection services, but from reducing their own carbon footprint. S
