5. [25-0028](#) Island Safety Update

Island Bicycle Safety by the numbers:

- In the ten-year period between 1/1/2014 to 11/25/2024 there have been 10 crashes involving cyclists on the Island. 5 of them occurred on Whitecap.
- In 2024, only one bicycle accident occurred on the island and the cyclist was found to be at fault.
- For some perspective, during this ten-year period, there were 647 crashes involving cyclists city-wide, meaning that the Island made up 1.4% of the accidents in Corpus Christi.
- Citizens can review reported crimes in their area by going to <https://www.cctexas.com/police>, scrolling down to "Resources" and selecting "Crime Dash."

6. [25-0029](#) Staff Response to Island Skatepark Resolution

- The City focus will continue to be primarily on Commodores Park as it is a mid-term project identified in the Island ADP.
- Staff must follow processes outlined and approved by City Council.

Commodore Park Outreach (August 2023 – March 2024):

- Online Survey (1,106 responses)
- Only 4% (50 respondents) indicated an interest in skateboarding as an outdoor space option
- Community Engagement Events (4x)
- Ongoing email engagement and stakeholder meetings

Staff will continue to explore a skatepark at Billish Park, but the design and implementation of the Commodores Park Master Plan will be prioritized.

7. [25-0030](#) Drainage Resolution Update

Michael Dice, Director, Development Services

Initially planned to take ISAC Drainage Resolution to City Council for consideration on 12/3 but the item was pulled due to lack of stakeholder engagement. Will be scheduling a meeting with stakeholders for the end of January. Once the discussions have concluded staff will work to have it added back to a council agenda, would like to stay on the current track since UDC amendments will be farther out. The ISAC subcommittee will be invited to the meeting(s).

8. [25-0031](#) 2024 ISAC Annual Report Review & Approval

State the goals and objectives for the 2024 calendar year:

- Continue to work with City Council and staff on uncompleted ADP projects including Commodores Park, the Island Mobility Plan, Paper Streets, and the JFK Causeway underpass (lighting, safety, and parking improvements).

Describe the action taken in furtherance of the goals and objectives during the 2024 calendar year:

- Commodores Park Plan - Currently in 30% design, ISAC providing feedback throughout the process.
- Island Mobility Plan – staff currently working with TxDOT regarding non-automobile uses on PR22 as well as a golf cart circulation plan, also finalizing a contract amendment with HDR to finalize the plan.
- Paper Streets – Priority streets (Crowsnest & Sand Dollar) identified by ISAC and recommended to staff. Design contract awarded in early 2025 from the TIRZ #2 fund.
- JFK Causeway underpass – Installation of streetlights complete and the City is currently working with the Army Corps for the environmental permits to construct the parking lot under the bridge.

Did the board make any recommendations to council? If so, what did they recommend?

- Motion of Support for No Wake Zone from the JFK Causeway to the Packery Boat Ramp (January 2024)
- Island Drainage Resolution (February 2024)
- Motion of Support to proceed with the Island Mobility Plan as presented to TxDOT with priority of Commodores to Whitecap in the first phase. (September 2024)
- Resolution of Support for the implementation of a skate park at Billish Park to be built as soon as possible. (October 2024)

What are the goals and objectives for the 2025 calendar year?

- Continue to identify projects in the ADP for prioritization/implementation.
- Work with staff on budget priorities and funding sources for island projects.
