Interlocal Agreement for Storm Water Survey

CAPTION:

Resolution authorizing an Interlocal Agreement with Texas A & M University – Corpus Christi in the amount of \$8,450 for a city-wide storm water survey.

PURPOSE:

This item is to approve the Interlocal Agreement with Texas A&M University – Corpus Christi for a stormwater survey to determine what education and outreach has been beneficial to residents and what changes need to be made to the program in the future.

BACKGROUND AND FINDINGS:

The TCEQ Municipal Separate Storm Sewer System (MS4) Permit requires the City of Corpus Christi to have public education program components in our Storm Water Management Plan which promotes and publicizes the public reporting of illicit discharges or improper disposal of materials including floatables into the storm water system; the proper management and disposal of used oil and household hazardous wastes; and the proper use application and disposal of pesticides herbicides and fertilizers by public commercial and private applicators and distributors to the general public and assess those educational outcomes.

Stormwater surveys were conducted in 2008 and 2013 and were successful in guiding the means in which residents are educated. Data from the surveys also show the ability of education and outreach to help protect the City's MS4 and bays from stormwater pollution.

ALTERNATIVES:

Use City of Corpus Christi resources and funding to survey residents in understanding of Stormwater pollution prevention.

OTHER CONSIDERATIONS:

Not applicable.

CONFORMITY TO CITY POLICY:

This purchase conforms to the City's purchasing policies and procedures and State statutes regulating procurement.

EMERGENCY / NON-EMERGENCY:

Non-emergency.

DEPARTMENTAL CLEARANCES:

Utilities Department - Water

FINANCIAL IMPACT:

X Operating Revenue Capital Not applicable
