Staff Summary:

Requested Zoning: The applicant is requesting a rezoning from the "RS-6" Single-Family 6 District to the "RM-1" Multifamily 1 District.

Development Plan: The applicant is proposing to change the designation of the subject property for the purpose of constructing multiple dwelling units on the subject property. A site plan was provided to illustrate how development might occur if the change in zoning is approved. The site plan shows six proposed dwelling units and the required parking spaces. The apartment units are one-story and the developer intends to construct them like townhomes.

Existing Land Uses & Zoning: The property is surrounded by single-family homes in the "RS-6" Single-Family 6 zoning District. To the south of the property, there is also a park.

AICUZ: The subject property is not located in one of the Navy's Air Installation Compatibility Use Zones (AICUZ).

Plat Status: The subject property is comprised of a platted lot and a portion of a platted lot. The property may be replatted into one lot subsequent to approval of a change in zoning designation.

Comprehensive Plan & Area Development Plan Consistency: The subject property is located within the boundaries of the Southside Area Development Plan (ADP). The proposed rezoning is not consistent with the adopted Future Land Use Map designation of the property as low density residential, however, the proposed zoning change if approved, may further various goals and policies of the comprehensive plan and the ADP, which include but are not limited to the following:

- Encouraging infill development on vacant tracts within developed areas (Comprehensive Plan, Residential Policy Statement F),
- Locating medium-density residential development along a collector street with convenient access to an arterial street (Comprehensive Plan, Residential Policy Statement H),
- Increasing the availability of rental and owner-occupied housing units for families (Comprehensive Plan Housing Policy Statement G, H),

Department Comments:

- A rezoning to a low-density multifamily district and subsequent development of townhouse-style apartments will not have an adverse impact on the adjacent low density residential uses.
- The “RS-TH” District is recommended in lieu of “RM-1” Multifamily 1 District based on the density permitted and compatibility with the adjacent single-family development.
- It is impossible for the developer to construct 22 units per acre (14 units) on this site, which is what the RM-1 District allows.
- Staff finds the “RM-1” designation unnecessary.
- A multiple dwelling project is appropriately located along a Collector roadway.
- The Townhouse District is appropriate for infill development.
- The property to be rezoned is not suited for the “RM-1” Multifamily 1 District. The “RS-TH” Townhouse District is more suitable.

Staff Recommendation:

Denial of the change of zoning from the “RS-6” Single-Family 6 District to the “RM-1” Multifamily 1 District and, in lieu thereof, approval of a change to the “RS-TH” Residential Townhouse District.

Planning Commission Recommendation (December 16, 2015):

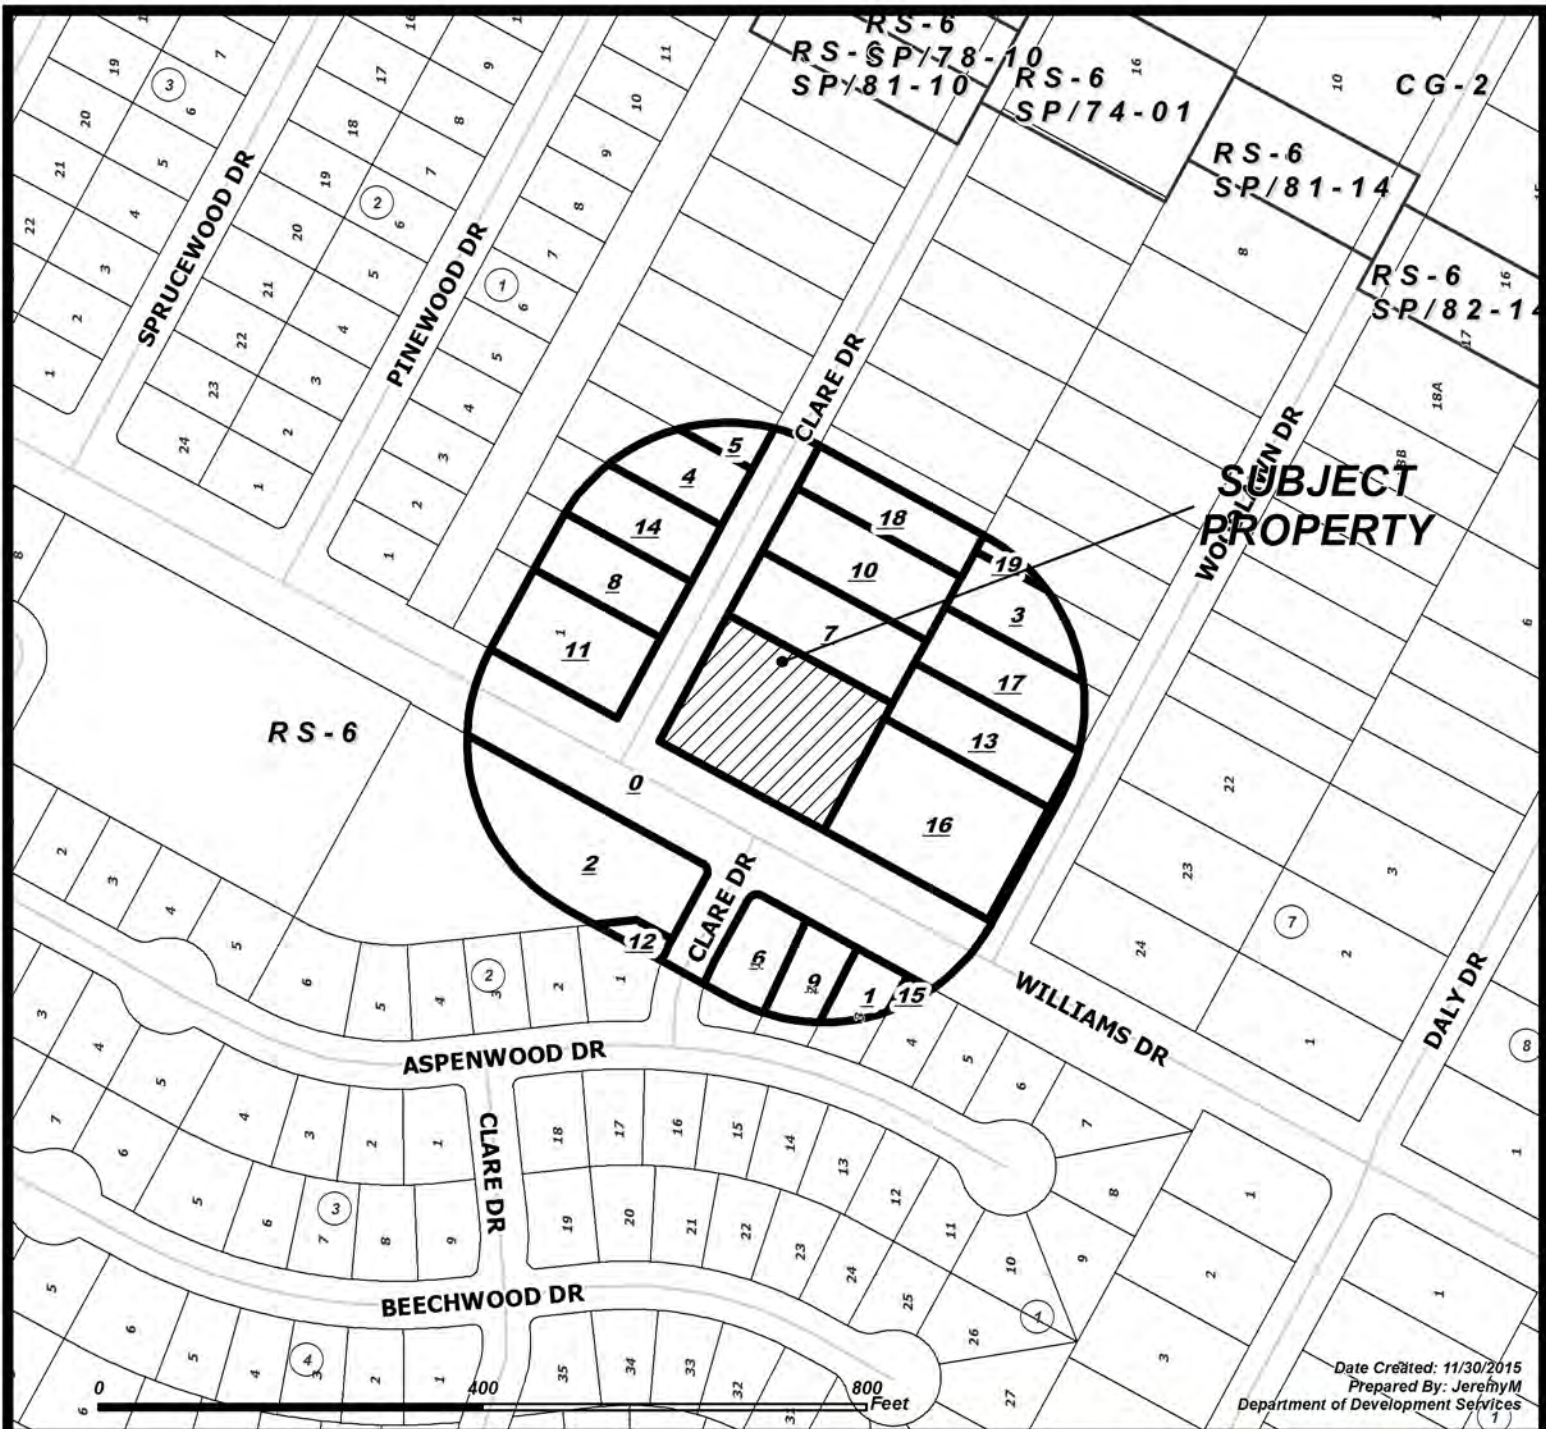

Denial of the change of zoning from the “RS-6” Single-Family 6 District.

*Approval of a rezoning (to the “RM-1” Multifamily 1 District or “RS-TH” Townhouse District) on this property will require $\frac{3}{4}$ of the council members to vote in favor. This case was recommend for denial by the Planning Commission and received opposition of over 20% (49.78% as of December 22, 2015) from the neighboring properties within the notice area, either of these conditions would trigger the need for the $\frac{3}{4}$ vote from the City Council for approval.
