

Spay and Neuter Services Agreement

Presented by Kathleen Chapa,
Director of Animal Care Services

Spay and Neuter Services Agreement

Overview

- The City Council has authorized \$250,000 in FY 2026 General Fund Budget to enhance access to free spay and neuter services within the community.
- This budget initiative aims to utilize spay and neuter service partners and expand access to reliable, high-volume sterilization providers. By doing so, it directly supports community health and public safety by reducing the number of stray and roaming dogs.
