To Whom It May Concern,

We are writing to express our support for using the former Mirabeau B. Lamar Elementary Site and nearby neighborhood parcels for the purposes of infill housing development in an effort to meet local housing affordability needs and assist in stabilizing an established neighborhood.

One of DSW's missions is to create "housing that's within reach, today and for future generations", and working in synergy with the City we believe that is a goal we can accomplish for the residents of Corpus Christi.

We believe this opportunity can truly help change the community for the better and we look forward to the positive impact it will make on the City, and the surrounding area. Thank you for your time and consideration.

Sincerely,
