North Beach Navigable Canal Briefing

STAFF PRESENTER(S):

<u>Name</u>	<u>Title/Position</u>	<u>Department</u>
1. Jeff H. Edmonds, P. E.	Director	Engineering Services

BACKGROUND:

On December 17, 2019, the City of Corpus Christi City Council passed an ordinance authorizing the design and construction of a navigable canal on North Beach in Corpus Christi, Texas.

On June 23, 2020, the City of Corpus Christi City Council authorized a Professional Services Agreement with Lockwood, Andrews & Newnam, Inc. (LAN) for Phase I of the project. The phase I scope of services include a determination of the project scope and limits and whether or not the canal will function as a major drainage facility and be navigable.

Additional tasks included traffic impact analysis, water quality analysis, regulatory permit considerations, real estate requirements review and the preparation of a final report.

This briefing will provide a presentation by LAN for the Phase I findings of the project.
