Parks and rec Reinvestment island

Why are you interested in serving on a City board, commission or committee?

My desire to be in the board stems seems my passion for outdoor activities for families. Bringing residents together to socialize and let their kids have fun in the outdoors. I have been lobbying for a splashpad here on padre island. We have zero water play and it's so hot in summers and strong Rips suck children out to sea. We need and deserve a space for us, especially the taxes we are paying. I was informed while on my mission about the triz2 fund for parks set aside from developers who take so much yet give so little in return. I'm all for developing our island but we deserve the basics that other areas have. Learning more about these funds and how they are allocated really moved my heart and several councilmen and women advised me to look into this board. They want regular good folks who have the residents best interest at heart to have some say, some voice to be heard on their behalf. I'd be honored to be that voice and speak up for families that would be enriched by giving my input. Also I'm passionate about trash cleanup. I want to see our city shine and reach its full potential a huge part of that is the parks department. I admire their dedication and professionalism but if we work together we can find solutions that benefits everyone along the way. I have a vision now I need your help to make it a reality. Thank you for your time reviewing my application and I look forward to 2023 being a year of growth and prosperity. Have a great year yall!!!

Education, Professional and/or Community Activity (Present)

I currently have my MBA from TAMUCC. I am born and raised in Corpus Christi and I see the growth that is happening in our city, as a local I want to be a part of the amazing change I am seeing. In my current role, I work closely with licensed Medicare brokers and I see the value that my broker partners bring to our senior population. I have recently partnered up with The Senior Companion program and I see the value that these programs bring to our community. I want to be more involved in bringing awareness and resources to our local Coastal Bend community and I feel by being a part of this board I can give back by being the intermediary between seniors/community and things happening in our community. I am on the board of "For the Love of Children" which is put on by HALO-Flight, DPS, and Conviva Care Centers.

If you applied for multiple boards, which boards are you most interested in serving on, in order of preference? (Limit to top three)

Parks and Rec Arts and Culture

Why are you interested in serving on a City board, commission or committee?

Recently I have gotten more involved with the senior companion program and am mind blown at the selflessness that the companions and the whole senior companion program represent. Not everyone in our community has access to resources and I have found that I enjoy being that resource to our community, whether it be a friend, family member, potential patient, or just being able to educate. We are one community and I want to be the change I want to see, I want to be the advocate that someone wishes they had, and I want to be able to know I did a good deed today. I am growing professionally and personally and I feel being a part of a City committee will only give me more resources to help others in my community.

LETTERS OF RECOMMENDATION

September 1, 2022

To Whom it may concern,

It's my absolute pleasure to recommend Janie Gifford for your employment.

Janie and I were coworkers at Unique Employment for the 7 months that I was employed there. I have since moved on, but have kept in close contact with her.

I thoroughly enjoyed working with Janie and always admired her positive, upbeat spirit and willingness to learn. Her organization skills and commitment are top-notch and I believe she can do anything she puts her mind to because she fully engulfs herself in any task she is presented with.

Her goals and ambitions are an inspiration to others as she continues her journey through life. Her willingness to be part of a team, foster positive discussions, and her dedication were truly admirable. Couple that with her ever-growing intelligence, insights and ideas, and work/life experiences, I believe she would be an asset to any organization that chooses her to be part of their team.

Please feel free to contact me at (806)-893-4263 or jaycezuniga16@gmail.com should you like to discuss Janie's qualifications and experience further. I'd be happy to expand on my recommendation.

Sincerely,

Jayce Zuniga

To Whom This May Concern:

I am pleased to write this letter of recommendation for Janie Gifford, who is currently applying to your graduate program.

I have had the pleasure of knowing Janie for a little over a year. She was a student in my upper-level research methods course at Texas A&M University – Corpus Christi. As a student in the classroom, Janie was engaged and performed well overall. She picked up new tasks quickly and was able to present her results effectively both in written and oral form. She also worked well under the unusual circumstances created by the early stages of the COVID-19 pandemic and was able to continue her learning process, even in a format that may not have been her first choice.

In addition to her work in the classroom, Janie has worked in the field, often in positions that would give her more insight into the courtroom and surrounding processes. She has been a paralegal as well as a receptionist/court runner for several legal firms. As a result, Janie, more than many other undergraduate students that I have taught, may have a clearer sense of the role in the criminal justice system that she is wishing to undertake. As a result of Janie's knowledge of the system, her persistence when it comes to continued learning, her ability to successfully complete difficult new tasks under difficult conditions, and her abilities to communicate both orally and in writing, I highly recommend Janie for your program. If there is anything else I can do to further her application, please do not hesitate to contact me.

Sincerely,

Wendi Pollock

Janie has displayed a very positive and ambitious work ethic with all tasks I did present to her. On top of that, she had excellent organizational skills and was very prompt.

I believe that Janie will be a great fit for your business. She was amazing to work with and shows she is very knowledgeable while also has a interest to learn more.

To Whom It May Concern:

It is my great pleasure to write this recommendation letter to Janie Gifford for her application to law school. Janie Gifford is one of my students at Texas A&M University of Corpus Christi. She took communication theory course with me. I was impressed by her diligence, critical thinking, and exceptional communication skills.

I am an assistant professor of Department of Communication and Media at Texas A&M University-Corpus Christi. I have taught communication related courses since 2015. Janie Gifford is one of the most talented students I have worked with.

In Communication Theory class, Janie is one of the students who progressed tremendously at the end of the class. At the beginning, Janie was a little bit struggled with her case study idea. With tons of hard work and deep research, at the end of the semester, Janie developed a great piece of final work. I am surprised by her perseverance and determination. Her immense improvement resulted from her hard work and unstoppable spirit.

In addition to schoolwork, Janie also has various professional experience. She has been a hiring recruiter for unique employment agency. In addition to that, she also worked as a paralegal for years. Janie is enthusiastic about her work and developing numerous important skills and abilities for her future career. With years of working experience, Janie is excellent at multitasking, planning and communication. To be a good paralegal, she needs to greet clients, take calls, manage social networking, interact with courthouse, jails, and police officers. Her extraordinary multitasking and planning skills made her survive and thrive in her job. Meanwhile, communication is another integral part in her work, an exceptional communication skill made Janie work with various people smoothly and productively.

To sum up, Janie is a self-motivated person with great passion on her study and job. With all the above-mentioned remarkable qualities, I believe that Janie Gifford will continue to be great in her future. I highly recommend her for admission to your program. She is talented, dedicated, hardworking and never stops chasing her dream. Janie's outstanding multitasking abilities, planning and communication skills will also make her a brilliant student in law school. Attn: Law School Admissions Committee

Re: Recommendation for Admission to Law School
Janie Gifford

Dear Law School Admissions Committee,

It is with great pleasure that I recommend Ms. Janie Gifford for admission to your law school. Throughout her employment with my prior law firm, Ms. Gifford has proven to very observant, a quick learner and exhibited professionalism and commitment to her work.

Ms. Gifford was initially brought into my office as additional office support with the understanding her responsibilities would be increased after her abilities were demonstrated. Ms. Gifford quickly shined and excelled.

Ms. Gifford was entrusted with maintaining client communications, handing sensitive documents and financial information, and keeping the office a welcoming and professional environment for my clients and colleagues. I was most impressed with her inquisitive nature. I took that to be demonstrative of both her attention to detail but also sincere desire to learn. Unfortunately, my prior partner began transitioning to retirement in August of 2018, and I was unable to continue to employ her as our office staff was downsized.

I believe Ms. Gifford has the character, work ethic and natural abilities necessary to excel in law school as well as practice. Having Ms. Gifford as a student at your law school will be a credit to your institution.

Sincerely,

STEVE LOPEZ

Extensive military education and leadership schools including the Defense Information School; Thomas Edison State University; Del Mar College. Currently operating Prairie Lane Consulting LLC, a media consulting and production company (one-man show); participate in children's schools.

Why are you interested in serving on a City board, commission or committee?

I am interested in serving on this particular board as my youngest son and I are avid visitors of CC parks. As someone who has lived all around this country and this planet, I have seen a wide variety of communities and parks. CC has been a mixed bag of creativity and quality when it comes to its parks. I would like to be able to contribute my experience and ideals to helping Parks & Recreation achieve greater heights for the children and adults in our community. We have an abundance of natural resources to take advantage of and many, what seem to be, rather simple fixes to the condition of some parks that are in dire need of updates. Additionally, I would like to learn more about the Parks & Recreation department, budget, employees, and what the limits may be. I truly believe I will be a positive contributing member of this advisory board if chosen.

STRIVING TO MAKE THE DIFFERENCE

When we look at the challenges today's world brings, we are faced with the reality that a growing gap is separating society. Whether it is a skills gap, income gap, education gap or a gap caused by lack of opportunity, our communities are in more need than ever for leaders who seek to balance business with social change. As we prepare for the next decade, organizations are being tasked with not only a need for healthy financials, but a healthy culture focused on a social purpose. As a leader, it is becoming increasingly clear that the community that supports an organization is asking "Why" and "How"? Throughout my career, I have wrestled with these same questions. Is the purpose of business to strictly turn a profit, or is there more that we desire from them? As I have furthered my journey in leadership, I have embraced a singular ideal: I want to make more than money; I want to make a difference.

I have been routinely described as an out of the box thinker, willing to work through ideas in order to foster growth and innovation. My core leadership belief is extremely simple; I want to create a culture that allows individuals to become their best selves. I have never been a subscriber to the theory that leaders should manage by fear, intimidation or micro management but instead I opt to create a culture of collaboration from the top down. In order for organizations to grow and change for the upcoming future, innovation and openness to new ideas are more important than ever. It is my belief that one of our key jobs as leaders is to lead alongside our teams, working together to achieve common goals. As a leader, I will continue to strive in the future to create a culture of inclusion, creativity, and innovation for years to come.

If you applied for multiple boards, which boards are you most interested in serving on, in order of preference? (Limit to top three)

This is the only board I applied for.

Why are you interested in serving on a City board, commission or committee?

I have been interested in giving back to my community by serving on boards or committees, as you can see from my Education, Professional, and Community Activity box. I believe that it's essential for community members to actively participate in governance by volunteering their time to serve on boards and attend council meetings. My background is in Kinesiology and Education. I enjoyed serving on the Mayor's Fitness Council while it was active. Recently, I applied to be a member of the Texas School Health Advisory Council (TSHAC) and was chosen as an alternate member. This experience sparked my interest in researching board vacancies in the city that interested me. As a result, I applied for a position on this board.
