

Emergency Medical Services County Regional Advisory Council Grant.

Ordinance Authorizing Acceptance & Appropriation of Two (2) Grant Awards

Fire Department
Fire Chief, Brandon Wade

December 16, 2025

Background Information

Ordinance authorizing acceptance of two grants in the amount of \$12,906.00 from the Department of State Health Services for EMS equipment, supplies, education, and training; and appropriating \$12,906.00 into the Fire Grants Fund

Background Information

This ordinance authorizes the Fire Department to accept funding from the Department of State Health Services under the Emergency Medical Services County Regional Advisory Council Grant in the amount of \$12,906.00. The purpose of the grant program is to provide EMS providers with funding for medical personnel expenses, supplies, equipment, education, and training. The annual allocation is distributed and based on active EMS involvement in regional system development.

The purpose of the grant is to provide EMS providers with funding for provider expenses, supplies, equipment, education, and training. The annual allocation is distributed and based on active EMS involvement in regional system development.

Background Information

Typically, the Emergency Medical Services County Regional Advisory Council Grant awards that the Fire Department receives from the Department of State Health Services through CBRAC are for low amounts of funding. For example, the Fire Department received \$5,771.00 in FY 2024 and \$7,138.00 in FY 2025.

Funding from these grants will provide financial assistance for medical personnel expenses, supplies, equipment, education, and training for emergency medical scenarios for CCFD. The City has received this grant funding through annual county allocations for the last 10 years.
