IV. INVESTMENT OBJECTIVES

The following states the investment objectives of the City in order of priority:

A. Preservation and Safety of Principal

Investments of the City shall be undertaken in a manner that seeks to ensure the preservation of capital in the overall Investment Portfolio.

B. Liquidity

The City's Investment Portfolio must be structured in a manner which maintains the liquidity necessary to pay obligations as they become due. Sufficient cash flows must be maintained through cash flow analysis and by rapidly depositing monies and timing disbursements. Generally, Investments are matched to specific cash flow requirements such as payrolls, construction drawdown schedules, debt service payments, and other payables. Liquidity is also achieved by investing in Authorized Investments with active secondary markets or in Public Funds Investment Pools with stable net asset values.

C. Investment Yield

The City's Investment Portfolio shall be designed with the objective of regularly exceeding the average yield of the following benchmarks in a manner consistent with the principles of this Policy described in Section IV. A and B and reflecting the cash flow expectations and portfolio strategy of the City:

Six-month average of Texpool, Texstar and Texas Daily.

However, it must be recognized that differing interest rate environments will result in fluctuations. During a declining market, satisfying this objective may not be practical until Authorized Investments mature and can be re-invested, especially since preservation of capital is the first priority in the investment of monies pursuant to this Policy.

For bond issues to which arbitrage restrictions apply, the primary objectives shall be to avoid negative arbitrage and to obtain market yields minimizing the costs associated with investing such monies.

D. Diversification

Diversification is required because of differing liquidity needs of the City and to control risk. Diversification minimizes the risk to the overall Investment Portfolio by spreading market and credit risk as well as potential losses on individual securities or market sector thereby enhancing safety of the Investment Portfolio.

Through the solicitation of competitive proposals, the City shall allocate and diversify its Investments through various Institutions. The following types of Investments will be solicited from approved Institutions:

1. Obligations of the United States; including obligations that are fully guaranteed or insured by the Federal Deposit Insurance Corporation or by the explicit full faith and credit of the United States.
2. Repurchase Agreements - through a Third Party Safekeeping Institution Agreement, which includes an approved primary dealer doing business in Texas as required by the PFIA;
3. Public Funds Investment Pools - through participation agreements;
4. Certificates of Deposit - through approved local banks or a broker that has a main office or a branch office in this state and is selected from a list adopted by the investing entity.
5. Money Market Mutual Funds;
6. Guaranteed Investment Contracts (for Bond Proceeds only); and
7. Texas Term Investment Pool;

The City recognizes that investment risks can result from default risk, credit volatility risk, and market price risks due to various technical and fundamental economic factors, and other complications, leading to temporary illiquidity.

To control market price risks, volatile Investments shall be avoided. To control default risk, the only acceptable method of payment will be on a delivery versus payment-basis for all transactions, except Public Funds Investment Pools and repurchase agreements.

Delivery versus Payment provides for payment to Institutions at the time the Investments are recorded in book entry form at the City's Third Party Safekeeping Institution, currently maintained at the Federal Reserve. For certificates of deposit, sufficient Collateral at 102% of current market values must be pledged to protect all City monies or monies under its control that exceed Federal Deposit Insurance Corporation (FDIC) coverage; the Collateral must be safe kept at a Third Party Safekeeping Institution not affiliated with the bank or bank holding company providing the certificate of deposit.

VI. INVESTMENT STRATEGIES

A. Investment Maturity Diversification

A minimum of 15% of the total investment portfolio shall be held in Authorized Investments with maturity dates of 90 days or less for liquidity. U.S. Treasuries/Agencies may be purchased for longer-term maturities (greater than one year) but shall not exceed 40% of the total investment portfolio to preserve liquidity.

The weighted average maturity limitation of the overall Investment Portfolio takes these requirements into account to protect liquidity and allow flexibility for market environments. Daily Authorized Investment reports shall monitor and address

whether these diversification requirements are being met. Unless approved by the Investment Committee, the target percentages specified shall not be exceeded for temporary periods greater than thirty (30) days without the Investment Officers taking corrective action.

B. Strategies

1. Operating and CIP Funds

Investment strategies for operating funds and capital improvement funds have as their primary objective the assurance that anticipated cash flows are matched with adequate investment liquidity. The secondary objective is to create an Investment Portfolio structure, which will experience minimal volatility during economic cycles. To accomplish this strategy, the City will purchase high credit quality, short-to-intermediate term investments primarily in a ladder structure.

To pay for anticipated disbursements, Authorized Investments will be ladder to correspond with the projected cash flow needs of the City. Investments maturing that are acquired on the short end of the yield curve 90 days or less will meet immediate cash needs. A few Authorized Investments are purchased on the intermediate part of the yield curve (1-3 year maturity) to lock in higher interest rates when rates are projected to decline due to the economic cycle of the economy. The dollar weighted average investment maturity of 365 days or less will be calculated using the stated final maturity dates of each investment.

2. Debt Service Funds

Investment strategies for debt service funds shall have as the primary objective the assurance that debt service payment obligations are timely met.

3. Debt Service Reserve Funds

Investment strategies for debt service reserve funds shall have as the primary objective the ability to generate a dependable revenue stream with a low degree of volatility. In accordance with the specific bond authorization document, investments should be of high credit quality, with short-to-intermediate-term maturities and a maximum weighted average maturity of one year.

4. Special Purpose Funds

Investment strategies for Special Purpose Funds will have as their primary objective the assurance that anticipated cash flows are matched with adequate Authorized Investment liquidity. The stated final maturity dates and weighted average maturity shall be structured on the project completion date.

These investment portfolios shall include highly liquid investments to allow for flexibility and unanticipated project outlays.

C. Achieving Investment Yield Objectives

The City will utilize a conservative buy and hold strategy for the majority of the Investment Portfolio with investment selection based on legality, appropriateness, liquidity, and risk/return considerations. This strategy recognizes the unique needs of individual funds and provides for their recognized cash flow needs. The remaining portion of the Investment Portfolio may be invested actively and the reasons for doing so are:

1. Passive investment provides for:

- a. Investments targeted to pay upcoming anticipated disbursements.
- b. Liquidity to provide for a measure of anticipated disbursements and
- c. Laddering and diversification to manage market and credit risk.

2. Active investment provides for:

- a. The ability to improve yields in the Investment Portfolio by riding the yield curve during business cycle recovery and expansion periods. Interest rates on longer maturities typically exceed those on shorter maturities. Therefore, longer maturities (that can be held to maturity, if necessary) are purchased in anticipation of selling later at the same or lower interest rate, improving the total return during the holding period.
- b. The ability to improve market sector diversification by swapping out of one investment into another for a better total return, to realign for disbursement projections, or to extend or shorten maturity depending on economic forecasts. The City Manager, or his designee, is required to approve any investment that must be sold at a loss. All gains and losses will be reported to the City Council and Investment Committee no less frequently than on a quarterly basis.

VII. DESIGNATION OF RESPONSIBILITY

A. Investment Committee

An Investment Committee, consisting of City Manager, Assistant City Managers, Director of Financial Services (or if vacant, Assistant Director of Financial Services), City Attorney, Assistant Director of Financial Services/Management and Budget shall meet at least quarterly to determine operational strategies and to monitor investment results. The Investment Committee will review quarterly investment reports before

submission to the City Council and will, on no less than an annual basis, review and adopt a list of authorized broker/dealers prepared by the City. Prudent investment is to be judged by the Investment Portfolio as a whole, not on individual Investments.

In the case of a loss required rating, if liquidation is necessary due to a public funds investment pool losing its AAA rating or for other reasons, liquidation will be done in a prudent manner consistent with the investment objectives of this Policy and as provided in 2256.021 of the Government Code the Act. The Investment Officer shall monitor, on no less than a weekly basis, the credit rating on all authorized investments in the portfolio based upon independent information from a nationally recognized rating agency. If any security falls below the minimum rating required by Policy, the Investment Officer shall notify the City Manager, Director of Finance and City Council of the loss of rating, conditions affecting the rating and possible loss of principal with liquidation options available, within two weeks after the loss of the required rating.

Investment Officers and the Investment Advisor shall perform their duties strictly in accordance with the adopted Investment Policy. Investment Officers acting in good faith and in accordance with these policies and procedures shall be relieved of personal liability if exceptions are reported on a timely basis and prudent actions are taken to reduce potential loss. The Investment Committee and officers are indemnified as provided by City ordinance attached and incorporated as Appendix D.

X. AUTHORIZED COUNTER-PARTIES

It is imperative that the securities in the Investment Portfolio be protected through independent safekeeping and all time deposits and demand bank cash balances be protected with sufficient collateral at a minimum of 102% daily of current market values to guard against market and volatility risk.

A. Pledged Collateral for Time and Demand Deposits

Depository collateral is *pledged* to and not owned by the City. All collateral shall be held by a custodian approved by the City under an executed collateral agreement.

The market value of pledged collateral for time and demand deposits must be at least 102% of the principal plus accrued interest. The custodian will provide a monthly listing of collateral describing the securities and giving a market value. An investment officer will approve and release all pledged collateral. The Investment Officers will monitor adequacy of collateralization on a weekly basis.

B. Collateral Substitution

Collateralized investments and certificates of deposit often require substitution of Collateral. Any Institution must contact the Investment Officers for approval and settlement. Sec. 2256.005. INVESTMENT POLICIES; INVESTMENT STRATEGIES; INVESTMENT OFFICER. (a) The governing body of an investing entity shall adopt by rule, order, ordinance, or resolution, as appropriate, a written investment policy regarding the investment of its funds and funds under its control.

(b) The investment policies must:

- (1) be written;
- (2) primarily emphasize safety of principal and liquidity;
- (3) address investment diversification, yield, and maturity and the quality and capability of investment management; and
- (4) include:
 - (A) a list of the types of authorized investments in which the investing entity's funds may be invested;

(B) the maximum allowable stated maturity of any individual investment owned by the entity;

(C) for pooled fund groups, the maximum dollar-weighted average maturity allowed based on the stated maturity date for the portfolio;

(D) methods to monitor the market price of investments acquired with public funds;

(E) a requirement for settlement of all transactions, except investment pool funds and mutual funds, on a delivery versus payment basis; and

(F) procedures to monitor rating changes in investments acquired with public funds and the liquidation of such investments consistent with the provisions of Section 2256.021.

(c) The investment policies may provide that bids for certificates of deposit be solicited:

- (1) orally;
- (2) in writing;
- (3) electronically; or
- (4) in any combination of those methods.

(d) As an integral part of an investment policy, the governing body shall adopt a separate written investment strategy for each of the funds or group of funds under its control. Each investment strategy must describe the investment objectives for the particular fund using the following priorities in order of importance:

- (1) understanding of the suitability of the investment to the financial requirements of the entity;
- (2) preservation and safety of principal;
- (3) liquidity;
- (4) marketability of the investment if the need arises to liquidate the investment before maturity;
- (5) diversification of the investment portfolio; and
- (6) yield.

(e) The governing body of an investing entity shall review its investment policy and investment strategies not less than annually. The governing body shall adopt a written instrument by rule, order, ordinance, or resolution stating that it has reviewed the investment policy and investment strategies and that the written instrument so adopted shall

record any changes made to either the investment policy or investment strategies.

(f) Each investing entity shall designate, by rule, order, ordinance, or resolution, as appropriate, one or more officers or employees of the state agency, local government, or investment pool as investment officer to be responsible for the investment of its funds consistent with the investment policy adopted by the entity. If the governing body of an investing entity has contracted with another investing entity to invest its funds, the investment officer of the other investing entity is considered to be the investment officer of the first investing entity for purposes of this chapter. Authority granted to a person to invest an entity's funds is effective until rescinded by the investing entity, until the expiration of the officer's term or the termination of the person's employment by the investing entity, or if an investment management firm, until the expiration of the contract with the investing entity. In the administration of the duties of an investment officer, the person designated as investment officer shall exercise the judgment and care, under prevailing circumstances, that a prudent person would exercise in the management of the person's own affairs, but the governing body of the investing entity retains ultimate responsibility as fiduciaries of the assets of the entity. Unless authorized by law, a person may not deposit, withdraw, transfer, or manage in any other manner the funds of the investing entity.

(g) Subsection (f) does not apply to a state agency, local government, or investment pool for which an officer of the entity is assigned by law the function of investing its funds.

Text of subsec. (h) as amended by Acts 1997, 75th Leg., ch. 685, Sec. 1

(h) An officer or employee of a commission created under Chapter 391, Local Government Code, is ineligible to be an investment officer for the commission under Subsection (f) if the officer or employee is an investment officer designated under Subsection (f) for another local government.

Text of subsec. (h) as amended by Acts 1997, 75th Leg., ch. 1421, Sec. 3

(h) An officer or employee of a commission created under Chapter 391, Local Government Code, is ineligible to be designated as an investment officer under Subsection (f) for any investing entity other than for that commission.

(i) An investment officer of an entity who has a personal business relationship with a business organization offering to engage in an investment transaction with the entity shall file a statement disclosing that personal business interest. An investment officer who is related within the second degree by affinity or consanguinity, as determined under Chapter 573, to an individual seeking to sell an investment to the investment officer's entity shall file a statement disclosing that relationship. A statement required under this subsection must be filed with the Texas Ethics Commission and the governing body of the entity. For purposes of this subsection, an investment officer has a personal business relationship with a business organization if:

(1) the investment officer owns 10 percent or more of the voting stock or shares of the business organization or owns \$5,000 or more of the fair market value of the business organization;

(2) funds received by the investment officer from the business organization exceed 10 percent of the investment officer's gross income for the previous year; or

(3) the investment officer has acquired from the business organization during the previous year investments with a book value of \$2,500 or more for the personal account of the investment officer.

(j) The governing body of an investing entity may specify in its investment policy that any investment authorized by this chapter is not suitable.

(k) A written copy of the investment policy shall be presented to any person offering to engage in an investment transaction with an investing entity or to an investment management firm under contract with an investing entity to invest or manage the entity's investment portfolio. For purposes of this subsection, a business organization includes investment pools and an investment management firm under contract with an investing entity to invest or manage the entity's investment portfolio. Nothing in this subsection relieves the investing entity of the responsibility for monitoring the investments made by the investing entity

to determine that they are in compliance with the investment policy. The qualified representative of the business organization offering to engage in an investment transaction with an investing entity shall execute a written instrument in a form acceptable to the investing entity and the business organization substantially to the effect that the business organization has:

(1) received and reviewed the investment policy of the entity;
and

(2) acknowledged that the business organization has implemented reasonable procedures and controls in an effort to preclude investment transactions conducted between the entity and the organization that are not authorized by the entity's investment policy, except to the extent that this authorization is dependent on an analysis of the makeup of the entity's entire portfolio or requires an interpretation of subjective investment standards.

(l) The investment officer of an entity may not acquire or otherwise obtain any authorized investment described in the investment policy of the investing entity from a person who has not delivered to the entity the instrument required by Subsection (k).

(m) An investing entity other than a state agency, in conjunction with its annual financial audit, shall perform a compliance audit of management controls on investments and adherence to the entity's established investment policies.

(n) Except as provided by Subsection (o), at least once every two years a state agency shall arrange for a compliance audit of management controls on investments and adherence to the agency's established investment policies. The compliance audit shall be performed by the agency's internal auditor or by a private auditor employed in the manner provided by Section 321.020. Not later than January 1 of each even-numbered year a state agency shall report the results of the most recent audit performed under this subsection to the state auditor. Subject to a risk assessment and to the legislative audit committee's approval of including a review by the state auditor in the audit plan under Section 321.013, the state auditor may review information provided under this section. If review by the state auditor is approved by the legislative audit committee, the state auditor may, based on its review, require a state agency to also report to the state auditor other information the

state auditor determines necessary to assess compliance with laws and policies applicable to state agency investments. A report under this subsection shall be prepared in a manner the state auditor prescribes.

(o) The audit requirements of Subsection (n) do not apply to assets of a state agency that are invested by the comptroller under Section 404.024.

Sec. 2256.006. STANDARD OF CARE. (a) Investments shall be made with judgment and care, under prevailing circumstances, that a person of prudence, discretion, and intelligence would exercise in the management of the person's own affairs, not for speculation, but for investment, considering the probable safety of capital and the probable income to be derived. Investment of funds shall be governed by the following investment objectives, in order of priority:

- (1) preservation and safety of principal;
- (2) liquidity; and
- (3) yield.

(b) In determining whether an investment officer has exercised prudence with respect to an investment decision, the determination shall be made taking into consideration:

- (1) the investment of all funds, or funds under the entity's control, over which the officer had responsibility rather than a consideration as to the prudence of a single investment; and
- (2) whether the investment decision was consistent with the written investment policy of the entity.

Amended by Acts 1995, 74th Leg., ch. 402, Sec. 1, eff. Sept. 1, 1995.

The treasurer or chief financial officer of an investing entity created under authority of Section 52(b), Article III, or Section 59, Article XVI, Texas Constitution, and that has fewer than five full-time employees is not required to attend training required by this section unless the person is also the investment officer of the entity.

APPENDIX B
Code of Ethics

ARTICLE V. - CODE OF ETHICS²²¹
DIVISION 1. - RULES OF CONDUCT
Sec. 2-310. - Preamble.

The purpose of this code of ethics is to promote public trust by establishing rules of conduct for city council members, board members, and employees; by providing a fair process for receiving and adjudicating complaints; and by requiring periodic financial disclosure. The rules of conduct form the basis for possible sanctions, and are therefore intended to clearly define proper conduct so that those who must comply may understand the rules and carry out their responsibilities consistently with the rules. It is recognized that situations with ethical implications will arise outside the prohibitions of the rules; in such situations, council members, board members, and employees are encouraged to keep in mind the ideal of the public trust and to conduct themselves in a manner to avoid the appearance of impropriety even where not compelled by the rules.

If a council member believes that he/she should abstain from voting on an item to avoid the appearance of impropriety, as encouraged by this code of ethics Ordinance, or who in discussing or voting on an issue is unable to take an unbiased position, that council member shall be disqualified from discussions about and subsequent voting for that item under this city ordinance.

The city recognizes that city council members are also members of the society and, therefore, cannot and should not be without any personal and economic interest in the decisions and policies of government; that city council members retain their rights as citizens to interests of a personal or economic nature and their rights to publicly express their views on matters of general public interest. It is not the intent of this ordinance to diminish the rights of city council members as citizens of the community.

However, city council members may not use their positions in dealing with the city manager or city employees to advance their personal economic interest, their families' economic interest, or the entities in which they have a substantial interest.

(Ord. No. 23772, § 1, 9-21-1999; Ord. No. 028170, § 1, 5-12-2009; Ord. No. 028271, § 2, 8-18-2009; Ord. No. 029428, § 1, 3-27-2012)

- **Sec. 2-311. - Standards.**

The following rules of conduct apply to all council members, board members, and employees:

Special privileges.

- (1) You shall not use your office for private advancement or gain or to secure special privileges or exemptions for yourself or others.
- (2) You shall not grant any special consideration, treatment or advantage to any person or group beyond that which is available to others generally.
- (3)(a) You shall not use city facilities, personnel, equipment or supplies for purposes unrelated to the interests of the city, except to the extent such are lawfully available to the public.  - (b) You may not spend or authorize the spending of public funds for political advertising. This prohibition does not apply to a communication that factually describes the purposes of a measure if the communication does not advocate passage or defeat of the measure. This paragraph shall be construed consistently with Texas Election Code Section 255.003.

- (4) Unless you are a council member, you shall not use the prestige of your position with the city on behalf of any political party or cause.
- (5) You shall maintain appropriate relationships with other officials, employees, customers, defendants, and individuals receiving services from you or your organizational unit, and shall not use your position to engage in any inappropriate personal relationships.

Gifts:

- (6) You shall not accept or solicit any money, property, service or other thing of value by way of gift, favor, loan or otherwise that might reasonably tend to influence you in the discharge of your official duties or which you know or should have known was offered with the intent to influence or reward your official conduct.
- (6)(a) Special applications. Subsection 2-311(5) does not include:

 - (11) Admission to training or education program or other program, including meals and refreshments furnished to all attendees, if such training is related to the official or employee's official duties and the training is in the interest of the city.
- (7) In the event you receive any gift or loan of property or services on behalf of the city, you shall promptly deliver such gift or loan to the city manager for official acceptance and inventory of the city.

Conflicts of interest:

(8)(A) If a contract or business transaction involving the city, in which you or one of your relatives have a conflict of interest or potential conflict of interest comes before you in the performance of your official duties, you shall take the following actions:

- (i) Immediately make a written disclosure of your interest in the matter to the city secretary and city manager.
- (ii) Abstain from any vote or decision.

(C) If you were initially not aware that you or a relative has a conflict or potential conflict of interest, you must comply with (7)(A) as soon as you become aware that you have or should have been aware that you have the conflict or potential conflict of interest.

(D) However, you may apply for city services or discuss your personal interest with a city representative on behalf of your own interest if you notify the city secretary and city manager in writing that you have a personal interest in a matter that requires action by the city, and that you are acting strictly in your private capacity, and not as a member of the city council or board or as a city employee and you advise any member of the city council, city board or commission, or any city employee you are dealing with that you are appearing only in your private capacity.

(9) You shall not engage in any outside activities or employment which will conflict or be incompatible with the full and proper discharge of your official duties, impair your independent judgment in the performance of your duties, or reflect discredit upon the city.

(10) You shall not represent any other private person, or group or interest in any action or proceeding against or adverse to the interest of the city or in any litigation in which the city is a party.

(11) You shall not represent any other private person or group in any action or proceeding in the municipal courts of the city which was instituted by city officers or employees in the course of their official duties.

(13) You shall not disclose information that could adversely affect the property or affairs of the city, except as required by law.

(14) You shall not knowingly perform or refuse to perform any act in order to deliberately thwart the execution of federal, state or local laws or regulations or the achievement of any official city programs.

(15) You shall not engage in any felony crime, misdemeanor involving moral turpitude, or other conduct that reflects discredit on the city.

Provisions for council members:

(16) As a city council member, individually, you shall not have a substantial interest in any contract with the City of Corpus Christi.

(17) In order to preserve and promote independent advice and decisions from city boards and the integrity of the independent board process as a council member, you shall not speak before any city board, commission or committee except on behalf of your own financial interest; in which case, you shall publicly state the nature of your financial interest and that you are appearing only in your private capacity.

(18) As a council member, you shall not give any orders to any employee except through the city manager as provided by the City Charter.

(19) As a council member, you shall not participate in the process for the appointment of or the confirmation of the appointment of a member to a board, commission or committee of the city, or to the governing body of an independent entity all or part of whose members are appointed by the city council, after you are aware that an individual seeking, being promoted for, or being considered for the position:

- (21) As a board member, you shall not represent or appear on behalf of the private interest of others before your board, commission or committee, the city council, or any board which has appellate jurisdiction over your board, commission or committee, concerning a matter which is within the subject matter jurisdiction of your board. (This rule does not prohibit you from appearing on behalf of your own financial interest even though others may have the same or a similar interest.)

Provisions for employees:

- (22) As an employee you shall not have an interest in any contract with the city. This prohibition does not include any employment contract which may be authorized for the employee, a contract of sale for real property or a contract for services which are available for all citizens.
- (23) Unless previously recommended by the city manager, and approved by the ethics commission, as an employee, you shall not, within twelve (12) months after leaving city employment, represent any other person or organization in any formal or informal appearance with the city council or any other agency or employee of the city concerning a project for which you had responsibility as an employee.
- (24) As an employee, you shall not represent or appear on behalf of the private interest of others before the city council or any board, commission or committee of the city. (This rule does not prohibit you from appearing on behalf of your own financial interest even though others may have the same or a similar interest).
- (25) As an employee, you may not be employed by any business or individual who has business dealings with or for your department, including any work that is subject to review or inspection by your department, even if you do not personally review or inspect the work of the business or individual.

(2) *Mobilizing entity constituents.* A person whose only lobbying activity is to encourage or solicit the members, employees, or owners (including shareholders) of an entity by whom the person is compensated to communicate directly with one or more city officials to influence municipal questions. - (11) made on behalf of an individual with regard to that individual's employment or benefits;
- (12) made by a fact witness or expert witness at an official proceeding; or
- (13) made by a person solely on behalf of that individual, his or her spouse, or his or her minor children.

(e) *Municipal question* means a public policy issue of a discretionary nature pending or impending before city council or any board or commission, including but not limited to proposed action, or proposals for action, in the form of ordinances, resolutions, motions, recommendations, reports, regulations, policies, nominations, appointments, sanctions, and bids, including the adoption of specifications, awards, grants, or contracts. The term municipal question does not include the day-to-day application, administration, or execution of city programs and policies.

Subsection C. Registration.

(a) A registration form shall be completed and filed by a person required to register prior to the commencement of lobbying activity for a client.

(b) A separate registration form must be filed for each client.

(c) The registration shall be on a form prescribed by the city secretary and shall include, to the extent applicable:

(d) A registrant shall file an amended registration if the information contained in the current registration changes or is incorrect.

(e) A registrant may file a termination of registration when no longer required to register.

APPENDIX D

Legal Defense and Indemnification of City officers and Employees

APPENDIX D
Corpus Christi Code of Ordinances
Chapter 39 Personnel Article I In General

Sec. 39-14. - Legal defense and indemnification of city officers and employees.

(a) *Definitions.* For the purposes of this section the term "officer" shall include any elected or appointed official of the city; and the term "employee" shall include all employees of the city, whether under civil service or not, including firemen and policemen, and shall include authorized volunteers, working under a volunteer program approved by the city manager.

(b) *Indemnification.* Any officer or employee who is liable for the payment of any claims or damages arising out of the course and scope of employment shall be entitled to indemnification by the city provided that the acts or omissions resulting in such liability were done in good faith and without malicious or felonious intent. For the purposes of this section, the term "arising out of the course and scope of employment" shall not include any action which occurs during a period of time in which the officer or employee is engaged in outside employment or is rendering contractual services to someone other than the city. Whether the acts were done in good faith, without malicious or felonious intent, and within the course and scope of employment shall be determined by the city, and such determination shall be final for the purposes of the representation and indemnity of this section; provided, however, that in the event such representation and indemnity have been denied by the city, if upon a trial on the merits the city determines that the officer or employee was acting in good faith, without malicious or felonious intent and within the scope of employment the indemnification hereunder shall be granted and reasonable legal expenses incurred in the defense of the claim reimbursed. The city shall not be liable for any settlement of any such claim or suit effected without consent, and the city reserves the right to assert any defense and make any settlement of any claim or suit that it deems expedient.

(c) *Representation in actions.* The city shall have the right and duty to provide legal representation through the city attorney, or in its discretion through the selection of outside legal counsel, to any officer or employee sued in connection with any claim for damages or other civil action against such person arising out of the course and scope of employment, provided that such officer or employee is entitled to indemnification as set forth in this section. Such legal representation shall be provided at no cost to the officer or employee, and any officer or employee may have his or her own counsel assist in the defense at the sole expense of the officer or employee. The officer or employee shall cooperate fully with the city in preparation and presentation of the case, and the failure to cooperate shall waive such officer's or employee's right to representation and indemnity under this section.

(d) *City's defenses.* Nothing in this section shall be construed as waiving the city's defense of governmental immunity to it or its employees or officers in any action brought against the city or such officer or employee. For any suit or claim arising under the Texas Tort Claims Act, the indemnity provided by this section shall be limited to the statutory limits applicable to the city provided in said Act, as amended.

(e) *Notice.* The provisions of this section shall apply only where the city has been given notice of the action brought against any city officer or employee within ten (10) days of service of process upon the officer or employee.

(f) *Disciplinary actions.* Nothing in this section shall prevent the city from taking disciplinary action against any officer or employee for conduct defended or indemnified by the city under this section, either before or after conclusion of the civil suit.

(g) *Suits in behalf of the city.* Nothing in this section shall require the city to indemnify any officer or employee for recoveries made against him or her in suits by or on behalf of the city. The city council may, however, authorize the city attorney to represent any officer or employee in a suit brought by a taxpayer in behalf of the city against the officer or employee.
