

CORPUS CHRISTI REGIONAL TRANSPORTATION AUTHORITY

One (1) vacancy with term to 6-30-2022, representing the following category: City-Transportation Disadvantaged.

Duties

The Corpus Christi Regional Transportation Authority operates and provides for a public transportation system for Nueces County and the cities included in the Authority.

Composition

Board of Directors consist of eleven (11) members - five (5) appointed by the City Council; three (3) appointed by Nueces County Commissioners Court; two (2) appointed by the Mayors of Cities in the Transit Authority other than Corpus Christi (Agua Dulce, Bishop, Driscoll, Gregory, Port Aransas, Robstown and City of San Patricio); and the Chairman who is appointed by the Board. The principal municipality shall make its appointments to the board so that at least one of the appointees is designated to represent the interests of the transportation disadvantaged (elderly, persons with disabilities or low-income individual.) The statute does not mandate that this Board member be transportation disadvantaged. If the Chairman is from the membership, the entity that appointed that person will appoint a replacement. Terms shall be for two years; members may serve up to eight consecutive years as stated by State Law. The State Sunset Committee suggests that the appointing bodies should consider the appointment of a regular rider of the transit system. A member of the board must be a qualified voter

Why are you interested in serving on a City board, commission or committee?

I am interested in serving on the City of Corpus Christi RTA board because as Moshe Feldenkrais so brilliantly stated "Movement (transportation) is life. Life is a process. Improve the quality of the process and you improve the quality of life itself." Corpus Christi is an amazing city with wonderful residents. I would love to be part of the movement that improves the process which would improve the quality of an already phenomenal city. Furthermore, although I do not have any disabilities I do have family members, clients, and friends who are either elderly, have disabilities or are low income. I have heard their struggles with transportation and would love to be their voice on the RTA.

I have had years of experience dealing with the needs of disadvantaged transportation deprived individuals. I have seen first hand how we can empower persons how we can rejuvenate individuals who are challenged because of mobility. I would love to be that voice. I have seen first hand what mobility means ... think back remember the freedom when you first rode a bike .. When you first drove ... how it felt ...the whole world ... because you are elderly disadvantaged or poor you should not be denied this, your ability to go to the doctor to the store. To live

Why are you interested in serving on a City board, commission or committee?

I am very interested in serving on the CCRTA Board so that I can continue to advocate for people with disabilities and the senior citizen communities. I have a successful 39 year career working with students/adult learners with blindness. I have dedicated most of my time to my professional organizations that deal with the education and rehabilitation of blind people. I am very involved in training blind individuals to travel independently so they can become active and productive members of the workforce. I have experience working in the public school system, private sector and now in the rehabilitation arena. I have worked with babies as young as a month old and seniors who want to retain their independence. I have also prepared special education teachers to become certified teachers for the blind and visually impaired. I have mentored new teachers of the blind and O&M Specialists in the field so I could share my teaching experiences and watch them develop their strengths in teaching. I believe I can provide some fresh insight to the CCRTA Board by sharing the experiences of the people and families I have served. As a teacher, a parent, a consultant and someone who believes in teaching all people on how to use alternative means of travel, I feel I can be objective in analyzing goals in a proactive manner to further assist in the development of quality services for CCRTA customers.

Explain how you represent the interests of the transportation disadvantaged. (If No, enter "N/A")

I am a senior citizen (70+), and a Black/African American woman. For decades, I have resided in/and currently reside in a low income and disadvantaged and minority community- which on a very large scale makes up the ridership of our transportation system. I will bring more purposeful insight of the transportation disadvantaged to this board, and will gladly represent this group of people who needs a 'constant voice' to ensure systemic changes and enhanced services.

Explain how you represent the interests of the transportation disadvantaged. (If No, enter "N/A")

My first job with the City of Corpus Christi after graduate school was to develop the Elderly and Handicapped Transportation System. The system was located with Senior Community Services Center Lindale from 1976 - 1980 then the system was combined into City Transit from 1980 - 1986, with the creation of the Regional Transportation Authority who operates the Care B system today, giving me a unique experience with Disability Rights and transportation , I sit on MHID foundation Board and as a member of the CBCIL (Coastal Bend Center for Independent Living) . My unique experience having insight with Urban and Rural Transportation, experience with disability rights groups, and being a stage IV cancer survivor gives me an insight that 95% of the applicants would not possess. Thank you for your consideration
