**FORM STRATEGIC PARTNERSHIP AGREEMENT**

## **STRATEGIC PARTNERSHIP AGREEMENT**

THE STATE OF TEXAS           §  
   §  
COUNTY OF NUECES           §

This **STRATEGIC PARTNERSHIP AGREEMENT** (this "*Agreement*") is made and entered into, effective as of \_\_\_\_\_, 202\_, by and between the **CITY OF CORPUS CHRISTI, TEXAS**, a home-rule municipal corporation of the State of Texas (the "*City*"), and **NUECES COUNTY IMPROVEMENT DISTRICT NO. 1**, a conservation and reclamation district created pursuant to Article XVI, Section 59, Article III, Section 52 and Section 52-a, Texas Constitution, and operating pursuant to Chapter 375, Texas Local Government Code, as amended, and Chapters 49 and 54, Texas Water Code, as amended (the "*District*").

### **RECITALS**

The District was created with the consent of the City for the purpose of providing water, sewer, drainage, road and, to the extent authorized by law, parks and recreational facilities to the land within its boundaries. The District is located entirely within the extraterritorial jurisdiction ("*ETJ*") of the City.

Texas Local Government Code Section 43.0751 (the "*Act*") provides that the City and the District may enter into a strategic partnership agreement by mutual consent and the City and the District wish to enter into such an agreement.

The City and the District, after the provision of required notices, held public hearings in compliance with the Act. Based upon public input received at such hearings, the City and the District wish to enter into a strategic partnership agreement to plan for the eventual full-purpose annexation of the District by the City.

**NOW, THEREFORE**, for and in consideration of the mutual agreements, covenants, and conditions contained herein, and other good and valuable consideration, the City and the District agree as follows:

### **ARTICLE 1. DEFINITIONS**

1.01. **Definitions.** The terms *Act*, *Agreement*, *City*, *District* and *ETJ* shall have the meanings provided for them in the recitals, above. Except as may be otherwise defined, or the context clearly requires otherwise, capitalized terms and phrases used in this Agreement shall have the meanings as follows:

*Commercial* means all non-residential development, except for developments owned by a tax-exempt entity, a non-profit entity, or a homeowner or property owner association.

*Commission* means the Texas Commission on Environmental Quality and its successors.

*Developer* means the entity or entities advancing funds to the District for the design and construction of District facilities and for other legal purposes which advances are subject to reimbursement by the District pursuant to the rules of the Commission.

*Person* means any individual, partnership, association, firm, trust, estate, public or private corporation, or any other entity whatsoever.

*Sales and Use Tax* means the sales and use tax authorized to be imposed in the District by the Act and TEX. TAX CODE, Chapter 321.

1.02. Findings and conclusions. The City and the District hereby find and declare:

a. The Act authorizes the City and the District to enter into this Agreement.

b. In compliance with Subsection (p) of the Act, this Agreement (i) does not require the District to provide revenue to the City solely for the purpose of an agreement with the City to forgo annexation of the District, and (ii) provides benefits to each party, including revenue, services, and regulatory benefits, which are reasonable and equitable with regard to the benefits provided to the other party.

c. All the terms and conditions contained in this Agreement are lawful and appropriate to provide for the provision of municipal services and annexation.

d. The District is not obligated to make payments to the City for services except as otherwise provided herein.

e. This Agreement has been duly adopted by the City and the District after conducting two public hearings at which members of the public who wanted to present testimony or evidence regarding the Agreement were given the opportunity to do so. Notice of each hearing was published in the format required by TEX. LOCAL GOV'T CODE, Section 43.123(b) and was published at least once on or after the 20th day before each public hearing of the City. The District's notice of

each hearing was given as required under the Texas Water Code for other district notifications.

## ARTICLE 2 ANNEXATION OF THE DISTRICT

2.01. Conditions to annexation. The parties agree that the District and its residents should be allowed to develop and function with certainty regarding the conditions under which annexation will be authorized by the City. As a result, the City and the District agree that, without regard to the City's right and power under existing or subsequently enacted law and subject to Section 2.02, the City will not fully annex any property within District until all of the following conditions have been satisfied, and shall thereafter be authorized, but not required, to fully annex the District for any purpose:

a. Ninety percent (90%) of the acreage within the District has been horizontally developed; and

b. The Developer, and its successors and assigns, has been fully reimbursed by the District to the maximum extent permitted by the rules of the Commission or other applicable law for all eligible development and construction costs, all as certified in writing by the Developer to the City.

In addition to satisfaction of the conditions provided above, if the District has bonds, notes or other indebtedness outstanding that are payable for and secured by the District's ad valorem taxes, the City shall not be authorized to annex the District for full purposes unless and until the City is authorized to levy an ad valorem tax on property in the District and is authorized to levy an ad valorem tax in an amount sufficient to pay the assumed District indebtedness.

2.02. Annexation of Commercial property. Notwithstanding Section 2.01, in the event property within the District is developed for Commercial purposes, the City may annex for limited purposes any Commercial property within the District at any time after the effective date of this Agreement, as determined by the City (the "*Annexed Commercial Property*"). The City and the District shall work together to identify Commercial property to be annexed for limited purposes. In the event Commercial property is annexed for limited purposes, the District shall remain in existence, with full powers, and any Annexed Commercial Property shall also remain in the boundaries of the District, subject to the full power and authority of the District with respect to water, wastewater, drainage, and roads and parks and recreational facilities, as applicable, and services. The limited purpose annexation of Commercial property is solely for the imposition and collection of the City's Sales and Use Tax within the Annexed Commercial Property to the extent available. The City shall not impose its ad valorem taxes upon any portion of the District property during the period of limited purpose annexation. This annexation provision is

in lieu of any full purpose annexation of Commercial property or annexation of residential property prior to the annexation of the entire District as provided in this Article.

In accordance with TEX. LOCAL GOV'T CODE, Section 43.0751(r)(2), the District consents to noncontiguous annexation of the Annexed Commercial Property.

2.03. Operations prior to full annexation. Prior to annexation of the entire District for full purposes, except as may be specifically provided in this Agreement, the District is authorized to exercise all powers and functions of a municipal management district as such powers and functions may be authorized and provided by law, including, without limiting the generality of the foregoing, the power to incur debts, liabilities, or obligations, to construct utility facilities, roads, parks and related improvements, or to contract with others for the provision and operation thereof, or sell or otherwise transfer property without prior approval of the City, and the exercise of such powers is hereby approved by the City.

2.04. Continuation of the District following full annexation. Upon full purpose annexation of the entire District under the provisions of Section 2.01 above, the District will continue to exist for an extended period to allow for the completion of District operations and the integration of the District's systems into the City's systems, following which period the City shall act to abolish the District in accordance with applicable law. If the City has not abolished the District within 120 days after such annexation under Section 2.01, then the District shall be automatically abolished on the 121st day after such annexation. At such time, the City will assume all rights, assets, liabilities, and obligations of the District and the District will not be continued or converted for limited purposes. Upon full purpose annexation, fees and charges imposed on residents of the former District for services provided by the City shall be equal to those fees and charges imposed on all other residents of the City.

2.05. Attempted incorporation. Notwithstanding any provision herein to the contrary, in the event that an election is called pursuant to applicable law in connection with a bona fide petition for incorporation of a municipality, the proposed area shall not be incorporated unless the governing body of the City gives its written consent by Ordinance, and the City shall be entitled to annex that portion the District attempting to incorporate.

### ARTICLE 3 LIMITED PURPOSE ANNEXATION OF LAND

3.01. Imposition of the City's Sales and Use Tax. In the event the City elects to annex Commercial property for limited purposes as provided in Section 2.02 of this Agreement, the City shall impose its Sales and Use Tax upon the Annexed Commercial Property pursuant to Subsection (k) of the Act to the extent such imposition does not cause the combined rate of all sales and use taxes imposed by the City and other political subdivisions of the state having territory in the Annexed Commercial Property to exceed two percent (2%) as required by TEX. TAX CODE, §321.101(f). The Sales and Use Tax shall be imposed on the receipts from the sale and use at retail of taxable items at the rate that when added to the combined rate of local sales and use taxes previously adopted by other political subdivisions of the state having territory in the Annexed Commercial Property will equal not more than two percent (2%) or the rate specified under future amendments to Chapter 321 of the TEX. TAX CODE. The Sales and Use Tax shall take effect on the date described in TEX. TAX CODE, §321.102.

3.02. City's Sales and Use Tax Revenue Share. In consideration of the District's adoption of this Agreement, the City agrees to allocate to the District fifty (50%) percent of the gross revenues generated in the Annexed Commercial Property and received by the City through its imposition of Sales and Use Tax.

### ARTICLE 4 DEFAULT, NOTICE AND REMEDIES

4.01. Default; notice. A breach of any material provision of this Agreement after notice and an opportunity to cure shall constitute a default. The non-breaching party shall notify the breaching party of an alleged breach, which notice shall specify the alleged breach with reasonable particularity. If the breaching party fails to cure the breach within a reasonable time not sooner than 30 days after receipt of such notice (or such longer period of time as the non-breaching party may specify in such notice), the non-breaching party may declare a default hereunder and exercise the remedies provided in this Agreement in the event of default.

4.02. Remedies. In the event of a default hereunder, the remedies of the non-defaulting party shall be limited to either or both of the following:

- a. Monetary damages for actual losses incurred by the non-defaulting party if such recovery of monetary damages would otherwise be available under existing law and the defaulting party is not otherwise immune from paying such damages; and

b. Injunctive relief specifying the actions to be taken by the defaulting party to cure the default or otherwise comply with its obligations hereunder. Injunctive relief shall be directed solely to the default and shall not address or include any activity or actions not directly related to the default.
