Re: Time Extension Request
The Villas PUD (plat)
SuperElite
Project No. 43122.C100/0000000431

Mr. Orozco:

The final plat of The Villas is coming up for expiration on August 10, 2024. At this time, we, Urban Engineering, on behalf of SuperElite would like to request a time extension of a twelve (12) months for the above-referenced project. Additional time is needed to update previously approved construction plans to current City requirements. We have included a check in the amount of \$379.34 for this request. Please feel free to call if you have any questions or comments.

Regards,

Urban Engineering
