

**“One-Way” Traffic Flow Designation
10th Street, From Ayers Street to Staples Street,
(Southbound Direction)**

City Council Presentation
January 26, 2021

Location Map

10th Street “One-Way” Concept

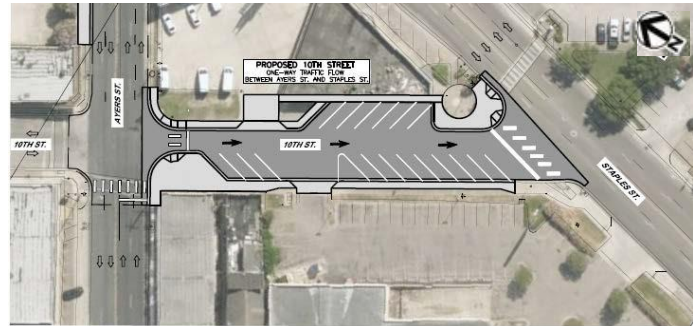

Existing:

- Two-Way Flow
- Parallel Parking
- Safety Issues for Left-Turn Movement (Staples St.)
 - ❑ 4-Lanes, No TWLT Lane

Proposed:

- One-Way Flow, Southbound Direction (Safety Enhancement)
- Head-In Angled Parking (Public Request)

Recommendation

- City Staff Recommends “ONE-WAY” Traffic Flow Along 10th Street, Between Ayers Street and Staples Street, in the Southbound Direction
 - Increases Parking – Meets Public Request
 - Safety Enhancement – Staples Street Between Six Points and Buckaroo Trail is reduced to four-lanes with no center turn-lane.
 - Three streets (Buckaroo Trail, Brownlee Boulevard and 10th Street) intersect between Ayers Street and Staples Street.
 - Brownlee Boulevard is signalized.
 - Buckaroo Trail and 10th Street are unsignalized, but Buckaroo Trail is designated as “ONE-WAY”, Southbound
-
