Staff Analysis and Recommendation

- The proposed amendment to the current zoning district is generally consistent with the goals and strategies of the City of Corpus Christi Comprehensive Plan and with the FLUM designation of Transition Aviation Special District.
- In reviewing the applicant's proposed amendment, and determining the appropriateness of such a request, staff considered the activities associated with a contractor's shop, siting, and compatibility with the nearby base, the zoning and conforming uses of surrounding properties, and the character of the neighborhood, and drafted special conditions to limit any adverse impacts.
- The proposed rezoning is compatible with the Joint Land Use Study (JLUS), which is also cited in the Flour Bluff ADP. NAS-CC and the City prepared and adopted a JLUS in 2013 that called for land use changes to ensure compatibility with military and civilian aviation.

STAFF RECOMMENDS APPROVAL

TO THE "CG-1/SP" GENERAL COMMERCIAL W/ A SPECIAL PERMIT

Special Permit Conditions

Use: The only use allowed on the subject property other than uses permitted in the base zoning district is a light industrial service use, specifically, a building, heating, plumbing, or electrical contractor's shop, except for storage yard, and any other uses listed under the Light Industrial Service use category per UDC Section 5.1.5.A.
