Analysis & Recommendation

- The proposed amendment is consistent with elements, goals and strategies of the City of Corpus Christi Comprehensive plan and the FLUM designation of commercial along FM-43 in the largely unincorporated London Area.
- The London area, unincorporated at the time of its area development plan adoption (and remains largely so), and with much anticipated growth, forecasted land uses and development patterns that the proposed rezoning aligns with.
- The proposed amendment is compatible with the present zoning and conforming uses of nearby property and to the character of the surrounding area.
- The property to be rezoned is suitable for use permitted by the zoning district to be applied by the proposed amendment. The proposed rezoning is a necessity to this evolving area and will not overwhelm the well sought-after character of the area at the chosen site.
