DEAAG Overview

- On October 31, 2023, the Council approved the application for two grants from the DEAAG Program offered to Texas Military Installations by the Texas Military Preparedness Commission on behalf of Naval Air Station Corpus Christi (NAS-CC) and the Corpus Christi Army Depot (CCAD).
 - On January 4, 2025, the City received notice that both grants had been awarded. NAS-CC was awarded \$988,567.12 for the wastewater lift station modernization, and \$330,000 was awarded to CCAD for new condensate return stations.
 - NAS-CC and the Corpus Christi Army Depot (CCAD) employ almost 11,000 people and financially contribute over \$4.7 billion to the Corpus Christi economy. These projects were identified by NAS-CC and CCAD as priorities to sustain their mission.
 - Projects will begin once the gift acceptance process is complete. We hope to start in August 2025 and finish in January 2027.
-

NAS-CC Project

Installing a new wastewater lift station with backup generator at Lift Station #288. This Lift Station is the primary distributor of wastewater from CCAD. It is currently working at half capacity. Installing a new lift station ensures compliance with state and federal regulations, reduces costs, and increases resiliency.

NAS-CC Project Cost

PROJECT COST LEVERAGE	DOLLARS	PERCENTAGE
DEAAG	\$ 988,567.12	44%
Federal (Navy)	\$ 988,567.12	44%
CITY OF CORPUS CHRISTI	\$ 269,609.22	12%

The City's portion covers engineering of the project and project management.

CCAD Project

- Acquisition and delivery of 15 45 MGD condensate return stations.
- These complement the single 90 MGD CRS stations secured by CCAD.

CCAD Project Costs

PROJECT COST LEVERAGE	DOLLARS	PERCENTAGE
DEAAG	\$ 330,000	48.5%
Federal	\$311,300	45.7%
CITY OF CORPUS CHRISTI	\$39,600	5.8%

The City's portion of the cost is to cover procurement and grant management.
