

Resolution Authorizing Grant Applications under Transportation Alternatives Program

Council Presentation
April 28, 2015

Transportation Alternatives Program

The Transportation Alternatives Program (TAP) was authorized under MAP-21 and provides funding for programs and projects defined as transportation alternatives.

TAP grant offers opportunities to expand transportation choices focused on non-traditional transportation projects. Available Grant funding is \$1.6M (FY 2015) and \$440K (FY 2016).

Projects must have pedestrian, bicycles and other non-motorized transportation to comply.

Competitive Program based on transportation alternatives.
