

# Water Conservation Advisory Committee

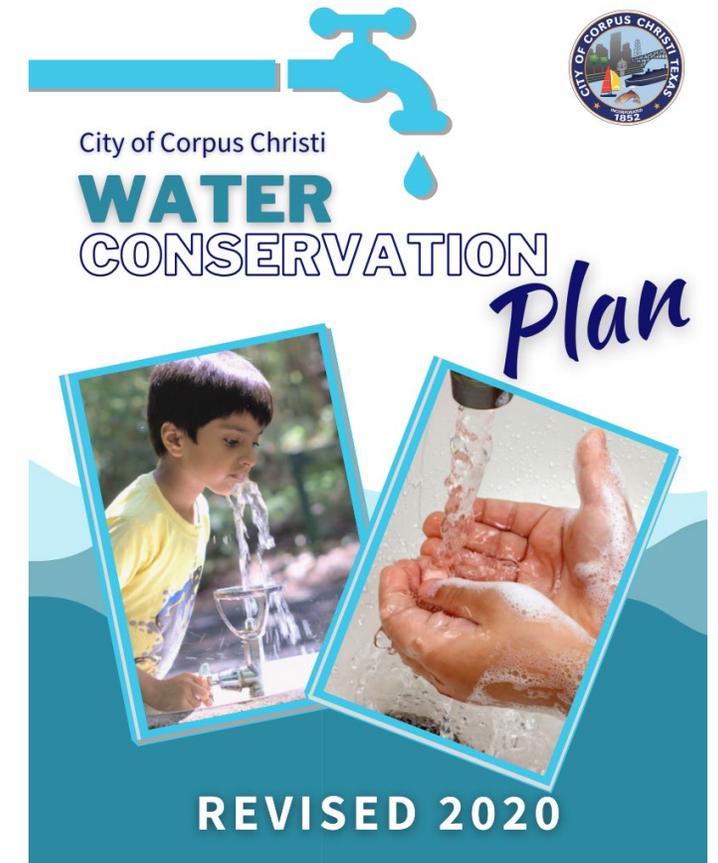

Nicholas J. Winkelmann, P.E.

Interim Chief Operating Officer, Corpus Christi Water

December 16, 2025

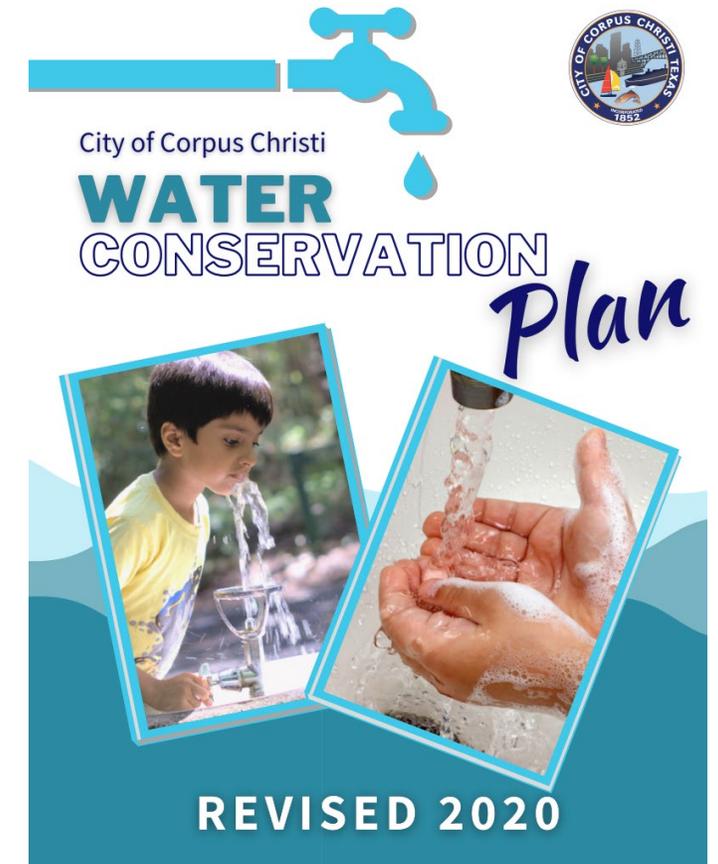

# Water Conservation Advisory Committee

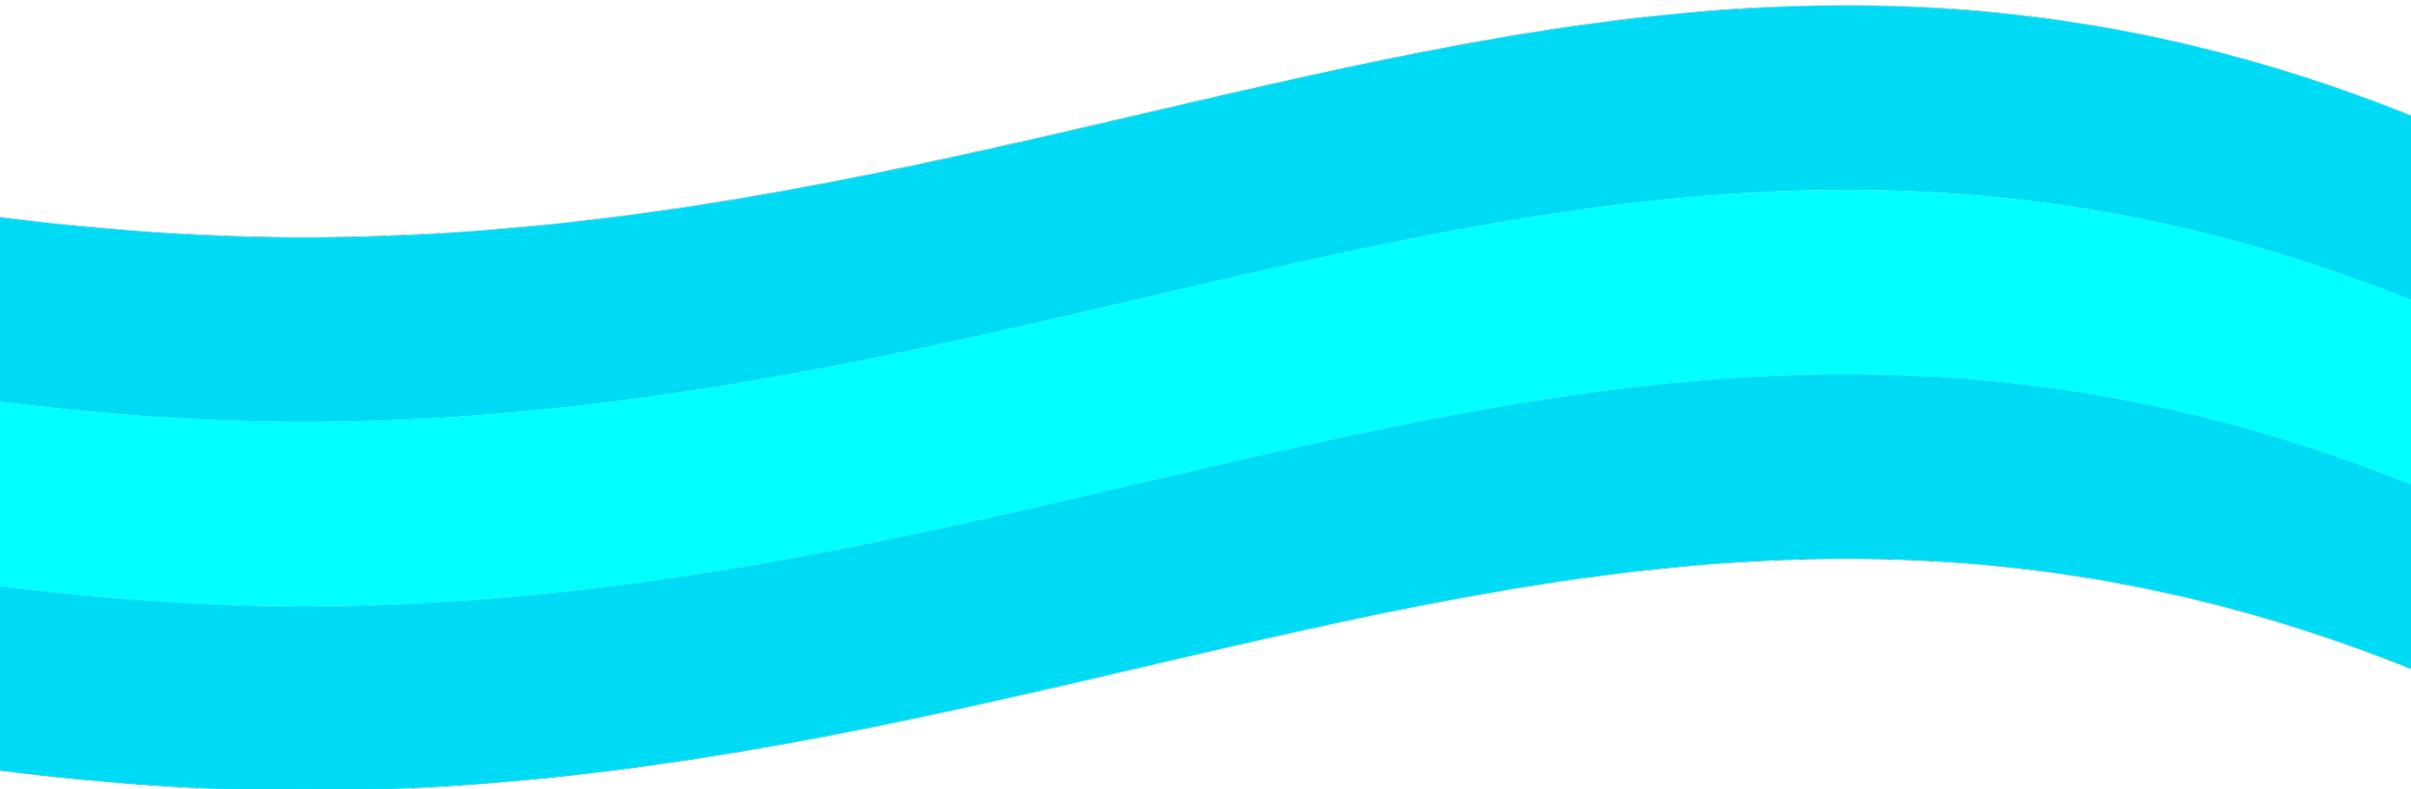

- The Mayor, Councilmembers, and City Manager shall each select up to three members to serve on the Committee. Nominees are to be submitted by December 19
- Meetings will take place over a three-month period starting in January 2025
- Gather input and recommendations to revise the City's Water Conservation Plan
- Committee shall consist of stakeholders representing the various customer classes, including Residential, Commercial, Institutional, and Industry
- The purpose of the Committee is to support the development of strategies for the Water Conservation Plan

# Water Conservation Plan Background

- Plummer Associates, Inc. has been contracted by the City to help revise the Water Conservation Plan (WCP) for the City
- As a water supplier, the City must have a WCP per state law
- The WCP was last revised by CCW and approved by Council on October 13, 2020
