RE: Docket DOT-OST-2022-003
Corpus Christi International Airport SCASDP Grant Application

Dear Ms. Chapman:

Kiewit Offshore Services, Ltd. (“KOS”) offers this letter as an expression of support for an application by the Corpus Christi International Airport (“CCIA”) for a Small Community Air Service Development Program (“SCASDP”) grant that they are pursuing. Award of the proposed grant to CCIA would significantly enhance the business environment in the Coastal Bend region.

CCIA is clearly the most convenient airport for Corpus Christi and the greater Coastal Bend region; however, we understand that the limited nonstop service options and high fares relative to competing airports have caused many travelers to drive more than two hours to airports in San Antonio, Austin or Houston in order to have efficient access to flights to their desired destinations.

KOS is one of over forty districts in the Kiewit organization that are located all over the United States, including Denver, Colorado. Kiewit Corporation is headquartered in Omaha, Nebraska. KOS strongly supports CCIA’s efforts to encourage the community to fly local, and are committed to using CCIA for our travels when it makes sense to do so.

Thank you in advance for your consideration of CCIA’s SCASDP grant application, and please know that the economic growth of this region is dependent upon support such as this.

Sincerely,

Fuat Sezer
Kiewit Offshore Services, President
