

CORPUS CHRISTI REGIONAL ECONOMIC DEVELOPMENT CORPORATION

One (1) vacancy with term to 12-31-23, representing the following category: 1 - City.

Duties

The Corpus Christi Regional Economic Development Corporation performs as an advisory board to the City Council and investigates and recommends to the Council such projects as in its opinion would be advantageous to the future growth of the City and to assist the City in the establishment and location of industries.

Composition

Eighteen (18) Directors, of which six (6) are designated by the City of Corpus Christi to represent the public sector; one of which shall be the Mayor of the City of Corpus Christi and another a Council member appointed by the Mayor. The remainder of the Board shall be comprised of not more than eight (8) Directors to represent the private sector elected by the Corporation's membership in accordance with its bylaws. Representing the public sector, two (2) shall be appointed by the Port of Corpus Christi Authority, and up to two (2) designated by any other governmental entities that each contribute at least \$50,000 annually to the Corporation. The Board may also consist of such additional, non-voting, ex-officio Directors as determined by resolution. The directors shall serve not more than two, consecutive, three-year terms as provided in the Corporation's bylaws; provided that the term of office of any director who is a public official shall coincide with his or her term of public office.

“Traits of Effective Leaders: A Literature Review” October 2020.

DOI: 10.5281/zenodo.4268623

ABSTRACT: Utilizing research to identify an effective leader is essential for creating a strategic business operational leadership model. The purpose of this literature review is to focus on select objective and less objective traits of leadership among individuals who are in those positions. We explore literature on objective leadership traits such as gender, age, education level, and job satisfaction level and on the less objective traits such as integrity, energy level, and business knowledge, among others. The goal is to evaluate the hypothesis that some, if not all, of these traits contribute significantly to effective leadership by analyzing the available literature about traits of an effective leader. We will explore the theories that have been proposed on this subject in the literature, identify to what degree researchers have investigated these theories, and try to confirm which of these traits continue to significantly be related to successful leadership. The purpose of this paper is to generate a thorough literature review which can later provide a reliable platform for further qualitative, quantitative, or mixed-methods research to create standards that business practices can utilize as a model for leadership identification and integration.

2010

Seeking a faster career path and warmer weather, in 1979 he relocated to Corpus Christi, where he first was employed by the **City of Corpus Christi** as **Chief Design Engineer**. Promoted to **City Engineer** (1987), he moved up to **Assistant City Manager—Public Works & Utilities** (1994), **managing 11 City departments with 1100 employees**. Significant projects during his tenure include permitting, construction and opening of a 2200-acre regional sanitary landfill; permitting, design and construction of the 104-mile, 64-inch diameter raw water Mary Rhodes Pipeline, from Lake Texana to Corpus Christi, augmenting regional water supply. (Water delivery began 24 months after project authorization, fast-tracked by severe drought nearly depleting storage in two existing reservoirs.) He also helped acquire additional water rights from the Lower Colorado River, and construction of Mary Rhodes Pipeline Phase II.

In 1999, Mr. Crull joined **HDR Engineering** as **Vice President** and Manager of the small Corpus Christi office, successfully diversifying HDR's local services and increasing area client base. In 2005, he originated acquisition of *Shiner Moseley Associates*, a large local firm with port and marine structures, and coastal engineering specialties, significantly increasing HDR's capabilities in the South Texas region and coastal United States. During this period of company-wide acquisitions, HDR, Inc. became a larger national, then global engineering and architecture company. He retired as Marketing Director in 2016.

In 2016, Mr. Crull formed **Crull Engineering, LLC** to continue providing quality consulting engineering and program management services to the community and area.

Mr. Crull has a wealth of experience in municipal water (supply, treatment and distribution) systems, wastewater (collection and treatment) systems, storm drainage systems, streets, airport, public buildings, and marina facilities. He also has experience in the administration of city land use ordinances (platting and zoning). He enjoys excellent working relations with numerous organizations including regional cities, Nueces and San Patricio Counties, Texas Department of Transportation, Texas Commission on Environmental Quality, Port Corpus Christi, FAA, EPA, Texas Water Development Board, Nueces River Authority, a broad base of community leaders and consulting firms.

He currently serves on the **City of Corpus Christi Planning Commission** (City Council appointment); **TWDB Region N Water Supply Planning Group**; **Texas A&M University-Corpus Christi Engineering Advisory Council**; member of TAMU-CC and Texas State Aquarium President's Councils; Downtown Rotary. Previously served on United Way of Coastal Bend Board (12 years, 4 as Treasurer), University of MO Engineering Alumni Board (6 years) and Texas Council of Engineering Companies Board (4 Years)

City Code Requirement - Residency

As a board, commission, or committee member, you will be asked to adhere to City Code of Ordinances, Section 2-65, which states that all members of City boards and commissions, including ad hoc committees, appointed by the City, must be residents of the city. A move outside the city limits of the city by any member shall constitute automatic resignation from the particular board or commission on which such member served.

I Agree

City Code Requirement - Attendance

As a board, commission, or committee member, you will be asked to adhere to City Code of Ordinances, Section 2-61, which provides that absences from more than 25% of regularly scheduled meetings during a term year on the part of any board, commission, or committee member shall result in an automatic termination. An absence shall be deemed unexcused unless excused by the board, commission or committee for good cause no later than its next meeting after the absence.
