Mayors fitness council.

Why are you interested in serving on a City board, commission or committee?

I am interested because I would love to have the opportunity to help be a leader with health and wellbeing in the Corpus Christi community. I live a very healthy lifestyle and truly believe in a holistic and natural way of living. I want to help the community be more aware of processed foods and gmo's to help the next generation become healthier and more active. I also care about all age groups when it comes to health and fitness. I believe there is a huge demographic we can reach in our area and make the community more aware of what we put in our bodies. I have personally been through an extensive amount of fitness diversity in my own fitness journey, to where I feel completely comfortable and knowledgeable to help individuals in any way possible. I would love to have any opportunity to give back to the community. I am not a registered voter but can gladly fix that. Thank you for your time in reviewing my application.

Education, Professional and/or Community Activity (Present)

I am currently the Dean of Learning Resources for Del Mar College, where I oversee the Library, Distance Education, and Writing Center departments. I hold a Master's degree in English from the University of Texas -- Pan American and a Master's of Library Science degree from the University of North Texas. I am active in my profession, and am the Past President of the Consortium of College and University Media Centers, a past Board member of the Texas Council of Academic Libraries, and a current member of the Texas State Library and Archive Commission advisory board for the TexShare program.

If you applied for multiple boards, which boards are you most interested in serving on, in order of preference? (Limit to top three)

1. Parks and Recreation Advisory Committee or Mayor's Fitness Council 2. Arts and Cultural Commission

Why are you interested in serving on a City board, commission or committee?

As a citizen of Corpus Christi, I want to contribute to a thriving and vibrant community. One of the ways that I can best do that is to volunteer to serve on a committee or commission in areas where I have a passion and experience. I am active and try my best to be physically fit. I believe in life-long fitness activities. I enjoy running, bicycling, stand up paddle boarding, kayaking, and hiking, among many other activities. In addition, I am an avid supporter of the arts, having a Master's degree in English. Whenever possible, I enjoy attending music concerts, dramatic productions, and art events, and I believe the arts are a great contributor in making a community vibrant and appealing. For these reasons, I believe the committees and council I have chosen are good fits for my experiences and interests.

No, I do not.

Education, Professional and/or Community Activity (Present)

I have my undergraduate in exercise physiology, a graduate degree in Kinesiology, a graduate degree in secondary education, a graduate degree educational administration, and I am currently working on my EdD in Educational Leadership. I hold two jobs, one with CCISD and I am an adjunct with TAMUCC. I am a sponsor for my elementary schools running club and we make it a point to go to at least 15-17 5K runs every school year.

If you applied for multiple boards, which boards are you most interested in serving on, in order of preference? (Limit to top three)

I have only applied to 1.

Why are you interested in serving on a City board, commission or committee?

I have a passion for helping people and I feel one of the biggest areas of help our community needs is to focus on being more physically active. Our city has amazing potential to be more physically active and I feel we need to tap into that. I think a strong committee that is focused putting health and wellness first as a city focus will create a movement in our community to a more health and wellness centered mindset. I know not everyone will dive right in, however, I feel the city can do more to afford more opportunities for people to engage in the city in a physically active way. I would like to be a part of this movement.
