City of Corpus Christi Department of Engineering Services  
PO Box 9277  
Corpus Christi, Texas 78469-9277

**Re: E17060 JC ELLIOTT SITE IMPROVEMENTS  
CORPUS CHRISTI, TEXAS  
AWARD RECOMMENDATION**

To Whom It May Concern:

The bids for the referenced project were opened on Wednesday, 9 May 2018. At that time there were ten (10) bids received and subsequently reviewed for accuracy and compliance with the bid documents. All the documentation was in order and that, in our opinion, all bidders offered qualified bids, except for two (2) which were deemed Non-Responsive by the City of Corpus Christi. Bridges Specialties, Inc, out of Robstown, Texas is the apparent low bidder.

Based on the information provided with the bid documents we are confident that Bridges Specialties, Inc is qualified to complete the work. We recommend that the City of Corpus Christi select Bridges Specialties, Inc, out of Robstown, Texas base bid for a total construction cost of \$394,545.05. The contractor will have 240 calendar days from the issuance of a notice to proceed to complete the project.

Should you have any questions or require any additional information, please do not hesitate to contact us.

Sincerely,

MUNOZ ENGINEERING, LLC

Thomas Tiffin, P.E.

Project Manager
