

CAPITAL IMPROVEMENTS ADVISORY COMMITTEE

Three (3) vacancies with two (2) terms to 8-16-2023 and one (1) term concurrent with City Council term. (Each Council Member and Mayor will nominate a member and the City Manager will nominate the remaining six (6) members subject to confirmation by the full Council. Staff is recommending the postponement of one City Manager's appointment).

Duties

The committee shall serve in an advisory capacity; advise and assist the City Council in adopting land use assumptions; review the capital improvements plan, land use assumptions and impact fees, and file written comments in accordance with Chapter 395 of the Texas Local Government Code; monitor and evaluate the implementation of the capital improvements plan; file semiannual reports with respect to the progress of the capital improvements plan and report to City Council any perceived inequities in implementing the plan or imposing the impact fee; and advise the City Council of the need to update or revise the land use assumptions, capital improvements plan, and impact fee. Other duties as assigned by City Council that relate to impact fees.

Composition

The Capital Improvements Advisory Committee shall consist of 15 members appointed by City Council of which at least six shall be representatives of the real estate, development, or building industry (RE/DEV/BI) who are not employees or officials of a political subdivision or governmental entity and one member shall be a representative of the City's extraterritorial jurisdiction (ETJ) if impact fees are proposed for that area. Each City Council Member and the Mayor will nominate a member and the City Manager will nominate the remaining six members. Quorum shall consist of eight members.

I am an active real estate investor and Realtor in Corpus Christi. I've been investing in real estate since 2006 and have been a real estate agent since October of 2018. I work with a local nonprofit to build affordable housing in Corpus Christi. I locate vacant properties, help my client acquire the land, and sell the finished homes that they construct. I also locate houses that need renovations, purchase the homes, rehab and sell them.

HONORS

Nueces Chapter TSPE
Engineer of the Year 1998
Univ. of MO Distinguished
Civil Engineering Alumni
2010

Seeking a faster career path and warmer weather, in 1979 he relocated to Corpus Christi, where he first was employed by the **City of Corpus Christi** as **Chief Design Engineer**. Promoted to **City Engineer** (1987), he moved up to **Assistant City Manager—Public Works & Utilities** (1994), **managing 11 City departments with 1100 employees**.

Significant projects during his tenure include permitting, construction and opening of a 2200-acre regional sanitary landfill; permitting, design and construction of the 104-mile, 64-inch diameter raw water Mary Rhodes Pipeline, from Lake Texana to Corpus Christi, augmenting regional water supply. (Water delivery began 24 months after project authorization, fast-tracked by severe drought nearly depleting storage in two existing reservoirs.) He also helped acquire additional water rights from the Lower Colorado River, and construction of Mary Rhodes Pipeline Phase II.

In 1999, Mr. Crull joined **HDR Engineering** as **Vice President** and Manager of the small Corpus Christi office, successfully diversifying HDR's local services and increasing area client base. In 2005, he originated acquisition of *Shiner Moseley Associates*, a large local firm with port and marine structures, and coastal engineering specialties, significantly increasing HDR's capabilities in the South Texas region and coastal United States. During this period of company-wide acquisitions, HDR, Inc. became a larger national, then global engineering and architecture company. He retired as Marketing Director in 2016.

In 2016, Mr. Crull formed **Crull Engineering, LLC** to continue providing quality consulting engineering and program management services to the community and area.

Mr. Crull has a wealth of experience in municipal water (supply, treatment and distribution) systems, wastewater (collection and treatment) systems, storm drainage systems, streets, airport, public buildings, and marina facilities. He also has experience in the administration of city land use ordinances (platting and zoning). He enjoys excellent working relations with numerous organizations including regional cities, Nueces and San Patricio Counties, Texas Department of Transportation, Texas Commission on Environmental Quality, Port Corpus Christi, FAA, EPA, Texas Water Development Board, Nueces River Authority, a broad base of community leaders and consulting firms.

He currently serves on the **City of Corpus Christi Planning Commission** (City Council appointment); **TWDB Region N Water Supply Planning Group**; **Texas A&M University-Corpus Christi Engineering Advisory Council**; member of TAMU-CC and Texas State Aquarium President's Councils; Downtown Rotary. Previously served on United Way of Coastal Bend Board (12 years, 4 as Treasurer), University of MO Engineering Alumni Board (6 years) and Texas Council of Engineering Companies Board (4 Years)
