**Subject:** Harris Acres lot 1, block 1

Ratna – Please consider this email to be the property owner request for a waiver from payment of wastewater acreage fees based on the Unified Development Code section 8.5.2.G Exemptions. The property being platted, Harris Acres lot 1, block 1, is more than a mile from existing wastewater service and the area will not be served by wastewater within the next 15 years. I am requesting that the plat be recorded now while this request is processed through City Council. The owner will provide a check in the amount of the wastewater acreage fee which the city may hold until the exemption is approved by council at which time the check may be returned to owner. We appreciate your consideration of this request and please let me know if you have any questions.
