Harbor Bridge Replacement Mitigation & Support Project

**STAFF PRESENTER(S):**

<b><u>Name</u></b>	<b><u>Title/Position</u></b>	<b><u>Department</u></b>
1. Neiman Young	Assistant City Manager	Executive
2. Jeff H. Edmonds, P. E.	Director	Engineering Services

**BACKGROUND:**

In December of 2015, the City entered into a four-party agreement with the Corpus Christi Housing Authority, TxDOT, and the Federal Highway Administration (FHWA). According to the agreement, TxDOT (via the City of Corpus Christi working as their agent), was required to develop and implement a plan to improve the City's recreational areas impacted by the Harbor Bridge Replacement Project. In addition, the plan was required to be endorsed by the Hillcrest Community Advisory Board (CAB).

In September 2021, The City awarded a professional services agreement to Halff and Associates to design the plan and assist the City with engaging the CAB. In April 2024, the CAB endorsed the City's plan.

The City's plan includes major renovations to HJ Williams, Ben Garza, Washington Coles, and TC Ayers parks as required by the FHWA. In addition, TxDOT has agreed to allocate \$5.5 million to the City's plan for the development of a replacement swimming pool in the Hillcrest community.
