

# STAFF REPORT

Case No. 0915-02

HTE No. 15-10000047

Planning Commission Hearing Date: September 9, 2015

Applicant & Legal Description	<b>Applicant/Property Owner:</b> D.L. Johnson <b>Legal Description/Location:</b> Lots 5, 6, 7 and 8, Block 1, Rhew Industrial Tracts Unit 1, located on the east side of Rhew Road approximately 1,000 feet south of Leopard Street.			
Zoning Request	<b>From:</b> "IL" Light Industrial District <b>To:</b> "IL/SP" Light Industrial District with a Special Permit <b>Area:</b> 4.23 acres <b>Purpose of Request:</b> To allow for a temporary concrete batch plant which is a heavy industrial use.			
Existing Zoning and Land Uses		<b>Existing Zoning District</b>	<b>Existing Land Use</b>	<b>Future Land Use</b>
	Site	"IL" Light Industrial	Vacant	Light Industrial
	North	"IL" Light Industrial	Light Industrial	Light Industrial
	South	"IL" Light Industrial	Vacant	Light Industrial
	East	"IL" Light Industrial	Vacant	Light Industrial
	West	"IL" Light Industrial	Vacant	Light Industrial
ADP, Map & Violations	<b>Area Development Plan:</b> The proposed rezoning to the "IL/SP" Light Industrial District with a Special Permit remains consistent with the adopted Future Land Use Plan and the Port/Airport/Violet Area Development Plan.  <b>Map No.:</b> 056046  <b>Zoning Violations:</b> None			
Transportation	<b>Transportation and Circulation:</b> The subject property has approximately 400 feet of frontage on Rhew Road, which is a "C3" Primary Collector street.			

Street R.O.W.	Street	Urban Transportatio n Plan Type	Proposed Section	Existing Section	Traffic Volume
	Rhew Road	"C3" Primary Collector	75' ROW 50' paved	45' ROW 20' paved	N/A

**Staff Summary:**

**Requested Zoning:** The applicant is requesting a rezoning from the "IL" Light Industrial District to the "IL/SP" Light Industrial District with a Special Permit, to allow for a concrete batch plant. A concrete batch plant is considered a heavy industrial use. Heavy industrial uses are permitted in the "IL" Light Industrial district with a Special Permit.

**Development Plan:** The applicant proposes to operate a temporary concrete batch plant on the subject property. The portable batch plant proposed for the site is approximately fifty-four (54) feet in height. The use of the word "temporary" with concrete batch plant refers to the portability of the plant itself. The use of the property as a concrete batch plant is planned to continue indefinitely. The amount of concrete expected to be produced in an eight (8) hour day is 500 cubic yards with a total of 50 truck trips per day. The applicant indicates normal hours of operation are from 6:00 A.M. to 4:00 P.M.

**Existing Land Uses & Zoning:** The properties in the immediate vicinity of the subject lots to the north, south, east, and west of the subject property are all zoned "IL" Light Industrial. All the properties are vacant with the exception of the property to the north which is developed with light industrial uses.

**AICUZ:** The subject property is not located in one of the Navy's Air Installation Compatibility Use Zones (AICUZ). However, the site is near Corpus Christi International Airport runway approaches.

**Plat Status:** The subject property is comprised of four (4) platted lots

**Comprehensive Plan & Area Development Plan Consistency:** The subject property is located within the boundaries of the Port/Airport/Violet Area Development Plan. The proposed rezoning to the "IL/SP" Light Industrial District with a Special Permit for a temporary concrete batch plant is consistent with the Port/Airport/Violet Area Development Plan and the adopted Future Land Use Plan's designation of the property as light industrial.

**The Unified Development Code:** The UDC Table 4.6.2 Permitted Uses (Industrial districts) permits Heavy Industrial Uses with a Special Permit. UDC Section 5.1.5.E. Heavy Industrial Uses classifies concrete batch plants as a heavy industrial use.

**Unified Development Code Special Permit Review Criteria:** The Unified Development Code sets forth review criteria for special use permits. Review criteria applicable to this application are as follows:

1. The use is consistent with the Comprehensive Plan.
2. The use complements and is compatible with the surrounding uses and community facilities.
3. The impact of the use on public infrastructure can be minimized without negatively impacting existing uses in the area and in the City.
4. The use contributes to, enhances or promotes the welfare of adjacent properties and the surrounding area.
5. The use does not substantially adversely affect adjacent and neighboring uses permitted.
6. The use does conform in all other respect to regulations and standards in this Unified Development Code.
7. The development provides ample off-street parking and loading facilities.

**Department Comments:**

1. A concrete batch plant is a heavy industrial use that the Unified Development Code allows in the "IL" Light Industrial District by Special Permit. A Special Permit is subject to limitations as deemed appropriate by the City Council.
2. The proposed use is appropriate at this location given the "IL" Industrial District designation of the subject property.
3. Residential uses exist approximately 1,300 feet away from the subject property and should not be negatively impacted by the proposed use.
4. The application is consistent with the Special Permit review criteria set forth in the Unified Development Code Section 3.6.3 B.
5. The proposed use will meet a demand that exists from various construction projects throughout the City.
6. Permits from The Texas Commission on Environmental Quality (TCEQ) will ensure operations are conducted in an environmentally sound manner.
7. The site plan submitted is consistent with the criteria set forth in the Unified Development Code.
8. Airport operations are protected through the Special Permit conditions on time limit, dust, and lighting.

**Staff Recommendation:**

Approval of the "IL/SP" Light Industrial District with a Special Permit subject to the following conditions:

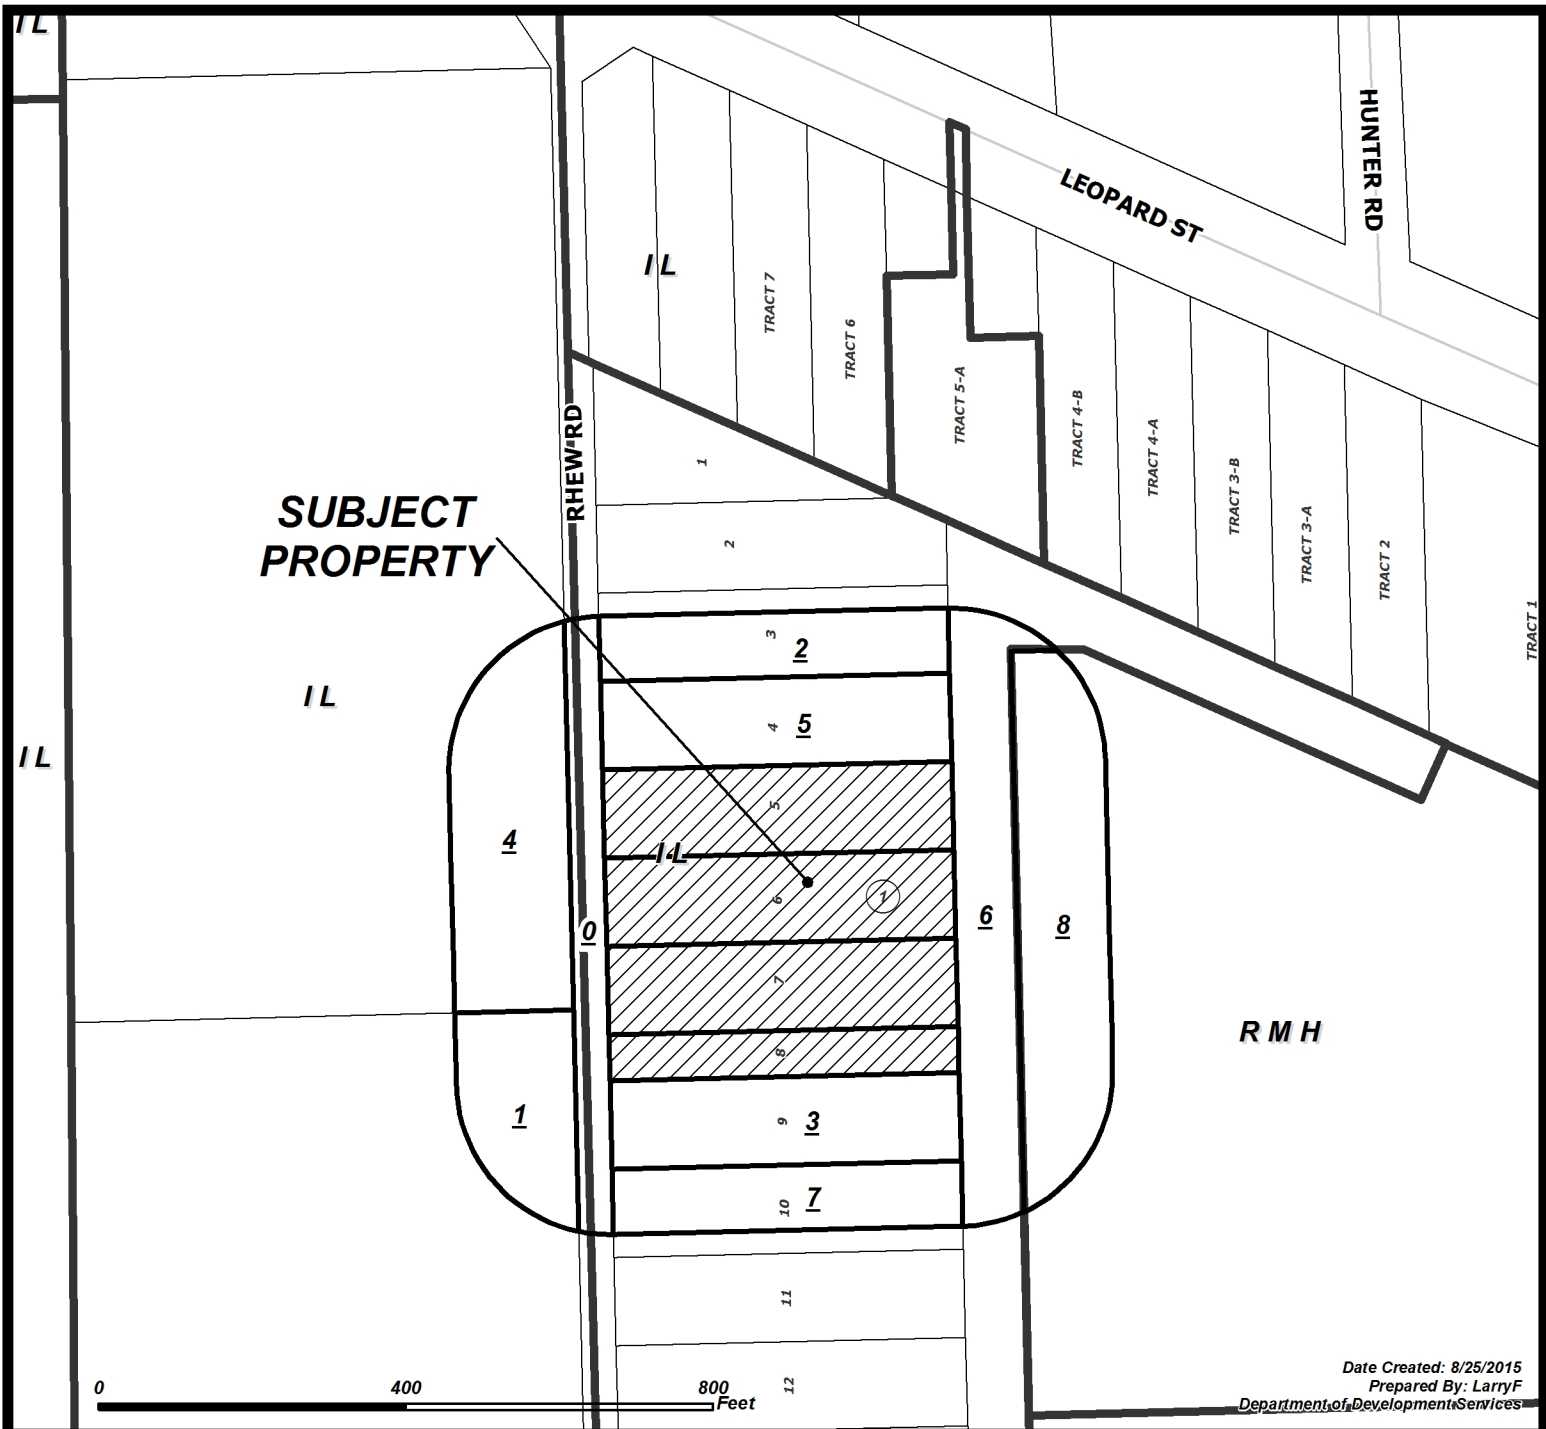

1. **Uses:** The only use permitted under this Special Permit, other than those allowed by right in the "IL" Industrial District, is a concrete batch plant consisting of portable equipment, and storage of materials and equipment necessary to conduct operations. The concrete batch plant shall not produce more than 500 cubic yards of concrete per day.
2. **Dust:** Dust control shall be in accordance with all City, State, and Federal requirements and specifications. Dust needs to be controlled at both the operation of the batch plant and the stockpile so that it does not drift across the approach to/from airport runways as indicated in the Airport Hazard Map attached.

3. **Lighting:** All light shall be directed downward and shielded. It is essential that lighting not be directed toward any of the airport approach/departure paths or towards the control tower.
4. **Access:** Vehicular access shall be allowed as per the UDC.
5. **Screening and Buffering:** Screening and buffering shall be as stipulated in the UDC.
6. **Noise:** The applicant shall comply with the City's Noise Ordinance.
7. **Time Limit:** Applicable permits shall be applied for within one year of approval of the Special Permit or the Special Permit shall expire in accordance with the UDC Discontinuance of the use for a period of six (6) months shall cause the Special Permit to expire. The Special Permit shall expire in five years unless a time extension is approved by the City Council.
8. **Hours of Operation:** Operations of the concrete batch plant are limited between 6:00 A.M. and 4:00 P.M.
9. **Other Requirements:** The Special Permit conditions do not preclude compliance with all applicable UDC, Building Code, and State and/or Federal requirements.

Subject property:

Lots 5,6,7 and 8, Rhew Industrial Tract Unit 1, Nueces County Texas, being approximately 4.2303 acres.

To Whom it may concern,

As the lien holder of the above mentioned property I have no issue with a zoning usage change.

Sincerely,

 7/30/15

Kathleen J Kirchberg
