Why are you interested in serving on a City board, commission or committee?

I love this City, and I especially love the abundance of natural spaces and opportunities for recreation and community connection it provides. Our City's parks are a resource I personally make use of regularly, and I want to do everything I can to facilitate their growth and use. I look forward to the opportunity to serve my fellow Corpus Christi residents and help others fall in love with our parks the same way I have.

Education, Professional and/or Community Activity (Present)

MBA - Norwich University, Northfield, VT

Why are you interested in serving on a City board, commission or committee?

I was privileged to serve in the U.S. Department of Homeland Security/U.S. Border Patrol for over 20 years securing the US border and to work with local, state, and federal law enforcement officers, military and community leaders, and business owners to improve the quality of life of the people in the communities we served. I recently started my own business as a State Farm Agent/Owner, located in Calallen. As I begin this journey, I am anxious to meet, continue to support and serve the wonderful people in and around the Calallen and Corpus Christi communities and to work with them and other business leaders to make it prosper. I am committed to building relationships with the people in our neighborhoods and to gain their trust by helping protect what is important to them and by helping plan for their future so they may realize their goals and dreams. I love the City of Corpus Christi and all that it has to offer. My entire adult life has been defined by public service. I plan to continue to support and serve our community.

Education, Professional and/or Community Activity (Present)

Bachelor of Arts in Psychology Numerous community activities via my small local business that supports and partners with local blood drives, food drives, purple door, Real Men Wear Pink and Corpus Christi Chamber of Commerce initiatives. Gravity Project Community Collaborative (member) National Rural HIT Coalition (member) American Psychology Association (member)

Why are you interested in serving on a City board, commission or committee?

The heart of our communities are parks and recreation. As a father of 2 I am always looking for ways to enjoy the parks and find recreational activities for my young children. There are many challenges to running, communicating, maintaining, innovating, and delivering a safe, enjoyable experience. When my family arrived in the coastal bend 4 years ago we were blessed with the opportunity to give back to our community by opening a small business and partner with local charities such as the Coastal Bend Blood Bank, Purple Door, Coastal Bend Food Bank, Real Men Wear Pink, and Corpus Christi Chamber of Commerce. My full time job is a work from home position with a non-profit out of Chicago, IL whose vision is to realize the full health potential of every human, everywhere, and with a mission to reform the global health ecosystem through the power of information and technology. I have worked in healthcare since 1999 and I believe an individual's wellness starts at home, in their community and in their parks. Having a safe, accessible, environment to exercise, reconnect with nature and to provide opportunity to engage with our neighbors directly influences the well-being of our community as a whole. I thank you for your consideration to serve our community on the Parks and Recreation Committee so I can continue to give back to Corpus Christi and continue the wonderful work the current committee members, and the past members, have demonstrated.

Why are you interested in serving on a City board, commission or committee?

As a Corpus Christi resident of over 10 years, I have a unique perspective as a transplant and local business owner. I feel the duty to become more involved in the community as a leader and business owner. We have an incredibly unique and vibrant city that still has not reached its full potential. As a young professional, I would like to focus on projects that attract other young professionals to the area.

If you applied for multiple boards, which boards are you most interested in serving on, in order of preference? (Limit to top three)

Parks and Recreation Advisory Committee (My preference would be to continue to serve on the Parks and Recreation Advisory Committee.) Island Strategic Action Committee (My second choice would be to serve on this committee if serving on PRAC is not possible.)

Why are you interested in serving on a City board, commission or committee?

I am interested in serving on the Parks and Recreation Advisory Committee because I feel passionate about our Corpus Christi parks. I grew up in a neighborhood very close to the downtown area of a large city. It was the carefree time spent in nearby parks with my grandfather that created my fondest childhood memories. On family trips, our itinerary has always been built around as many stops at parks as possible, be they National Parks or regional. I treasure the memories of weekends my family drove to the coast, and I spent time with my parents, grandparents, and sisters at North Beach. One of my favorite things about beautiful Corpus Christi is, and always has been, the open green space provided by its many parks. I especially love the parks along the Bay, and the Oso Bay Wetlands Preserve. The smaller neighborhood parks scattered about the City provide respite for the eyes from structure, concrete and asphalt. They offer an opportunity for busy families, even on a weekday after work, to briefly get outdoors close to home for some fresh air, exercise, and much-needed bonding time. I often prefer to brown bag and pull over in one of our parks for my 20-30 minute lunch break, rather than dining out for lunch and waiting to be served. Just those few moments, spent enjoying the view of open green space, bring my mood and energy up for the rest of the afternoon. All this time spent in parks has not only given me a love of our parks, but I believe it has given me a unique perspective as well. I believe we know best what we spend time on, and I have logged many hours over my lifetime in parks, including our local parks. I have a background in business, including financial accounting, and in real estate. I have training and experience in the fitness field. I believe the combination of those skills, knowledge, and experience may be of benefit to our City, especially in service on the Parks and Recreation Advisory Committee. I would love to use what I have learned, and my enthusiasm for the outdoors, to encourage more people in our fair City to get out and enjoy our parks, and to help find ways to preserve our open spaces for all of us now, and for future generations to come.
