Project Location

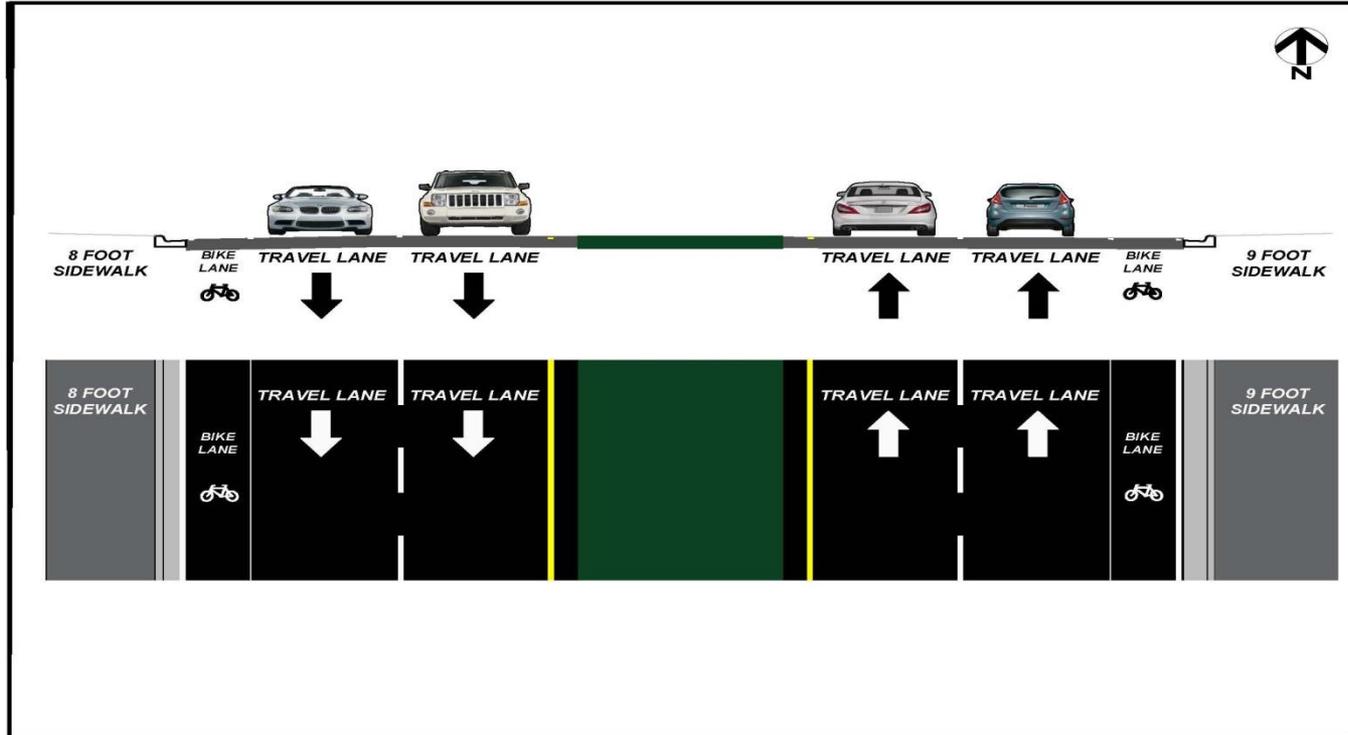

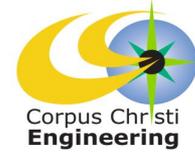

Existing Layout

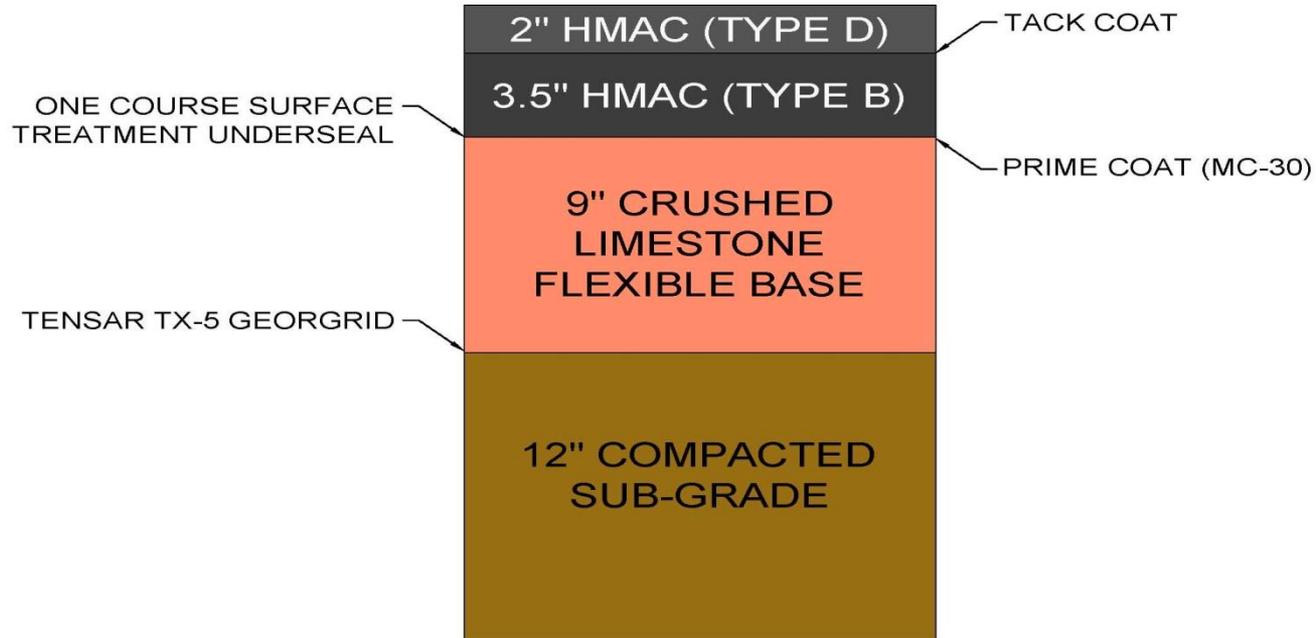

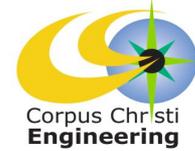

Proposed Layout

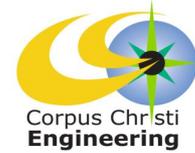

Proposed Pavement Section

Project Scope

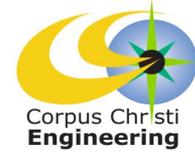

Project includes:

- Full-depth construction of roadway and road diet from 6 lanes to 4 lane with a divided median
- Proposed improvements include hot mix asphalt pavement
- ADA complaint curb-ramps, sidewalks and pavement markings
- Bike lanes as prescribed by the Integrated Community Sustainability Plan (ICSP)
- Utilities improvements for wastewater, water, storm water and gas lines
- Traffic signalization, pavement markings, signage and traffic control sequencing
