City Code Requirement

As a board, commission, or committee member, you will be asked to adhere to: City Code of Ordinances, Section 2-65, states that all members of city boards and commissions, including ad hoc committees, appointed by the city, must be residents of the city. A move outside the city limits of the city by any member shall constitute automatic resignation from the particular board or commission on which such member served. City Code of Ordinances, Section 2-61, provides that absences from more than 25% of regularly scheduled meetings during a term year on the part of any board, commission or committee member shall result in an automatic termination. An absence shall be deemed unexcused unless excused by the board, commission or committee for good cause no later than its next meeting after the absence.

I Agree

Consent for Release of Information

I understand that if any member of the public makes a request for information included in this application for appointment must be disclosed under the Public Information Act. I also understand that it may not be legally possible to maintain the confidentiality of such information, and I hereby release the City of Corpus Christi, and its agents, employees and officers, from any and all liability whatsoever if the information must be released pursuant to the Public Information Act.

I Agree

Do you currently serve on any other City board, commission or committee at this time? If so, please list:

I do not currently serve on any City boards or commissions.

Education, Professional and/or Community Activity (Present)

My attached resume lists my education, professional and community activity, but know that my primary efforts over the last 5 years have been the creation of The Corpus Christi Downtown Farmers' Market which led to the creation of GROW Local South Texas. GROW Local South Texas' goal, in a nutshell, is to grow the number of local food growers in order to meet the growing demand of local food. While you see these concepts in popular practice in most metropolitan cities, they are all new concepts for The Coastal Bend. Because every program that we have created to educate our citizens on why local, healthy, non-processed, clean food is vital is brand new, the majority of my community activity has been wrapped up in these goals and the programs created to reach them.

aircraft overhaul trades helper (This is a federal job)

Duties, Accomplishments and Related Skills:

Work involves over thirty-five different configurations of rotor control components and over ten different configurations of rotor heads for Air Force, Navy and Army. Assembles complete helicopter rotor heads or rotor controls and related components. Performs final assembly of the entire end item, assembles subassemblies and components, or performs designated assembly by station on an assembly line. Incorporates authorized modifications and completes adjustments and alignments to assure compliance with prescribed specifications for balance, fits, torque, pressure and/or stretch. Checks parts and items to be used prior to assembly to determine proper identify and assure serviceability. Reviews and researches historical record on finite life items and scraps those with high time. Prepares request for technical engineering call (TEC) for engineering deviation when appropriate. Certifies completion of work requirements on work documents, records any required measurement data, and completes required entries on historical documents. Troubleshoots and repairs malfunctioning items on the assembly line or flight line. Disassembles items designated for minor repair. Determines repair needed. Performs minor rework on parts or replaces parts required to restore item to serviceability. If extensive damage is discovered after disassembly takes appropriate action to assure proper authorization before additional work is accomplished. Requires a through knowledge of helicopter rotor heads or rotor controls and related components. Must be able to perform skilled assembly and alignments to achieve critical tolerances, measurements, and balance. Ability to use measuring instruments such as micrometers, calipers, dial indicator, gauges, and torque wrenches. Requires ability to use reference material to obtain information to complete assembly and repair processes properly and to assure compliance with specifications. Must be able to diagnose problems on components installed on the aircraft and in completing assembly. Ability to select and use proper hand and power tools, equipment, special tools and machinery, Receives work assignments from supervisor or work leader in the form of work orders, quality inspection reports, and verbal instructions. Employee determines proper work sequence, selects tool, equipment and parts, and completes required assembly, alignment, balance and/or repair to produce a serviceable end item. Technical information is available in technical orders and manual manufacturer specification, factory-engineering bulletins, and shop travelers. Verifies work of and provides guidance to lower grade mechanics and military. Assists quality inspectors, engineers, etc. in special investigations, studies, and audits. The supervisor or work leader is available for assistance with unusual problems. Completed work is

subject to quality inspection and spot check by supervisor to assure compliance with

Metal Spray Helper (This is a federal job)

Duties, Accomplishments and Related Skills:

Duties: Prepares parts for metal spraying or grinding. Visually examines items to be coated, assuring items are generally free from oil, dirt, oxides, corrosion, dust or any foreign substance. Treat metal area exposed during reworking. Assembles parts and components into sub-assemblies incorporating required modifications. Masks surfaces which should be protected from metal spray. I was responsible for determining if the item can be reworked and complete routing document for work needed by other shops. Operates degrease and air blasting equipment to clean and free surfaces of paint, scale, grease, rust, dirt and carbon deposits. Cleans parts in degreaser vats and blasts parts with specified grit. Assists higher graded personnel in applying metal spray process to those items to be sprayed. Maintains cleaning equipment used in cleaning parts. Cleans and recharges machine with specified cleaning compounds; fills spray equipment with pre-mixed materials. Performs other duties as assigned. Completes minor rework of compressor to restore serviceability such as buffing polishing or grinding surfaces to smooth out pits and scratches, bead blasting, shot peening also using proper fixtures for safety measures.

loaned out to paint shop in same building in order to lighten up the overtime .i work well with others,once taught the proper method by Robert Casarez the supervisor in the paint shop i needed little to no supervision. quick learner,I work great under pressure and i have a knowledge of rotor heads or rotor controls. I gained skills particular for the paint shop such as micrometers, calipers dial indicators, techniques to perform surface preparation and coating. invaluable experience with tools, equipment, and/or materials for cleaning, taping brushing, scraping and sealing surfaces such as engines, transmissions, rotor head structures/components, and sheet metal also with preparation and painting all types of surfaces using spray guns, brushes, and rollers Prep surfaces with the accepted methods and techniques, to ensure the required smoothness, level,shape requirements tint tone.i also learned about various agents (for example, retardants, drying agents), and combine coating mixtures to get the proper color, texture, consistency, and drying state.also am more than capable of standing bending walking stooping or sitting for long intervals

Hours per week: 40

General Laborer

Duties, Accomplishments and Related Skills:

Place, consolidate, and protect case-in-place concrete or masonry structures.

Position, join, align, and seal structural components, such as concrete wall sections and pipes.

Shovel cement and other materials into portable cement mixers; and mix, pour, and spread concrete.

Signal equipment operators to facilitate alignment, movement, and adjustment of machinery, equipment, and materials.

Smooth and finish freshly poured cement or concrete, using floats, trowels, screeds, or powered cement finishing tools.

Spray materials such as water, sand, steam, vinyl, paint, or stucco through hoses to clean, coat, or seal surfaces.

Tend machines that pump concrete, grout, cement, sand, plaster or stucco through spray-guns for application to ceilings and walls.

Tend pumps, compressors, and generators to provide power for tools, machinery, and equipment, or to heat and move materials such as asphalt.

Lubricate, clean, and repair machinery, equipment, and tools.

Operate, read, and maintain air monitoring and other sampling devices in confined and/or hazardous environments.

Apply caulking compounds by hand or using caulking guns.

Build and position forms for pouring concrete, and dismantle forms after use, using saws, hammers, nails, or bolts.

Clean and prepare construction sites to eliminate possible hazards.

Control traffic passing near, in, and around work zones.

Dig ditches or trenches, backfill excavations, and compact and level earth to grade specifications, using picks, shovels, pneumatic tampers, and rakes.

Erect and disassemble scaffolding, shoring, braces, traffic barricades, ramps, and other temporary structures.

Grind, scrape, sand, or polish surfaces such as concrete, marble, terrazzo, or wood flooring, using abrasive tools or machines.

Install sewer, water, and storm drain pipes, using pipe-laying machinery and laser guidance equipment.

Load, unload, and identify building materials, machinery, and tools, and distribute them to the appropriate locations, according to project plans and specifications.

Measure, mark, and record openings and distances to lay out areas where construction work will be performed.

Mix ingredients to create compounds for covering or cleaning surfaces.

Provide assistance to craft workers, such as carpenters, plasterers, and electricians

Raze buildings and salvage useful materials.

Read and interpret plans, instructions, and specifications to determine work activities.

Use computers and other input devices to control robotic pipe cutters and cleaners.

Identify, pack, and transport hazardous and/or radioactive materials.

Military Police

Duties, Accomplishments and Related Skills:

Leads, manages, supervises, and performs force protection duties, including use of deadly force to protect personnel and resources. Protects nuclear and conventional weapons systems and other resources. Performs air base defense functions contributing to the force protection mission. Controls and secures terrain inside and outside military installations. Defends personnel, equipment, and resources from hostile forces. Operates in various field environments, performs individual, and team patrol movements, both mounted and dismounted, tactical drills, battle procedures, convoys, military operations other than war, antiterrorism duties, and other special duties. Operates communications equipment, vehicles, intrusion detection equipment, crew-served weapons, and other special purpose equipment. Applies self-aid buddy care, life saving procedures, including cardiopulmonary resuscitation, as first responder to accident and disaster scenes.

Provides armed response and controls entry. Detects and reports presence of unauthorized personnel and activities. Implements security reporting and alerting system. Enforces standards of conduct, discipline, and adherence to laws and directives. Directs vehicle and pedestrian traffic. Investigates motor vehicle

accidents, minor crimes, and incidents. Operates speed measuring, drug and alcohol, and breath test devices. Apprehends and detains suspects. Searches persons and property. Secures crime and incident scenes. Collects, seizes, and preserves evidence. Conducts interviews of witnesses and suspects. Obtains statements and testifies in official judicial proceedings. Responds to disaster and relief operations. Participates in contingencies.

Develops plans, policies, procedures, and detailed instructions to implement SF programs. Plans, organizes, and schedules SF activities. Provides oversight, guidance, and assistance to commanders with the application of information, personnel, and industrial security programs. Operates pass and registration activities. Supervises and trains SF augmentees. Provides on-scene supervision for security forces. Inspects and evaluates effectiveness of SF personnel and activities. Analyzes reports and statistics. Leads, manages, supervises, and implements ground weapons training programs. Operates SF armories. Controls and safeguards arms, ammunition, and equipment. Instructs ground weapons qualification training. Provides guidance on weapons placement to security forces and ground defense force commanders. Inspects ground weapons and replaces unserviceable parts. Analyzes malfunctions by inspection and serviceability testing. Uses precision gauges, testing instruments, and special tools to adjust parts and operating mechanisms. Function-fires weapons for accuracy and serviceability. Controls and operates firing ranges and associated facilities to include supervising construction and rehabilitation.

United Wellhead Service
Robstown , TX United States

07/2002 - 11/2002

Salary: 6.50 USD Per Hour

Hours per week: 40

General Laborer

Duties, Accomplishments and Related Skills:

My duties included the preparation of well heads for re manufacturing. I disassembled well head parts and assemblies using various hand tools such as wrenches, screwdrivers, ratchets and sockets, sledge hammer and crow bar. I used steam and pressure washing equipment to clean the disassembled well heads of dirt, grease and grime. I regulated the steam controls to produce the required heat from the heating system. I manually washed lubrication or and cleaned well head parts in tanks of hot/cold cleaning solutions. I also hand cleaned parts with brushes and other hand held tools. I operated a sand blast machine to remove rust and paint. I assisted journeyman in the reassembly of the well heads. Measures, cuts and threads pipes using ruler, hacksaw, pipecutters, and threading machines

I have the skills and knowledge to operate industrial washers, utilizing steam pressure, degreaser solution, steam valve and required solvents to remove dirt, grease and/or paint from a variety of aircraft engine parts, assuring nicks, burrs, and rust pits are removed. Determines proper sequence of cleaning processes and time exposure of parts required to avoid possible damage to parts and meet required degree of cleanliness and removes radiator valves and inspects for defects and repacks valves overall acceptability. Also painting, storage or containerization checking items for obvious wear, cracks, nicks, burrs, or other surface defects; using equipment, solvents, brushes, buffers, scouring pads to clean or sand surfaces; replacing plugs, nuts, gaskets I have the ability to spray parts and equipment with cleaning solution, operating control valves on the steam pressure cleaner and on the degreasing machine to control the flow of steam and cleaning solution. I have previous experience in mixing chemicals and cleaners in solutions and charge pressure pots. I have also operated deburring, vibratory and ultrasonic cleaning machines, using specified media to clean the parts. I can manually wash and clean engine parts in tanks of hot or cold cleaning solutions. I also have the

skills and knowledge to hand clean parts with brushes and other hand tools. I can apply corrosion preventive compound by dipping parts in tanks or vats. I have also the ability to operate power driven wire or cloth brush cleaner. I can mix various cleaning and degreasing solutions such as caustic soda, carbon removing compounds, paint strippers and other cleaning compounds. I also operate bead blast machines using prescribed techniques and instructions when required.

I possess the knowledge of appropriate materials and cleaning agents to utilize in the cleaning process in accordance with types of metals and finish required. I am also knowledgeable of the operation of industrial washers and cleaning equipment.
