CCW Corpus Christi Water℠

Serving the Coastal Bend

Wholesale Water Contract Overview

As a regional water provider, CCW has established eight wholesale contracts with seven entities:

- To define the responsibilities of the buyer and seller including maintenance and billing deadlines
- To ensure compliance with environmental regulations and include all raw water supplies
- Terms include adoption of a Drought Contingency Plan
- Rates are developed annually based on composite cost
- Ranging from 1980 to 2007
