Supply Agreement for Cold Laid Asphalt & Pre-coated Aggregate

CAPTION:

Motion approving a supply agreement with Vulcan Construction Materials, San Antonio, Texas, for approximately 8,000 tons of cold mix-cold laid asphalt and approximately 2,000 tons of pre-coated aggregate, in accordance with Bid Event No. 16 based on only bid for an estimated annual expenditure of \$695,900 of which \$231,966.66 is required for FY 2014 – 2015. The term of the contract will be for twelve (12) months with an option to extend for up to two (2) additional twelve month periods subject to the approval of the supplier and the City Manager or his designee. Funds are available in the Material Inventory Fund by the Street Operations Department in FY 2014 – 2015.

PURPOSE:

Pre-coated aggregate is used with liquid asphalt binder to seal coat streets, which extends the life of the riding surface. Cold mix-cold laid asphalt is used to repair streets after utility cuts are made by the Utility Departments. The Street Department uses the material as an overlay and as an alternate patching material when regular hot mix asphalt is not available.
