Staff Announcements

Richard McCurley, I.A.P., C.M.

Director of Aviation

Richard McCurley brings over 35 years of experience in the aviation industry, including expertise in air service development and operational management. He most recently served as Director of Aviation for Albuquerque International Sunport, where he oversaw a major capital improvement program and successfully implemented new cargo operations. McCurley will now be responsible for overseeing all strategic and daily operations at Corpus Christi International Airport.
