

ADDENDUM 12 TO MASTER SERVICES AGREEMENT 60351

Addendum 12 to Master Services Agreement 60351 ("Contract"), executed 12/03/2020, is dated _____ by and between MCCi, LLC ("MCCi") and City of Corpus Christi, TX ("Client.") MCCi and Client may be referred to individually as a "Party" or collectively as the "Parties."

All capitalized terms not defined herein shall have the definitions attributed to them in the Contract. The Parties desire to amend the Contract as follows:

The first paragraph of Section 4 is to be deleted and replaced with the following:

This Addendum will commence on the Effective Date and will be effective for a three (3) year period and auto-renew for successive one (1) year periods thereafter unless terminated by a Party. Termination of this Agreement or any Order hereunder may occur upon any of the following:

- (a) Thirty (30) days after a Party's receipt of written notice from the other Party that this Agreement or the Services, in whole or in part under an Order, shall be terminated; or
 - (b) Thirty (30) days after one Party notifies the other in writing that they are in breach or default of this Agreement, unless the breaching Party cures such breach or default within such thirty (30) day period; or
 - (c) Fifteen (15) days after the filing of a petition in bankruptcy by or against either Party, any insolvency of a Party, any appointment of a receiver for such Party, or any assignment for the benefit of such Party's creditors (a "Bankruptcy Event"), unless such Party cures such Bankruptcy Event within the fifteen (15) day period.
 - (d) The professional services budgeted through December 31, 2023 will not be renewed as part of this addendum
- All other terms remain unchanged.

IN WITNESS WHEREOF, the Parties have caused this Addendum to be signed by their respective duly authorized representatives as of the date last written below:

This is NOT an invoice. Please use this confirmation to initiate Client's purchasing process.

RECURRING SERVICES

The Recurring Services portion of this Order will be based on the pricing at the time of renewal. It will systematically renew unless written notice of termination has been provided per the master agreement. In the event that a manufacturer increases its prices for recurring annual services, the increase will be passed along to the Client. No more than once per year, MCCi may adjust its recurring annual services (services not related to 3rd party manufacturers) to coincide with current U.S. inflation rates; any increase will not exceed the cumulative increase in the Consumer Price Index (CPI) occurring since the last price increase. Please note that if you subscribe to volume-based solutions, additional user licenses may increase the cost of those items at the time of your next annual renewal.

SALES TAX

Sales tax will be invoiced where applicable and is not included in the fee quote above.

PRODUCT ORDER TERMS

MCCi will process Product Orders as follows:

Product/Service Description	Timing of Product Order
All Software/Solutions, Recurring Annual Support/Subscription, and Supplemental Support Services	Upon payment of renewal invoice

The act of MCCi processing orders determines the start date of annual Recurring Service periods. Establishment of start dates for 3rd party manufacturer products are subject to each manufacturer's current policy.

BILLING TERMS

MCCi will invoice Client as follows:

Product/Service Description	Timing of Billing
All Software/Solutions, Recurring Annual Support/Subscription, and Supplemental Support Services	75 days in advance of expiration date

MCCi shall not send any invoices nor claim payment for any fees or expenses incurred by MCCi until both parties authorize this Order. Sales tax will be invoiced where applicable and is NOT included in the Pricing section.

SUPPLEMENTAL SUPPORT PACKAGES

As Client's first-tier solution provider, MCCi provides multiple options for technical support. Client's annual renewal covers application break/fix support, version downloads, and continued educational resources. MCCi offers supplemental support packages to cover remote training, basic configuration services, and maintenance of existing business processes. MCCi's Managed Support Services (MMSS) or Process Administration Support Services (MPASS & MPASS2) packages are strongly encouraged to be included with every renewal. Supplemental Support Packages are annual subscriptions and pricing is based on the package purchased and an advanced discounted block of hours, which expire on the same date as Client's annual renewal. MMSS pricing for the advanced block of hours is based on MCCi's Support Technician II hourly rate discounted by 10%. MPASS and MPASS2 pricing for the advanced block of hours is based on MCCi's Application Support Analyst hourly rate discounted by 10%.

⁺ Client's Support/Subscription Renewal includes these benefits, regardless of whether a supplemental package is purchased.

* Excludes the development of new integrations, large-scale development projects, and SQL queries. Excludes maintenance of custom-built integrations, or any item not purchased from MCCi.

** **Hours:** MCCi allows clients to use their hours for a multitude of services, if a request will not start a service that cannot be completed with the

hours available. None of the packages listed above are intended to be utilized to configure a new *complex* business process. In those instances, a separate SOW is required.

CLIENT RESPONSIBILITIES (All Packages)

- For self-hosted (applications hosted by Client) solutions: Configuring/maintaining backups and any general network, security, or operating system settings outside of Client's solution.
- Managing application-level security.
- Managing and creating retention policies related to Records Management Module.
- Providing an IT contact (internal or third-party) for MCCi to work with as necessary.
- Providing remote access capabilities as needed. If the Client requests MCCi to have unattended access, the Client assumes all responsibility for the related session(s). The Client will work with MCCi to set up user profiles, user tags, etc. to allow desired security rights/access.
- Creating/providing process diagrams (and any other necessary paperwork/examples).

SUPPLEMENTAL SUPPORT PACKAGE DEFINITIONS

ADDITIONAL REMOTE TRAINING

Additional web-based training is conducted to train new users or as refresher training for existing users.

ADDITIONAL SYSTEM SETTINGS CONSULTATION

MCCi offers additional best practices consultation that includes recommendations for adding additional departments, additional types of indexing, etc.

REMOTE IMPLEMENTATION OF VERSION UPDATES

While Client's renewal includes version updates, implementation of those updates is sometimes overlooked. With the addition of MMSS, MCCi is at Client's service to directly assist with implementing software updates such as minor updates, quick fixes or point releases. Dependent on the complexity and the Client's specific configurations, major software upgrades may or may not be covered and should be discussed with Client's Account Management Team.

ANNUAL SYSTEM REVIEW & ANALYSIS

MCCi will access Client's system to review how Client's organization uses Client's solution, to identify potential issues, and to make recommendations for better use of the system. This analysis may be performed annually and is an optional service that will be completed only if requested by the Client.

LASERFICHE CERTIFICATIONS

Priority offering of complimentary Laserfiche certifications, based on availability.

LASERFICHE CONFERENCE REGISTRATION

Priority offering of complimentary Laserfiche Empower registration, based on availability.

CONFIGURATION AND MAINTENANCE OF BASIC BUSINESS PROCESS

Utilizing Laserfiche Forms and Workflow, MCCi will assist with the configuration and maintenance of *basic* business processes. A basic business process requires minimal configuration and virtually no institutional knowledge of the Client's business process, allowing an MCCi Application Support Analyst to assist with configuration, support, and maintenance of the process. Examples include Filing Workflows, simple Forms, or approval/notification workflows that have few routing steps, no integration, and little to no database lookups.

MAINTENANCE OF MCCi PACKAGED SOLUTION: MCCi will assist with maintenance with a solution MCCi has created for a market that has a specific business process automation use.

CONFIGURATION OF LASERFICHE QUICK FIELDS SESSIONS

Using Client's current Quick Fields modules, MCCi will configure Quick Fields sessions, excluding custom scripting, custom calculations, etc.

BASIC RECORDS MANAGEMENT MODULE OVERVIEW TRAINING

MCCi will provide refresher overview training of the records management module. Initial training cannot be performed under this support level.

ADMINISTRATION CONFIGURATION SERVICES

MCCi will assist with administration configuration services, including setting up users, metadata, security, etc.

DEDICATED LASERFICHE CERTIFIED PROFESSIONAL

While on MCCi's **MMSS** level, Client will have access to MCCi's team of Certified Support Professionals; with **MPASS** and **MPASS2**, Client will have a representative dedicated to Client's organization.

SCHEDULED RECURRING CONSULTATION CALLS

Upon Client's request, Client's **MPASS** representative will schedule recurring calls with Client to discuss Client's current and upcoming projects. This helps us stay on the same page with Client and ensure tasks and project milestones are being completed.

ANNUAL REVIEW OF BUSINESS PROCESS CONFIGURATIONS

MCCi will review Client's business processes to see how Client's organization uses the solution, to identify potential issues, and to make recommendations for better use of the system. This analysis may be performed annually and is an optional service that will be completed only if requested by the Client.

INSTITUTIONAL KNOWLEDGE OF CLIENT SOLUTION

Turnover within Client's organization can happen, and it is important to have a plan. Who will help Client's new solution administrator get up to speed on Client's processes and solutions in place? Leave that to us. MCCi documents Client's specific organization's usage and implemented business processes, integrations, etc., and can assist with the knowledge transfer to the new solution administrator if needed.

MAINTENANCE OF MCCI/CLIENT CONFIGURED COMPLEX BUSINESS PROCESSES

The assigned representative can maintain MCCi or Client configured *complex* business processes. A *complex* business solution is a large business process with an extensive configuration that is mission-critical to the organization. For example, minor tweaks, updates due to upgrades, process improvements, etc. can be requested. For creation of new complex Forms, Workflow, and Transparent Records Management configurations, please discuss a Business Process Configuration Service with Client's Account Executive or Account Manager.

ABILITY TO SCHEDULE AFTER-HOURS UPGRADES

Avoid MCCi's after-hours premium charge for upgrades. MPASS2 clients can schedule these anytime Monday-Friday from 8 am to 10 pm ET and Saturday and Sunday from 12 pm to 4 pm ET.

BASIC JAVASCRIPT, CSS AND CALCULATIONS FOR LASERFICHE FORMS

Excludes complex scripting.

BASIC LASERFICHE WEBLINK/PUBLIC PORTAL CUSTOMIZATION

MCCi will help customize Client's WebLink/Public Portal to meet Client's needs.

THE TRAINING CENTER FOR LASERFICHE*

MCCi's Training Center for Laserfiche annual subscription provides an easy, cost-effective way for all users in Client's organization to access training videos for Laserfiche and ABBYY.

BENEFITS

- 24/7 access to on-demand Laserfiche training videos and other resources
- Reduction in training expenses
- Caters to all skill levels from Basic Users to Advanced System Administrators
- Unlimited access for Client's entire organization
- User determined schedule and pacing
- Reduction in internal support and increased user productivity
- Increased efficiency through improved internal usage/adoption
- Instant/budgeted training available in the case of employee turnover
- Enhance Client's organization's internal Laserfiche training program

**The Training Center subscription gate is based on Laserfiche user counts*

SERVICE LEVEL AGREEMENT (SLA)*

MCCi's SLAs are offered as additional options to Client's annual support/subscription. An SLA offers clients escalated response times depending on the severity of the support issue, as well as other additional benefits. The SLA documentation and pricing is readily available upon request. MCCi currently has two separate SLAs available:

- Infrastructure Hosting
- Application Support (Client Self-Hosted)
- Application Support (Cloud Applications)

**Full SLA document is available upon request*

MCCi ASSUMPTIONS

TECHNICAL SUPPORT

Clients may contact MCCi support via MCCi's Online Support Center, email (support@mccinnovations.com), or telephone 866-942-0464. Support is available Monday through Friday (excluding major holidays) from 8 am to 8 pm Eastern Time.

LIMITED LIABILITY

If the Master Agreement is silent on each Parties' limited liability, liability is limited to the amount of dollars received by MCCi directly associated with this Order.

PRE-EXISTING INTELLECTUAL PROPERTY (IP)

The following products noted below are deemed Pre-existing IP as defined in the Master Agreement and are not considered "Works Made for Hire" and as such all rights, title or interest remains with MCCi. Client shall retain a non-exclusive, royalty-free, world-wide, perpetual license to use the product(s) as such product(s) is integrated into the solution purchased by Client.

- Laserfiche PowerPack by MCCi
- Laserfiche EnerGov Integration by MCCi
- Laserfiche Neogov Integration by MCCi
- GoFiche Suite for Avante/Rio/Subscription
- Common Web Service API for Laserfiche

CLIENT SOLUTION CUSTOMIZATIONS

Client may also choose to customize their system internally without MCCi's help. MCCi is not responsible for any damage caused by the user's customization of the system not performed by MCCi. MCCi will not be held responsible for correcting any problems that may occur from these customizations. Routine updates as provided by software manufacturers may affect any customizations made by entities other than MCCi. If MCCi's help is required to correct/update any customizations made by any entity other than MCCi, appropriate charges will apply.

CLIENT INFORMATION TECHNOLOGY ASSISTANCE

For MCCi to excel in providing the highest level of service, Client must provide timely access to technical resources. Client must provide adequate technical support for all MCCi installation and support services. If Client does not have "in-house" technical support, it is Client's responsibility to make available the appropriate Information Technology resources/consultant when needed.

LASERFICHE ASSUMPTIONS

The following assumptions are current as of the date of order. Manufacturer's terms and conditions are subject to change.

LASERFICHE END USER LICENSE AGREEMENT (EULA)

By accepting this Order, Client acknowledges Laserfiche's EULA and agrees to abide by its terms and absolve MCCi of any Laserfiche product-related liability.

LASERFICHE SOFTWARE SUPPORT PLAN

MCCi acts as first-tier support and works with Laserfiche, who would provide second-tier level support when needed. Laserfiche software support plans are applicable to actively supported perpetual software and are bundled with on-premises Subscription and Cloud systems. All software support plans are on a yearly subscription basis and accompany the applicable software product designed, developed, created, written, owned, or licensed by Laserfiche. On-premises Subscription and Cloud system subscribers are advised to export data from their Laserfiche system prior to cancellation or any other termination.

ACTIVE LASERFICHE SOFTWARE SUPPORT PLAN BENEFITS INCLUDE:

- Easy remote access to MCCi's team of Laserfiche Gold Certified Support Technicians
- Access to new product update versions and hotfixes
- Software credit eligibility for product upgrades, as determined by Laserfiche's then current policy
- Continued access to Client's Laserfiche solution*

** Specific to Laserfiche Cloud and Laserfiche on-premises Subscription licensed Clients*

POLICIES

- To receive periodic product updates for a Laserfiche Software Solution, its associated software support plan must be purchased and maintained throughout the software term.
- All software support plan subscriptions are annual, prepaid and non-refundable
- The annual term start date for new systems is established by Laserfiche at the time MCCi submits an order to Laserfiche on Client's behalf.
- For platform upgrades, software and support credit eligibility is determined by Laserfiche's then current policy. To receive any available software or support credit, Client's support plan must be active (i.e., support plan has not expired)
- For expansion purchases, the applicable service period is prorated to match Client's existing or future service period, which is dependent on Laserfiche's then current policy and the timing of the expansion order vs. the Client's annual service period renewal date (i.e., prorating for less than four months may not be permissible due to the timing of renewal invoicing.)

LATE PAYMENTS

- If payment is not received before Client's renewal date, Client's Laserfiche software support plan expires. Please allow up to five (5) business days after receipt of payment for MCCi to process renewal payment to Laserfiche.
- Impact of Expiration:
- Client will be able to access MCCi Support Technicians for 30 days post expiration. However, if there are support issues that require Laserfiche involvement, these issues cannot be resolved until Client's support is renewed.
- Perpetual software support plan: Access to the Laserfiche support website and Laserfiche technicians will no longer be available until MCCi receives Client's renewal payment and processes payment to Laserfiche.
- Laserfiche on-premises Subscription or Laserfiche Cloud: Access to Client's Laserfiche solution will be turned off after 30 days and Client's access to the Laserfiche support website, and Laserfiche technicians will no longer be

available until MCCi receives Client's renewal payment and processes payment to Laserfiche. Laserfiche on-premises Subscription Clients must reactivate the on-premises Subscription system following payment of the software support plan renewal to ensure uninterrupted usage.

- **Reinstatement Fees:** In order to receive uninterrupted support for perpetual on-premises Laserfiche Software Solutions, Client must maintain a software support plan for the term of the Laserfiche Software Solution. In the event that Client's software support plan is expired for more than 45 days, the plan will need to be reinstated. Reinstatements reset the annual date of the software support plan, and the cost includes one year of the software support plan in addition to the Reinstatement Fee. The Reinstatement Fee is a 10% markup on the lapsed value of the software support plan. The Reinstatement Fee includes the number of days lapsed since your software support plan expired.

INTEGRATIONS

Third-party Laserfiche integrations or utilities may consume one (1) or more Laserfiche user licenses depending on how the vendor designed and coded the integration. These additional licensing needs should be verified by Client and considered in the user licensing purchased.

LASERFICHE SOLUTION PROVIDER OF RECORD

As Client's current Solution Provider of Record, Laserfiche's policy dictates that MCCi is the only Laserfiche Solution Provider that has access to Client's support account, along with the ability to download software licenses and activations, process subscription renewals and initiate additional purchases on Client's behalf. Unless Client decides to cancel Client's contract with MCCi or work with Laserfiche to formally change Client's Laserfiche Solution Provider of Record, future purchases and subscription renewals will be processed and provided by MCCi.

LASERFICHE RIO SHARED SERVICES PROVISIONS

The Host Entity is the owner of the Laserfiche licensing and is registered as such with MCCi and Laserfiche corporate. For Laserfiche corporate licensing rules, there can only be one licensed entity per Laserfiche Rio platform. Licensing is non-transferrable. Additionally, the Host Entity is responsible for cost allocation among the other entities that are utilizing its Laserfiche Rio Platform and for being the main point of contact for support provided through MCCi. The account can only be renewed once all entities have paid for the full LSAP.
