### Sodium Hypochlorite Solution

THIS **Sodium Hypochlorite Solution Supply Agreement** ("Agreement") is entered into by and between the City of Corpus Christi, a Texas home-rule municipal corporation ("City") and Brenntag Southwest, Inc. ("Contractor"), effective upon execution by the City Manager or the City Manager's designee ("City Manager").

WHEREAS, Contractor has agreed to provide Sodium Hypochlorite Solution in accordance with the terms of this Agreement, which is necessary to preserve or protect the public health or safety of the City's residents.

NOW, THEREFORE, City and Contractor agree as follows:

- 1. Scope.** Contractor will provide Sodium Hypochlorite Solution in accordance with the attached Scope of Work, as shown in Attachment A, the content of which is incorporated by reference into this Agreement as if fully set out here in its entirety. "Goods," "products", and "supplies", as used in this Agreement, refer to and have the same meaning.
- 2. Term.** The Term of this Agreement is one year beginning on the date provided in the Notice to Proceed from the Contract Administrator or the City's Procurement Division. The parties may mutually extend the term of this Agreement for up to zero additional zero-year periods ("Option Period(s)"), provided, the parties do so in writing prior to the expiration of the original term or the then-current Option Period.
- 3. Compensation and Payment.** This Agreement is for an amount not to exceed \$7,299,173.00, subject to approved extensions and changes. Payment will be made for goods delivered and accepted by the City within 30 days of acceptance, subject to receipt of an acceptable invoice. Any amount not expended during the initial term or any option period may, at the City's discretion, be allocated for use in the next Option Period.

All pricing must be in accordance with the attached Pricing Schedule, as shown in Attachment B, the content of which is incorporated by reference into this Agreement as if fully set out here in its entirety. Price per ton may be re-negotiated each calendar quarter, expiring on the last day of March, June, September, and December. Any adjustment in price must be agreed to by both parties in writing (by countersigned letter) prior to the end of the calendar quarter. Price changes must be requested by the party seeking to adjust the price in writing at least 30

days prior to the effective date of the change in price. Price increases require documentation of the amount Contractor is charged for the product. Price increases must be proportional to the increase in cost to Contractor. Thus, if the price Contractor pays to the manufacturer increases by 3% during the calendar quarter, then the price charged to the City may also increase by 3%. In no event will the total annual compensation exceed the maximum amount provided in this provision without a properly executed amendment as allowed by Section 13 below.

- 9. Quality/Quantity Adjustments.** Any quantities indicated on Attachment B are estimates only and do not obligate the City to order or accept more than the City's actual requirements nor do the estimates restrict the City from ordering less than its actual needs during the term of the Agreement and including any Option Period. Substitutions and deviations from the City's product requirements or specifications are prohibited without the prior written approval of the Contract Administrator.
- 10. Non-Appropriation.** The continuation of this Agreement after the close of any fiscal year of the City, which fiscal year ends on September 30<sup>th</sup> annually, is subject to appropriations and budget approval specifically covering this Agreement as an expenditure in said budget, and it is within the sole discretion of the City's City
