

AIRPORT CONFERENCES UPDATE

Met with: DFW Network Planner

Discussed: CHI/DFW

Feedback: Happy with DFW. Upgauging not in short term but will keep it on the radar. Will not be resuming HRL-CHI due to performance.

Met with: CRP/HOU Network Planner

Discussed: HOU, DEN, LAS

Feedback: Frequency decrease did not bring as much of a load factor increase as expected. SWA focused on connectivity & red eyes. Appetite for Saturday only flying.

Met with: Airport Affairs

Discussed: LAS/MCO

Feedback: Would like more information on CRP-MCO seasonality.

Met with: Manager, Network Planning

Discussed: DEN

Feedback: Requested to continue the conversation.

Met with: Airport Affairs, Network Planning

Discussed: LAS

Feedback: They are impressed with the progress on decreasing the CPE, but it is still too high.

Met with: Airport relations

Discussed: Intra-Texas

Feedback: Requested to continue the conversation. Very focused on EAS.

Met with: Network Planners

Discussed: Chicago

Feedback: Focused on EAS flying. CRP-CHI stage length is too far for their CRJ100's. Will be growing PHX w/ AA
